## Skinny Skribbles

Around  
And  
About  
Town  
With  
C. F.  
(Skinny)  
SKIRVIN

Us Iowans who have been throwing back our shoulders when it came to leadership of state organizations, will have to lower our chin, as we take fifth place—Illinois, Missouri, New York and Ohio exceeding the tall corn state when it comes to native-born, Iowa still holds its place in attendance at annual picnics. If you do not think so attend the next meeting the last Saturday in this month at Sycamore grove, in Los Angeles. You'll get a healthy approval.

Tad Dunning asks about my health when for a long time I was worrying about his. Maybe it is only a natural exchange of personal interest, and then again maybe Ted wants me to live longer than appearances indicate. Which recalls an incident which I may have mentioned before about the boys in the print shop warning me to "get out" before it was too late, and I've lived long enough to buy flowers for most of them.

Half dozen grapefruit all in one cluster from the Indio district attracts the attention of guests at the Santa Ana hotel. Weight eight pounds and six ounces and Bob, visiting the Riverside county fair, brings 'em in. Bob was down in the Imperial valley to see what he could see and tell 'em something about Orange county. He just can't get over that chamber of commerce spirit of his. He put in many years telling visitors about what California has even other states do not have. He even convinced himself. That's why he has been in these parts for more than a quarter of a century.

Every time congress meets the wind starts to blow.

After listening to the story of the flood as related in Genesis, when it rained forty days and forty nights, a young lad in the Sunday school class remarked: "I wonder if the farmers got enough rain then?"

Friend sends me a list of the affluent salaries paid executives for their services, with appended comment by financial writer that most of the compensation goes to the government. At income taxes, I'm wrong again. I've been under the impression that the relationship between big business and the government was of the Damocles variety. If I had any more, and I did not think any right, of the administration than big business seemingly does, I would get my auditors to put on some sort of a juggling system which would approve of a distribution of that part now going to the government, going to a charity or pension fund organized by the boys in the back shops. But I'm a bum business man and maybe my system wouldn't work. I don't care what explanation is made, the repercussion from the labor side is antagonistic, because labor insists it creates capital. All of which is probably irrelevant and perhaps incompetent, so far as my opinion is concerned.

This is the time of year when walnut trees join the nudist colony.

Dr. J. S. Appleman, of Chicago, and E. M. Hansen, of St. Joseph, are spending some time in Santa Ana. The doctor is an uncle of Rev. O. Scott McFarland and Mr. Hansen a frequent visitor. This is his eleventh trip. Sort of getting the habit. Met 'em both and commended with Hansen about old-timers on the St. Joe Gazette and the News-Press, and I know Scotty so well and favorably that I didn't have to ask about him. Both men are enthusiastic over Santa Ana and Orange county.

Notice where some golfer takes lead in Southern California tournament. Believe I could lead a procession, but it wouldn't be for hitting a golf ball.

"Brick" Gains threatens to start "Brick Dust" column again. That isn't enough. I'm not satisfied with a threat. That boy has got to deliver the goods, and he can. I've been sort of lonesome over (Continued on Page 2, Col. 1)

## Courthouse Showdown Looms

### SNOW, FINLEY TANGLE OVER JOB SWITCH

Call Welfare Head On Board 'Carpet'

A showdown in operation of county offices loomed this afternoon, as Welfare Director Jack W. Snow and Supervisor Steele Finley clashed over changes in personnel in Snow's department.

Whether the supervisor's committee or the department head should control personnel changes was the issue at stake, as Snow asked board approval of the first of a series of rumored changes in a "shakeup" of his department.

He asked the board to approve replacement of Miss Eleanor J. Redmond by Mrs. Josephine L. Jordan as supervising social worker.

"That office has been in a turmoil too much," Finley charged. "I think it's about time it was stabilized."

Finley charged the four other supervisors planned to "gang up" on him and approve Snow's action, thereby giving the director implied permission to control administration of his own office.

"I would oppose this request," (Continued on Page 2, Col. 1)

### COURTS HAVE BUSY DAY

Thirty-six superior court jurors were busy today, hearing three trials as all departments of the court were busy.

A jury in Presiding Judge James L. Allen's court, continued to hear testimony in the \$235 grand theft trial of Bertha Zim, charged with filching money from her employer, the Anaheim law firm of McFadden and Holden.

J. I. Barber was suing Germon Quatacker and Arthur Magdaleno Arroyo for \$15,000 damages in Judge H. G. Ames' court, over an accident last Sept. 8 at Edinger street and Fairview road in which a beet truck driven by Arroyo and owned by Quatacker is alleged to have injured Barber.

A jury in Judge G. K. Scovel's court was hearing a \$15,850 damage suit against Mrs. Clifford McIlvaine of Santa Ana, arising from an accident last Sept. 22 at Bristol and Edinger streets. Fernando Andong, Jr., 2, asks \$10,000 for injuries, and Lupe Avila, Virginia Andong and Fernando Andong, sr., are other plaintiffs.

### U. S.-BRITAIN PACT DENIED

WASHINGTON. (AP)—Secretary Hull in a letter to Senator Pittman (D., Nev.) denied today that the United States had any agreement with Great Britain "relating to war or the possibility of war."

The secretary of state also denied this country is bound by any agreement with any power in connection with operations of the navy.

Pittman, chairman of the senate foreign relations committee, gave the specific answer "no" to three questions which Senator Johnson (R., Calif.) had framed in a resolution offered the senate yesterday.

### Gaming Ship Hulk To Be Blasted

The submerged hulk of a gambling ship that burned off Sunset Beach several years ago no longer will imperil beach bulwarks, the board of supervisors decided today.

The hulk will be blasted and cleaned out of the off-shore waters at county expense, the board agreed, following discussion of a request presented this morning by Al Jenkins and C. A. Bailey, Sunset Beach.

### CONSULTANT HIRED TO PLAN EXAMS

Police, Firemen to Be Classified

With engagement last night by the city council of Mrs. Doris Haney Jones as administrative consultant to the civil service commission, the next step toward placing local firemen and police under the merit system will be classification of the employees.

George Parker, president of the board of civil service, said this morning the cost to the city of starting the system here will run about \$250 to \$300. This will include necessary forms, which are to be furnished by Mrs. Jones together with her services. By utilizing, for the time being, the services of the city attorney and city employees, cost to the city will be reduced.

Parker said this morning no examinations are to be held among the present employees. After the classification plan is underway, however, men in the department wishing promotion may apply for same. It will be necessary for them to take physical and professional tests.

(Continued on Page 2, Col. 3)

### STATE STARTS MIGRANT AID

SAN FRANCISCO. (AP)—The treasury department today began distribution of checks among needy migratory agriculture families in Tulare, Madera and Kern counties.

The checks were drawn from a fund of emergency grants distributed on vouchers approved by the Farm Security administration offices in San Francisco.

Forty-six checks totaling \$1224 were issued for Tulare county; 43 totaling \$1125 for Kern county, and 30 totaling \$791 for Madera county.

### Mayor Boice Would Welcome Trial 'Event'

The trial of Mayor A. Croxton Boice, fiery mayor of Orange, on petty theft charges probably will be held in the city council chambers, but it's fine with the mayor if the court wants to hire the Orange Woman's clubhouse for the event.

"But," warned Boice, "I won't furnish any refreshments."

Charged with taking \$7.80 worth of city gasoline, Mayor Boice entered a plea of not guilty before Justice of the Peace Cal Lester this morning and demanded a jury trial.

Lester's office is too small to accommodate the expected crowd, so the council chambers will be used for the trial, which is expected to turn into a sort of community event. A. P. Nelson of Santa Ana appeared as Mayor Boice's attorney.

### Loses Father

Prince Nicolas, father of the Duke of Kent of England (above), died today in Athens following a month's illness. The prince was an uncle of England's King George II.

ATHENS. (AP)—Prince Nicolas, 66, father of the Duke of Kent of England, died today after a month's illness following hardening of the arteries and kidney trouble.

Nicolas was the youngest brother of the late King Constantine and an uncle of the present King George II.

The Duke and Duchess of Kent were en route to Athens from Munich at the time of his death. King George of Greece was present.

At the time of the Greek royalist coup in 1935, one Paris group of monarchist exiles wanted Nicolas for king, but he deferred to George's restoration.

### 13 Die As Soviet Dirigible Falls

MOSCOW. (AP)—The hope of rescuing Russia's four polar scientists from their drifting ice floe cost 13 lives in the crash of the Soviet dirigible V6, it was disclosed today.

The V6 crashed into a mountain during a snowstorm Sunday in the Kandalaksha region near the White sea while on a trial flight from Moscow to Murmansk and return.

The trip was preparatory to joining the rescue expeditions to aid the four scientists whose impaled line now is about 50 miles off the east coast of Greenland.

Three ice-breaker ships were converging today on the Greenland sea area where the polar scientists are stranded, and a fourth was about to join in the search. The ships had aboard landing planes, variously equipped for open water or with skis for ice landing.

The dirigible crew had asked the government's permission to fly to the rescue of the ice floe explorers if the test flight were successful.

Only three of the crew of 19 escaped unharmed and Captain Gudovantsev, commander, was among the dead.

The dirigible's flight was uneventful from Moscow and Leningrad, and the commander had reported his position at regular intervals until 6:56 p. m. Sunday, when radio communication ceased suddenly.

Unable to get its bearings by radio, the dirigible approached Kem at low altitude, then disappeared in the darkness. Inhabitants of the bleak, sparsely-settled region heard the loud whir of the motors. It ceased suddenly, and rescue parties at once began a search which ended nearly 24 hours later when natives on skis, traveling with reindeer, found the wreckage.

### Violations Galore But Charge Is Reckless Driving

The charge is reckless driving. But back of the charge lies a tale containing all the elements of good fiction. A wild ride, a policeman pushed in the face, a backyard foot race, a three-hour search for the culprit, an abandoned auto...

But the charge is reckless driving. The suspect is Robert Burns Brown, 21-year-old Santa Ana of 408 East Chestnut street.

The complainant is Police Officer John L. Elliste of Orange, who claims Brown did all those things, and mainly to him, last night.

Brown, said Elliste, drove his auto through a boulevard stop on North Shafer street, and when the officers attempted to stop him, fled in his car. Cornered at North Orange and North Grand streets, Elliste says he ordered the youth out of the car for a sobriety test.

Brown's answer, the disgruntled patrolman complained to his chief, was to "push me in the face and run. And how he ran!"

The youth dashed into a backyard nearby, with Elliste and a companion patrolman in hot pursuit. Lights flashed on as neighbors cheered the trio. For three hours the wild footrace continued—but Brown eluded his pursuers and disappeared.

So the patrolman confiscated the car and returned to headquarters vowing vengeance. Today they had it—in a ticket for reckless driving.

"Shucks," said Chief of Police George Franzen today, "nothing was injured but some officer's feelings after all. I guess reckless driving is enough."

### HOUSING NOT TO EFFECT

Lumber prices in Santa Ana will not be reduced to stimulate building under liberalized provisions of the federal housing act, local dealers said today, despite price reductions of from 10 to 15 per cent announced elsewhere.

Dealers here claim Santa Ana prices are on a parity with those prevailing throughout the Los Angeles area.

Plans of dealers in points as far north as Santa Barbara call for putting the Los Angeles lumber price schedule into effect regardless of freight costs. Dealers will absorb freight differentials themselves in hopes of spurring lagging building activity.

### TOWNSEND SAYS 'I'LL TAKE IT'

ROSEBURG, Ore. (AP)—Dr. Francis E. Townsend, old age pension advocate, told a Roseburg audience last night he would "take my medicine" and serve a 30-day jail sentence for contempt of the house of representatives.

Elisha Hanson, his attorney, had been quoted as saying in Washington that the supreme court would be asked to review a decision of the District of Columbia court of appeals affirming Dr. Townsend's conviction.

Gordon Ware, national representative of the Townsend organization in Oregon, said here that "Dr. Townsend feels he can do the pension movement more good by going to jail for 30 days and keeping his typewriter busy."

Townsend was indicted after he walked out of a congressional committee hearing involving his pension organization.

PICKETS BEWARE  
WASHINGTON. (AP)—The house has sent to the White House a bill to forbid unlicensed picketing of foreign embassies and legations here.

### TRIAL SET IN MARCH FOR HOWARD

Police Chief to Face Lottery Accusations

Chief of Police Floyd Howard will go on trial March 22, in Federal Judge G. W. Cosgrave's court, on charges of conspiring to violate U. S. customs laws in connection with a proposed Santa Ana sweepstakes lottery two years ago.

With him will be tried five co-defendants, four of whom are from Orange county. They include Ernest N. Winbiger, Howard's brother-in-law; C. W. Hutchings, Balboa; Ernest McKague, Santa Ana, and Charles R. Ross.

Another defendant, Edward Fen-ton Hayes of Huntington Park, has pleaded guilty to the charges, returned in a federal grand jury indictment a month ago, and will be sentenced April 3 by Judge Cosgrave.

Howard and the others appeared before Judge Cosgrave yesterday to hear the date for their trial set. Defense pleas for a postponement until a later date were denied by the judge, who ordered the trial to proceed as soon as possible.

The men face possible prison terms of two years or heavy fines in the event of conviction. They are at liberty under \$2000 bail each. Five other defendants named in the original indictments have not been apprehended.

### BOOKS LOANED TO HUNTINGTON

A dusty set of law books, uncovered in a second-hand store in Los Angeles and found to be valuable historical documents, was loaned today by the county law library to the Henry E. Huntington library at San Marino.

The books were a gift of Rush Blodgett, Los Angeles attorney and brother of City Atty. Lew Blodgett of Santa Ana, to the local law library in the courthouse.

Horace Head, attorney and trustee of the law library, got supervisors to approve the loan today. Title to the books, called California Land Titles, will remain in the county.

The set is a collection of briefs and pamphlets on hearings just following the Mexican war to determine validity of Spanish land grants in California.

### Courthouse Chain Asked Removed

Claiming a chain across the driveway to the courthouse annex was obstructing traffic in the fire department in case of fire in the big frame building, Santa Ana Fire Chief John Luxembourg today asked the board of supervisors to remove the chain.

The board tentatively agreed to replace the chain with two removable wooden posts.

### Dummies to Aid Lifeguard Tests

SANTA MONICA, Calif. (AP)—The boys who try out for lifeguard jobs this year will have to rescue a weighted dummy instead of a friend from the surf.

"We suspected that the friends used to do a little surreptitious kicking with the feet to help out," said Capt. George Watkins.

### HOLDUPS IN 4TH ROBBERY IN 3 DAYS

Service Station Man Slugged With Gun

Struck over the head with the butt of a revolver and robbed of \$25 shortly before midnight, Ed Sullosky, attendant at a Manchester boulevard service station, last night became the fourth Orange county robbery victim in less than three days. Officers throughout the county still were frantically checking "hot tips" on three other holdups that netted nearly \$1700 since Saturday when the fourth robbery was committed at 11:45 p. m. last night.

Sullosky, operating Elmer Smith's station just north of Lincoln avenue on Manchester boulevard, had just finished serving his assailant's car when the robber struck and dashed him, then helped himself to \$25 in the cash drawer and drove away before the attendant had recovered his senses.

The robber—who officers believe may have helped commit a similar holdup at Newport Beach Saturday night—was described as 24 years of age, about 5 feet 10 inches in height and weighing 145 pounds. He was wearing dark glasses and a dark suit.

The Newport Beach robbery was committed by two youths, one of which answered the same description. They netted \$30 at (Continued on Page 2, Col. 2)

### TOKYO ARMS FOR RUSSIA

TOKYO. (AP)—War Minister General Gen Sugiyama told a Japanese diet (parliament) budget subcommittee today that "world conditions" necessitate expansion of Japan's armament.

He referred specifically to Soviet Russia.

"Armament must be considered from the standpoint of conditions surrounding the empire," the war minister declared.

"The Soviet Union has been absorbed in expanding armament year after year. It is my opinion that conditions force the empire (Japan) to expand our armament also."

General Sugiyama said Soviet Russia has 400 airplanes in the Far East, "the majority of them in the maritime provinces."

Newspapers frequently have published estimates of the strength of Russia's air force, but this was the first official pronouncement.

Asked by a diet member whether Japan's air force were adequate, Sugiyama said Nippon was bolstering her military air strength through the development of a civil aviation program.

### LEACH TO ASK COMPENSATION

Hunter Leach, police detective sergeant who was either injured or became ill while returning a prisoner from Arizona last year, will go before the state industrial accident commission Feb. 23 with his demand for compensation.

The commission today had set that date for hearing Leach's claim, to be presented by Attorney Charles Swanner.

Leach became ill after he returned from bringing John J. Madden, 25, back for trial on bad check charges. He first believed Madden had slugged him, but investigation so far has failed to reveal sufficient evidence to support an assault charge. Madden now is awaiting a probation hearing Friday.

### Girl Reporter Quizzes Tots

You, too were once a dewey-eyed newcomer, bald and toothless. And if a reporter called around for an interview, your mother and dad were delighted. One of The Journal's young lady reporters has been calling on some of Santa Ana's newest babies. She tells about it on Page 8 today.

## Bumper Orange Crop Faces Pessimistic Outlook

Faced with the twin bugaboos of the greatest orange crop in the history of the industry and a sharp business recession, Orange county citrus growers today admitted today the 1938 outlook is "not very optimistic."

"We are hopeful," the Orange County Fruit Exchange said, "that general business conditions will improve and buying power may show an increase as the season progresses."

"At the present time unemployment is quite widespread, and this is having some effect on both volume and price of citrus fruits. Some economists, however, believe that these conditions could change for the better in a rather short period of time, depending on how quickly confidence can be restored. These experts feel that this position is reasonable, due to the fact that there is not a surplus of commodities on hand."

"It is certain that if the grower is to receive only a fair return for

the large crop that is now on the trees the general purchasing power will have to show some improvement."

Government forecasts, the report said, point to the greatest crop of oranges ever produced, amounting to 155,834 cars of fruit.

The 12 associations affiliated with the exchange sent to market last year 4919 packed cars and 341 loose cars of all varieties, Manager Clarence Skiles said.

Gross returns to growers were

\$10,817,000. Deductions for delivery charges, labor, harvesting, overhead and packing house expenses made the net return \$4,265,000, approximately 10 per cent of the present valuation on 23,000 acres of citrus covered by associations in this district. From this amount approximately 2000 growers and their families deducted living expenses.

Estimates point to a probable California Fruit Growers Exchange crop of 20,000 carloads of

lemons this season, indicating a probable surplus to be handled through the Exchange lemon products company.

Total storage for the California Fruit Growers Exchange as of Feb. 1 shows an increase of 370 cars more than the storage of Jan. 15—135 cars more than average Feb. 1 storage during the past five years.

Storage lemons amount to 57 cars, compared to 32 cars in storage on Feb. 1 last year.

Storage lemons amount to 57 cars, compared to 32 cars in storage on Feb. 1 last year.

Storage lemons amount to 57 cars, compared to 32 cars in storage on Feb. 1 last year.

Storage lemons amount to 57 cars, compared to 32 cars in storage on Feb. 1 last year.

Storage lemons amount to 57 cars, compared to 32 cars in storage on Feb. 1 last year.

# Doctors Attack Practices At L. A. County Hospital

## DISREGARD OF LAWS IS CHARGED

L. A. Doctors Hit Billing for Indigents

LOS ANGELES. (AP)—Operation of the Los Angeles General hospital, reputedly the largest institution of its kind anywhere, was attacked today by Dr. George H. Kress, president of the Los Angeles County Medical association, as being "flagrant disregard" for state laws.

Dr. Kress was particularly irked by the practice of the General hospital officials in billing all patients, indigent and otherwise.

Efforts have been made, Dr. Kress charged, to have the patients given liens on insurance and property "in the future to be acquired." He pointed out that more than 500 physicians, surgeons and specialists give their services to patients of the hospital without cost.

That charges by the hospital are excessive is one of the contentions of Dr. Kress. He said that one family was billed \$216.40 for a 12-day stay by a mother and a newborn child at the hospital, \$136.80 of which was for use of the operating room during a Caesarian section. Operating room costs for a similar operation in a private hospital were only \$12.50, Dr. Kress declared.

"It would appear that about 90 per cent of the statements given former patients might be termed 'bureaucratic bookkeeping,'" said Dr. Kress, stating that while \$3,509,765 worth of bills were sent out by the county last year, only \$306,974 was collected.

Everett Gray, superintendent of the hospital, replying to Dr. Kress' charges, said the law "requires that the charges billed to county hospital patients be according to the type of service received and include a pro-rata share of such fixed overhead as depreciation, interest and insurance."

## SKINNY SKRIBBLES

(Continued from Page 1)

since his county page column disappeared, and if the boys who talk to me are telling me the truth, so have his rural friends. "Brick" poked their ribs and their ribs poked him. If you were out of sorts he could make you feel better. You fellows who have told me you missed his daily column should tell him. He won't believe anything I say.

There is one similarity between Southern California and other parts of the country. When it rains the rancher "goes to town."

Observed Harry Cwings going down the street with a few books under his arm, which reminded me of hymn books, which also reminded me that a few evenings ago I was searching for an old hymn book on the fly leaf of some old books I did not find the hymn I wanted, but I did find the name of the owner of the book. Which also reminded me of the time when it was a custom to take the hymn book home with you until there wasn't enough hymn books left for the congregation, but they don't do that any more. Or do they?

Often the best items I get are the ones I cannot use. Not that they are unprintable, but it just isn't the ethical time to release them. However, I do not permit to keep anything out of the paper. I haven't that authority. So please keep away from my door.

Another storm coming down from the north, according to predictions, but the Tehachapi has played the dickens with a lot of predictions.

## NEW COUNTY FIGHT LOOMS

(Continued from Page 1)

said the Santa Ana supervisor. "But I am unofficially informed that it would do no good for me to say anything—that the other four members of the board of supervisors would not follow my recommendation of mine, and that they intend to let Snow do as he pleases. If that is the case, it is unnecessary for me to say anything."

Finley's motion that the change be denied was not seconded.

Action on Snow's request was postponed to this afternoon on demand of Supervisor Harry Riley, who recommended that Snow be brought in to "explain this situation."

Dist. Atty. W. F. Menton said the switch, which Miss Redmond would take Mrs. Jordan's \$110 a month job and Mrs. Jordan would get Miss Redmond's \$140 position, could not become effective or affect salaries until approved by the board. Snow, he added, could divide the work of his department as he saw fit, provided no salary changes were involved.

**DROP FLIGHT PLAN**  
ADANA, Turkey. (AP)—Flying Officer A. E. Clouston and Victor Ricketts have abandoned their attempt to establish a new round trip air record between England and New Zealand. Their plane was damaged on landing here Sunday on the first leg of their flight.

## Gleaner

Gov. Frank F. Merriam's campaign for re-election will be handled in Southern California by E. V. Latham, Alhambra, for the past three sessions a member of the California assembly, and long a prominent Republican. Latham (above) opened Merriam headquarters today in room 843, Rowan building, Los Angeles.

## RANCHER GETS MORE GRIEF

Charged with driving while his license was suspended, a new complaint was filed against H. P. Berger, 40, Anaheim rancher, today as the result of an auto accident Sunday which already had resulted in drunk driving and hit-run counts against him.

The third complaint, signed by Highway Patrolman Horace Inge, was filed this morning in Anaheim justice court. It was based on records showing Berger was convicted of drunk driving March 16, 1936 and Feb. 13, 1937, in addition to a reckless driving conviction Aug. 18, 1936. All three offenses allegedly occurred in Anaheim.

## 4TH HOLDUP IN 3 DAYS

(Continued from Page 1)

Reed's service station, then fled on foot. Sulkosky told Deputy Sheriff Fred Swayze his assailant was driving a dark-colored 1932 or 1933 model sedan. He said the man's weapon apparently was a long-barreled .38 caliber revolver. Fullerton and Anaheim police, meanwhile, were still working on several clues they believe may lead to the arrest of robbers who held up a Fullerton hotel yesterday and eight participants of an Anaheim car game Saturday night.

Last night's holdup brought the number of unsolved robberies in the county since the first of the year to six, with total loot amounting to \$2173. They include a \$380 robbery of the Buena Park Southern County bank on Jan. 20, a \$70 holdup of a bartender at the 203 cafe in Santa Ana Feb. 1, last Saturday's \$1620 robbery in Anaheim, Sunday's \$40 one in Newport Beach and yesterday morning's Fullerton hotel robbery which netted \$38.

## Battle Breaks Up Court Trial

LOS ANGELES. (AP)—"She spat in my face," said Lawrence Allen, "He hit me without reason," added Mrs. Hattie Brown. And for a brief moment, a court hearing in connection with the disappearance of J. A. (Foghorn) Murphy's radio equipment, languished while balliffs quelled the altercation.

Allen had been summoned as a witness and Mrs. Brown was a spectator.

Murphy is seeking to have eight men held in contempt of court for allowing his radio apparatus to vanish from the custody of the court.

## Farm Bureau Hears Land Tax Talk

Land taxes that bear a large proportion of the increased load in state relief and old age security cases were discussed by Dr. Von T. Ellsworth of Berkeley at an informal meeting of the Orange county farm bureau's tax committee at farm bureau headquarters yesterday.

The meeting followed a legislative committee session during which Dr. Ellsworth outlined proposed agricultural legislation to be presented to the state legislature this year.

## Whitnall Granted Fee by Council

Gordon Whitnall, newly-appointed city planning consultant, will receive a fee of \$125, it was agreed last night by the city council, for attending two meetings monthly in conference with the planning commission.

On one of these occasions he will be in this community an entire day offering his services. At times when it is advisable for additional work from Consultant Whitnall, the city agrees to pay him \$25 daily.

## OPTOMETRY MEET HEARS SPEAKERS

With Dr. E. F. Richardson, president of the California Association of Optometry, and Dr. Harry Goodman, member of the state optometry board as guests, the Orange County Optometry association met last night in Santa Ana.

Speakers were Drs. Richardson and Goodman, who discussed the optometry college in Berkeley, and various post-graduate courses now available throughout the state.

Members present include Drs. K. A. Loersch, A. K. Loersch, George Kryhl, Harry Kendall, R. D. Waters, Ralph Murane, Roy Horton and F. K. Haber, Santa Ana; E. H. Smith, Francis Smith and E. D. Patterson, Orange; C. O. Patterson and Homer Nelson, Anaheim; George McClelland and H. Sandberg, Fullerton, and Homer Holzgrafe, La Habra.

## CIVIL SERVICE ORGANIZED

(Continued from Page 1)

sional tests before they are eligible for better positions, and those persons with the highest standings will gain first consideration. OUTSIDERS FOR TESTS

It was held by Parker the board will select individuals from other communities to conduct such tests to guarantee the procedure is conducted in an unbiased fashion. From the standpoint of economy, however, the heads of the various departments with the assistance of local junior college professors could be obtained in examining applicants for promotion, Parker said.

After the system has been operating about a year, Parker said one set of examinations a year may adequately take care of new applicants and promotions. In pointing out how examinations are carried on in other communities, Parker said Alhambra conducts civil service tests twice a year, while Maywood with a smaller system, conducts but one. Consultant Jones was obtained by the local commission after careful consideration, Parker said, adding that she is in charge of the civil service work at Santa Monica and recently installed the merit system at Beverly Hills.

## Car Driver Blamed For Own Death

Antonio Roa, 32-year-old La Habra garbage truck driver, died last Friday night because he did not heed the warning whistle of a Pacific Electric car, a coroner's jury held yesterday at an inquest in McAlay and Suters funeral chapel.

The jury exonerated members of the train crew. Mortimer A. A. Blich of Huntington Park and Conductor K. E. Leonard of Van Nuys—of all criminal responsibility for Roa's death.

## School Girls Held for Thefts

LOS ANGELES. (AP)—An amazing crime career of 10 burglaries was attributed to two girls, 14 and 15 years of age, by sheriff's deputies today. The girls, students at a junior high school, had hidden \$10,000 worth of jewelry in their homes without the knowledge of their parents, the deputies said.

Money taken in the burglaries was spent on horseback rides and skating, the deputies were told. The girls' names were withheld.

## Pope Grants Plea For Radio Mass

VATICAN CITY. (AP)—The Vatican News Service said today Pope Pius had granted permission for a radio mass to be broadcast every Sunday from Salamanca, headquarters city of insurgent Spain, for Catholics in government Spain. The permission was asked for by prelates in insurgent territory who had no other means of hearing mass.

## Attorney Dies After Client Row

DETROIT. (AP)—August J. Hartman, 49, attorney, shot by a client who had brooded over a "rotten deal" in a divorce case, died of his wounds last night in an oxygen tent.

A few hours after the shooting in Hartman's downtown office last Thursday, Geza Janek, 50, surrendered to police and confessed, authorities said, to firing at the attorney.

## Secretary Halts Stork Rumors For Duchess

VERSAILLES, France. (AP)—Thomas H. Carter, secretary of the Duke of Windsor, issued the following statement today in response to a question by the Associated Press regarding French reports of the prospective birth of a child to the Duke of Windsor. "This rumor was denied some time ago. There is nothing further to add."

## CONTINUE ATTACK ON WRIGHT TALE

LOS ANGELES. (AP)—The state continued today its fight to present to a superior court jury a picture entirely different from the defense portrait of Paul A. Wright as a loving, faithful and self-sacrificing husband.

Drawing its rebuttal testimony to a close, the prosecution called upon Mrs. J. E. McBride of Detroit, Mich., to resume her story of the Wright's marital life, as she knew it.

Mrs. McBride is the mother of Evelyn Wright, shot to death by her husband. John Kimmel was killed at the same time.

The state charges that Wright slew them deliberately and consciously. The defense has sought to show that when Wright, ex-airport manager, came upon the couple in an embrace in his home the sight so upset him that his mind went blank and he was not aware of his actions.

Contradicting defense testimony, Mrs. McBride testified that Wright told her he had undergone a sterilization operation to avoid the responsibilities of parenthood. "I don't want any more family," she quoted him as telling her. "Helen (the Wright's young daughter) is enough to take care of."

Jerry Giesler, defense attorney, has introduced testimony that Wright had the operation to save his wife, who was ill, from the hazards of bearing another child.

## DEMOCRAT CRASHES G. O. P.

One of those wolves in sheep's clothing played mob with the Republican meeting in Tustin last night.

Imagine Col. M. B. Wellington's consternation, when looking over the 75 faithful from his post on the speakers' platform, he discovered H. E. Pankey, of Panorama Heights seated in the crowd. "That man," said Wellington today, "snuck in somehow. I suspect shenanigans."

However, Pankey, who is a good Democrat, may just have gotten his dates mixed. Anyway, as the Colonel said, no state secrets were disclosed, and besides the meeting was probably good for Mr. Pankey.

## 3 MEN, 2 WOMEN CRASH VICTIMS

SALT LAKE CITY. (AP)—Twisted bodies of three men and two women, killed when their car collided with a train near here, were taken to morgues today for identification by relatives.

Police tentatively identified the victims as: Lewis Criddle, 34, believed to have been the driver; Fred W. Criddle, 38, his brother; Mrs. Virgie Hess Criddle, 30, wife of Lewis Criddle; Mrs. Genevieve Criddle, wife of Fred Criddle; and Roy W. Johnson, 48, all of the near-by smelter town of Garfield.

An eye-witness of the accident told officers he believed a baby was in the automobile.

## \$1000 Bills for Every 288 in Orange County

Very few Santa Anans meet their obligations with \$1000 bills, local bankers will tell you. But, according to figures released by the U. S. treasury today there should be one \$1000 bill for every 288 persons in Orange county.

And this is considerably above the nation's average. Most denominations of currency declined in circulation last year, but the "grands" increased \$23,000,000 worth to \$288,000,000. That's a \$1000 bill for every 450 persons in the country—and one for every 288 persons in the county.

In Santa Ana the \$20 bill ranks in popularity just ahead of the \$100 bill and the \$2 bill—yet nationally the \$20 slip of paper suffered the worst slump in usage of them all. They dropped \$26,000,000, although there still is \$1,475,000,000 worth around somewhere.

## Bill Introduced To Extend Credit

WASHINGTON. (AP)—Senator Glass (D., Va.) has introduced a bill to extend from June 16, 1933, to June 16, 1939, the period in which loans made prior to June 16, 1933, by the federal reserve system's member banks to executive officers may be renewed or extended.

**GREEN CENSORED**  
NEW YORK. (AP)—Philip Murray, chairman of the CIO's steel workers' organizing committee, today described William Green's actions in relation to labor unity as "asinine and perfectly stupid."

## TAXI PERMITS

City council last night granted taxi permits to Andrew Truman Clevinger and Clayton E. McKee.

## Film Papa

Louis Lumiere, considered father of motion pictures in France, recently took part in ceremonies honoring deceased cinematographers near Paris.

## JAYSEE TAKES NEW MEMBERS

Installation of new cabinet members to the Women's Athletic association at Santa Ana Junior college was held yesterday at a special noon meeting.

Those who accepted the duties of second semester leadership included Irene McFarland, president; Mary Ann Low, vice-president; Betty Neff, secretary; Irene Noble, treasurer; Ruth Lehnhardt, hockey manager; and Thelma Marks, badminton manager. Appointment of tennis manager was announced. Retiring cabinet members were Helen Lowe, president; Anne Wetherell, vice-president; Mary Henderson, secretary; Roberta Nichols, treasurer; Mary Ann Low, basketball manager; Irene Noble, tennis manager, and Ruth Lehnhardt, hockey manager.

Thelma Marks, badminton manager, announced that this Thursday Compton Junior college will play first and second doubles and singles with the local Jaysee women at a badminton tournament which will be held at the gym.

Scheduled for February 26, Santa Ana will be hostess at the annual hockey and tennis playday which will represent all the junior colleges in the league.

Women students reporting for hockey practice every Monday afternoon are: Jean Russick, Helen Lowe, Irene McFarland, Mary Henderson, Anita Force, Ruth Lehnhardt, Irene Noble, Marjorie Brown, Thelma Marks, Mary Ann Low, Peggy Paxton, and Elaine McReynolds.

## Mortgage Firm Sues on Judgment

Suing on a \$20,508.95 judgment against the Hewes Ranch company obtained by the First National bank of Santa Ana in 1933, the Santa Ana Mortgage and Investment company filed suit again today in superior court to collect the sum.

The mortgage company, its complaint alleges, has had the judgment transferred to it by the bank. Besides the principal, the suit asks 7 per cent interest from March 25, 1933.

## Mother of Local Woman Is Dead

W. W. Mather discussed "Church and State in World Affairs" at the Adult Education Forum last night at the Spurgeon auditorium. He said:

"Although the problem is as old as history it is also as new as yesterday. Especially in totalitarian states such as Germany, Italy and Russia effort is being made to transfer personal loyalty from the church to the nation."

"Many tendencies in modern life," he continued "make for a weakening of the church's influence and increasing secularization of modern living. Increase in social service by state and municipal authorities; weakening of family ties; and the observance of Christian festivals such as Easter and Christmas of community organizations rather than by church organizations were cited as evidences toward the secularization of modern life.

Mather returns next Monday for discussion of the great movements toward peace and other fundamental objectives.

His talk will be "Good Will Incorporated."

## Senator's Son Freed of Charge

LOS ANGELES. (AP)—Ross Bernard Piles, 45, son of former United States Senator Samuel H. Piles, today was freed of manslaughter charges which had been brought against him more than 12 years after a traffic death in which he allegedly was involved in Seattle, Wash.

A fugitive warrant against Piles, now a Hollywood insurance executive, was dismissed by Municipal Judge Leroy Dawson after a brief hearing. Judge Dawson directed the dismissal after Piles' attorney informed the court that Gov. Clarence Martin of Washington last Friday refused to extradite Piles' extradition.

## CHINESE MAY LOSE HOLD ON LINES

SHANGHAI. (AP)—Japanese columns thrust into new battle areas today in apparently coordinated drives to render futile the desperate resistance of China's main armies along the vital Lunghai railway.

The new attacks threatened main communications between some 400,000 Chinese troops fighting savagely to hold the Japanese back from Suchow and their bases in the heart of China.

They were aimed from southeast and northwest toward Kweitch, 90 miles west of Suchow, and, according to Japanese dispatches, threatened to compel a general Chinese retreat westward through the 180-mile-wide corridor still held by the Chinese along the Lunghai.

Suchow is the junction point of the Lunghai and the north-south Tientsin-Pukow railway, nerve center of Eastern Central China. Generalissimo Chiang Kai-shek, according to Chinese reports, was in personal command of the Chinese armies holding long prepared defense lines protecting Suchow from the north and south.

Main Japanese forces apparently were held stubbornly along the Hwai river, which they reached last week with the capture of Pengpu, 90 miles south of Suchow. But a column which crossed the river west of Pengpu and captured Hwaiyuan was reported swinging still further northward for an advance up the Kwo river valley.

## MASQUERS ELECT TWO

Miss Elizabeth Heil and Norman Watson, Santa Ana seniors at Pomona college, were honored this week by their election to Masquers, honorary campus drama group, the college announced today.

Miss Heil won the honor on the basis of her work as chairman of properties for all college drama productions and this year last. Watson has been active in several all-college productions, and studied a year at Pasadena Community Playhouse and in New York.

Miss Heil lives at 915 Spurgeon street, and Watson at Route 1, box 92.

## BLAME COUNTY IN CAR INJURIES

A San Francisco-San Diego taxicab ride inflicted \$5200 worth of injuries on Rose Andrade, San Francisco, she claimed today. But she blamed the county of Orange, not the taxicab, for her injuries.

A claim presented to the board of supervisors this morning alleged an unmarked open gutter just south of Tustin caused the "cab" to get enough to throw her into the front seat, break her ankle and cause other injuries.

## Council Withholds Building Request

M. B. Smith's application for erecting a two-story storeroom and apartment building at Fifth and Bristol was withheld by the city council last night because he wants to erect a stucco structure rather than one built of masonry. The petition asking permission to erect the building was signed by a number of property holders on Fifth street, including Edith R. Scott, Charles Miller, Emily M. Miller, Ernest Layton, E. E. Wild, Emma Trueblood and J. W. McNutt.

## Gas Firm Granted License Renewal

The Southern Counties Gas company was granted renewal of its franchise in Santa Ana for an indeterminate period last night by the city council.

For this privilege the company agreed to pay a tax to the city at the rate of 2 per cent on its gross annual receipts. Another clause in the contract states under no consideration would the payment be lower than 1 per cent.

## Record Realty Deal Lost to Lambert

W. T. Lambert holds the world's record for having consummated the smallest real estate deal in all history—he bought one eighth of a piece of property in Colorado in 1891.

But it isn't our Bill Lambert. The county auditor has never been in Colorado.

The record-holder was listed today in Ripley's "Believe It Or Not" column.

## Night Classes Open Tomorrow

First of the church night classes at the First Methodist church will be held tomorrow night. A class conducted by Mrs. Merritt White not previously announced will review books. The review for tomorrow night will be "Katrina," by Sally Salminen.

## Strategists

Our island possession of the Philippines recently staged its own war games. The above two officers mapped the strategical moves.

## ROSS KIDNAP TRIAL DELAYED

CHICAGO. (AP)—Arraignment and plea of John Henry Seadund, charged with kidnaping Charles S. Ross, was postponed until Feb. 28 by Federal Judge John P. Barnes today. The trial was set tentatively for March 21.

The court's decision came after Floyd E. Thompson and Frederic Burnham, appointed to defend Seadund, filed a motion asking for a delay because of the pressure of their other work.

## VICE PROBE FUND FIGHT DEVELOPS

LOS ANGELES. (AP)—Two assembly committees with but a single thought—investigation of Los Angeles graft and vice—rowed today over expenses.

Speaker William Moseley Jones, whose coordinating committee has \$6000 to spend, said Chairman Rodney Turner of the morals committee had asked for \$3000 of the sum.

Jones' reply was, "Send us a bill later and we'll approve it."

Undaunted, Turner announced his committee, with the \$500 it already has, would hold a hearing today independent of Jones' group. "We have plenty of important witnesses," he said.

Turner also made plans to appoint subcommittees to conduct a statewide probe.

Authority of Jones' and Turner's committees to call witnesses was challenged yesterday by an attorney, George W. Rochester, several of whose clients refused to appear on his advice.

## Supervisors Okay Public Land Sale

Public sale of a .55-acre piece of tax-delinquent property on the south city limits of Santa Ana was authorized today by the board of supervisors.

Tax Collector J. C. Lamb got permission for the public sale, remarking that there had been some criticism of private sales of similar property. Horace Stevens, he said, already has bid \$175 for the property.

## Redondo Church Landmark Burns

REDONDO BEACH. (AP)—Damage estimated at \$10,000 resulted from a fire in the First Christian church, one of this city's landmarks, last night.

A broken gas line in the church's kitchen was believed to have started the conflagration.

*"Long distance" telephone call makes the very nicest Valentine!*

How exciting it is—to hear someone a long way off saying "Hello"! What fun it is to be that someone! Why not speak your message this Valentine's Day? It's the personal way of communicating with somebody out of town.

The attractive rates are even lower to most Long Distance points after 7 p. m. These NIGHT rates (to 4:30 a. m.) also apply all day Sundays.

**Deaths**  
BOSWORTH—Shirley Ann Bosworth, infant daughter of Mr. and Mrs. Howard Bosworth, died Feb. 7 in Santa Ana. She is survived by her sisters, Marjorie, Ruth and Helen. Private services were to be held at 4 p. m. today from the Brown and Wagner Colonial chapel, with the Rev. Louis L. White officiating, interment following in the family plot in Westminster Memorial Park cemetery.

ROBINSON—Herman Robinson, 61, died at his residence in Costa Mesa Feb. 8. He is survived by a stepdaughter, Mrs. E. P. Zinn of Costa Mesa. Announcement of funeral services will be made later by Brown and Wagner.

STARKEY—Jessie Bell Starkey, 56, died Feb. 8 at her home, 155 North Lemon street, Orange. She is survived by her husband, Albert M. Starkey; a son, Leroy A. Starkey; and a daughter, Mrs. Elma E. Moore, both of Los Angeles; a sister, Mrs. Stella Robinson of Bakersfield and a brother, William Hall of Fullerton; and by seven grandchildren. Funeral services will be held Thursday at 4 p. m. from the Smith and Tullish chapel with the Rev. Glenda A. Smith officiating.

**Funeral Notice**  
MORGAN—Funeral services for Elmer Heshiah Morgan, who died Feb. 7 at his home on Stanford avenue, Garden Grove, will be held at 3:30 p. m. tomorrow from the Brown and Wagner Colonial chapel, with the Rev. Harry Evan Owens officiating. Interment will be in Westminster Memorial Park cemetery.

VILLELLA—Funeral services for Mrs. Fern Evelyn Villella, 41, of 1050 W. Beach will be held Thursday at 2 p. m. from the Gilgoly Funeral chapel in Orange, with the Rev. Arthur D. Holton of Orange officiating. Interment will be in Melrose Abbey.

## Meat Packer To Fight Inspection Charges

## BETSCHART UP BEFORE COURT

**Declares Big Meat Firms 'Out to Get Him'**

J. F. Betschart, militant Talbert meat packer, prepared today to face a Huntington Beach justice court jury and fight charges he violated state meat inspection laws.

Betschart, who claims the "big packers" are out to get him, goes on trial at 10 a. m. tomorrow before Justice of the Peace Chris Pann.

The packer, who launched a bitter fight with county supervisors over his construction of a new packing house which officials said was too close to the highway line, was arrested last month on the state charge. State inspectors filed the complaint, charging Betschart failed to have his meat inspected during slaughtering, as required by state law.

Deputy Dist. Atty. Warren Schutts is prosecuting. Betschart's slaughtering license was revoked last year until such time as his Talbert building was improved, and he conducted a retail business from that plant. In January, however, he began slaughtering again after notifying state officials he intended to resume operations. He claims his trial is a "test case" to determine validity of the state law requiring inspection by a state man.

## CRASH INJURES WOMAN DRIVER

Mrs. Robert Alexander, 223 South Bristol street, was injured when her husband's car turned over after running off Trabuco road at Los Alisos yesterday afternoon. Alexander was unhurt.

Condition of Mrs. Mary Boothe, 66, 312 Apolena street, Balboa Island, meanwhile, continued to improve slightly, despite critical injuries sustained when a car driven by her son, Lawrence M. Boothe, 32, Balboa Island, turned over at Chapman and Euclid avenues north of Garden Grove Sunday afternoon.

Mrs. Boothe's condition was described as still serious by Orange County hospital attendants.

## WINDSORS TAKE NEW QUARTERS

VERSAILLES, France. (AP)—The Duke and Duchess of Windsor have moved out of a Paris hotel and into the redecorated Chateau De La Maye with a retinue of servants and a truckload of baggage.

The former British monarch and his American-born wife were said to have leased the chateau for six months, making it their first real home since their marriage last June.

## Women Set Join Meeting

A joint meeting of the Orange County Business and Professional Women's clubs will be held in this city February 25, in the Educational building of the First Christian church starting at 6:30 p. m. with a dinner.

This will be a guest night with husbands and friends invited for the dinner and program, it was announced by Mrs. Laura McNaught, president. Reservations must be made in advance with Helen Gallagher, phone 2622. County President Mrs. Joseph Peterson will be in charge of the affair.

Dr. John Brown Mason, political science instructor at Santa Ana Junior college, will speak during the evening on some phase of international relations.

## Dr. Knopf Speaks At Church Tonight

Dr. Karl Knopf, dean of religion at U. S. C. speaks at a church night dinner meeting at the First Methodist church of Orange tomorrow evening. Dinner will be served starting at 6:30 p. m. by the ladies of circle No. 3.

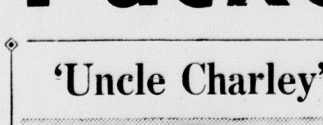

Dr. Knopf's topic has not been announced. Following the dinner Mrs. Glenn Feldner will sing a solo accompanied at the piano by Mrs. Edith Warren.

## Mrs. Starker, 56, Dies in Orange

Mrs. Jessie Bell Starker, 56, who died Feb. 8 at her home at 155 North Lemon street, Orange, resided in that community for 18 years and lived in California 49 years. Mrs. Starker reorganized the Church of Jesus Christ of the Latter Day Saints and was an active church worker.

**CARD OF THANKS**  
We desire to express to our kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy and for the beautiful floral offerings.  
MR. & MRS. JAMES E. ARMSTRONG & FAMILY.

## 'Uncle Charley'

CHARLES W. BRYAN

LINCOLN, Neb. (AP)—Charles Bryan doesn't say yes, and he doesn't say no, but the brother of the "Great Commoner" may be in the running again for governor in 1938. He retired as mayor of Lincoln last spring, hinted he was just about through with politics, the last of the Bryans to leave politics after approximately 50 years of representation by Congress or another of the famous family. Charles W. Bryan, recalling he said on his retirement from the mayor's office he had "one good fight" left, thinks the occasion may be at hand to get that fight out of his system. He's campaigning to end his "tax equalization plan." To carry out the proposal, he says he has pledged his active support to place a slate of independent candidates for state office in the field "if it is necessary."

The entire program: "The Husk Fly Menace and Its Control," A. M. Boyce, 10 a. m.

"The Agricultural Labor Situation," S. H. Strathman, secretary, Associated Farmers of California.

"Maintaining Soil Fertility in Walnut Orchards," W. R. Schoonover, extension specialist, University of California.

"Progress Reports on Walnut Fertilizer Trials," O. Lee Braucher, field department, California Walnut Growers association.

Dr. L. D. Batchelor, director of the citrus experiment station in Riverside, will preside during the morning. The afternoon session, directed by Rufus Porter, chairman of the Orange county walnut department, will include:

"New Developments in the National and State Agricultural Program," E. C. Kimball, vice president, California Farm Bureau federation, 1:30 p. m.

"Disposing of the Walnut Surplus," W. E. Goodspeed, manager, walnut control board.

"Increasing Walnut Consumption," Charles L. Thorpe, general manager, California Walnut Growers association.

## GAS STATION CHARGE MADE

Three counts of violating the California gasoline and oil substitution act were included in a complaint filed today against P. C. Lairson, Santa Ana Gardens service station operator, in Santa Ana justice court.

The complaint, signed by A. E. Ground, state inspector operating out of Los Angeles, charged Lairson sold oil falsely represented by labels as Seaside 100 per cent Pennsylvania, that it contained neutralization matter testing .66 per cent when only .5 per cent is allowed, and that it was stored in a false container.

The young officer, socially prominent and an excellent horseman, was transferred to the Pearl Harbor air base two years ago. Friends were unable to account for his disappearance, but Rear Admiral Orin G. Murfin, who ordered the search, said they had told him McAllister appeared despondent at a dance he attended at Ford island Saturday night.

He was last seen coming ashore from a boat after the dance. Ford island is in the middle of Pearl Harbor.

## Postmaster's Life Threatened

LOS ANGELES (AP)—A federal grand jury will act tomorrow on the case of James Meek, 35-year-old former convict charged with sending an extortion letter to Mrs. Mary D. Briggs, acting Los Angeles postmaster.

Meek was held under \$10,000 bond after surrendering to police and telling them he sent a letter to Mrs. Briggs demanding \$10,000 or her life. He gave himself up Sunday and the letter was found the same day.

## Death Penalty Faces Two Girls

NEWARK, N. J. (AP)—Prosecutor William A. Wachenfeld said he would ask the death penalty for two girls charged with the slaying of a bus driver in a \$210 holdup went on trial.

The defendants, Mrs. Ethel "Bunny" Sohl, 20, and Genevieve Owens, 17, sat quietly in the courtroom as the selection of a jury began.

## Hitler Expected To Launch Shakeup

BERLIN (AP)—Chancellor Adolf Hitler and his newly elevated foreign minister, Joachim Von Ribbentrop, are believed to be considering a clean sweep of the German diplomatic service to put nazis of unquestioned loyalty at all pivotal posts.

## STAR'S HOLIE ROBBED

BEVERLY HILLS. (AP) While Alice Faye and her husband, Tony Martin, were week ending on the desert, their home at 517 North Foothill drive was robbed of valuables worth \$6000, they reported to police.

## GROWERS TO STUDY HUSK FLY MENACE

An entire afternoon devoted to discussion of reducing this state's huge walnut surplus will take second place in importance to a clinical discussion of the walnut husk fly menace when walnut growers hold their annual institute Friday, Farm Advisor Harold Wahlberg predicted today.

The husk fly discussion, led by A. M. Boyce, entomologist with the citrus experiment station, will be held at 10 a. m. as the first order of business.

The institute will be held all day Friday in the Willard Junior High school auditorium under the joint auspices of the southern division, edible nut department, of the California Farm Bureau federation and agricultural extension service of the University of California.

"The Husk Fly Menace and Its Control," A. M. Boyce, 10 a. m.

"The Agricultural Labor Situation," S. H. Strathman, secretary, Associated Farmers of California.

"Maintaining Soil Fertility in Walnut Orchards," W. R. Schoonover, extension specialist, University of California.

"Progress Reports on Walnut Fertilizer Trials," O. Lee Braucher, field department, California Walnut Growers association.

Dr. L. D. Batchelor, director of the citrus experiment station in Riverside, will preside during the morning. The afternoon session, directed by Rufus Porter, chairman of the Orange county walnut department, will include:

"New Developments in the National and State Agricultural Program," E. C. Kimball, vice president, California Farm Bureau federation, 1:30 p. m.

"Disposing of the Walnut Surplus," W. E. Goodspeed, manager, walnut control board.

"Increasing Walnut Consumption," Charles L. Thorpe, general manager, California Walnut Growers association.

## S. E. SPICER DIES AT 88

Samuel E. Spicer, 88, father of the late Charles Spicer of this city, died at his home in Upland Monday. He is the grandfather of Miss Mildred Spicer and Charles Spicer, Jr., the son and daughter of Mrs. Charles Spicer, well-known Santa Ana resident.

Mr. Spicer resided in Upland for 40 years and has both friends and relatives in Santa Ana. Funeral services will be held in Upland tomorrow morning at 10 a. m.

## 'Ring Racket' Revived Again

The same old ring racket had spread in search of greener fields yesterday.

It's usually worked in service stations, where the suspect orders gasoline, discovers he has no money, then tearfully offers to pawn his ring, an old keepsake.

But yesterday a man described as between 35 and 40 years old, of medium size, was peddling keepsakes in the Arcade building, 515 North Main street. Someone called police before he had found a sucker, and the man was gone when officers arrived.

## Aircraft Firm Reports Theft

Theft of \$8 worth of gas and oil from the Zenith Aircraft building in Bolsa was reported to the sheriff's office by Maurice Price, Bolsa, yesterday.

Price discovered the theft in the morning when he saw the building apparently had been broken into during the night.

## COLLEGE

## Journal Carrier Hurt in Crash

Jack Lieberman, 916 Garfield street, Journal carrier boy, was slightly injured last night when his bicycle struck a parked car on Bush and Washington streets.

The Lieberman boy sustained a bruised knee, and he was taken to the home of his aunt, Mrs. M. Lieberman, 610 French street, where he received emergency treatment.

The car, registered to Bruce Johnston, 1315 Bush street, was parked just north of Washington on Bush street when the boy's bicycle struck it.

## City Council Gets Safety Quiz

The California Safety council wants to know how many fatal auto accidents occurred in Santa Ana during the year 1937.

The city council last night received a communication from this group asking the city furnish such information. The letter was referred to the traffic safety committee. The safety council is also interested in knowing the cause of serious mishaps here.

## June Clayworth To Be Married

WILKES-BARRE, Pa. (AP)—Wedding bells will ring in Wilkes-Barre today for June Clayworth, movie actress, and Sid Rogell, RKO studio manager of Hollywood. Mr. and Mrs. David J. Cantor, parents of the actress said the marriage will take place in their home. The couple will return to California after the ceremony.

## REALTY BOOSTED AS 'BUY'

Improved real estate is one of the finest investments that can be made in Orange county today, President Ray Goodcell of the realty board announced yesterday.

A growing population and the peculiar attributes of Orange county, which makes it the most favored section in the United States, in respect to climate, soil, diversity of products, proximity to lakes, oceans and mountains and general living conditions point to a steady rise in values, he said.

BETTER RETURN POINTED  
However, Goodcell stressed the point that improved property is bound to give a better return over the years than vacant building lots.

"The use value of property is the best method of determining true worth," he said. "Property owners and prospective buyers alike are learning that real estate, like other property, has as its real value a sum upon which its rental income will yield a fair return."

"In Orange county a buyer can reasonably expect an additional return when he sells at some later period after population increase has had its usual effect on real estate values."

VACANT LOT SUGGESTION  
"It is a different story when it comes to vacant lots," said Goodcell, "that is, if one expects to hold them indefinitely without building on them. Interest, taxes and assessments added to the original investment within a few years make a total far above market prices."

Holders of vacant lots should either build income producing structures on them, or sell their lots at present market value and reinvest in improved property that offers both safety and a fair return.

## SCOUTS POINT TO NEW MARK

Huntington Beach Boy Scouts are planning to attempt a new record in signalling next month, it was revealed today, when efforts will be made to send heliograph messages from the top of Saddleback to Santa Catalina Island.

One of the most ambitious undertakings in the history of Orange County Scouting, the signalling event probably will take place in April, beach residents said today. A troop of Scouts will hike to the top of Saddleback, while Huntington Beach Sea Scouts will sail for Catalina Island in their own boat.

Arrangements will be aided by a third troop which will have headquarters at the Scout camp in Irvine park.

## MINOR CRIME RUNS 'WILD'

A minor crime wave hit its crest, then broke all at once in Santa Ana police station yesterday.

Theft of three peanut and candy vending machines operated in various parts of town by Charles Madison, 624 1/2 North Birch street, between Dec. 15 and Feb. 4 was reported yesterday, and two of the machines were reported recovered a few minutes later.

The machines apparently had been torn from the front of various buildings, broken open for whatever money was inside and then discarded. One was found in an irrigation ditch, the other reported recovered by H. E. Chapman at the city bowl.

Each machine was valued at \$25.

## Park Workers Become Policemen

City councilmen last night transformed four park employees into policemen.

The new special officers are James E. Smith, Roy Ferguson, Paul G. Wallace and Carl Krauchi. These men will have power to protect property in the city parks. No compensation is provided other than their regular wages as park employees.

Councilman Plummer Bruns made the recommendation which was passed favorably upon by the trustees.

## Get Along With Other People

By DALE CARNEGIE  
Nothing will contribute more to a man's success in life than the ability to get along with people. History records the wrecked ambitions of many men who might have had glorious careers had they only known how to win friends and handle people. Take the case of Aaron Burr. He had a brilliant mind, Energy, Courage. His mother was Dale Carnegie the daughter of a famous educator, Jonathan Edwards. His father was well-to-do, cultured, and the second president of Princeton university. Aaron Burr graduated from Princeton, which was then called the College of New Jersey.

Burr enlisted in the Revolutionary army. Was he a good soldier? Well, the first requirement of a good soldier is to obey orders. But Burr was impatient with his first leader, so he left to join Benedict Arnold on his invasion of Quebec. He was eventually given a place on the staff of George Washington, but was soon transferred to the staff of General Putnam because he couldn't get along with Washington!

HE DIDN'T GET ALONG  
Burr distinguished himself time after time in battle. But he didn't get along with his associates. Burr gave up the army and went in for politics. Politics, mind you, where tact and diplomacy are

among the first requisites. Burr had the ability to organize and he organized a political society which was called Tammany. The well-known Tammany Hall of New York? Yes, he organized that. But he didn't get along with politicians either.

However, his brilliancy swept him into the vice-presidency of the United States, and the presidency of the senate. But he did not get along with the leaders. He made an enemy of Thomas Jefferson; Alexander Hamilton hated him bitterly and opposed him at every turn. Burr killed Hamilton in a duel.

DUEL RUINS BURR  
That duel ruined him politically. In an effort to make a comeback, Burr led an expedition to take Mexico for the United States; but he didn't get along with the general in command of the army in the West! This general's condemnation of him brought about his trial for treason.

His first wife dead, Burr married a wealthy widow, Madame Jumel. But they soon separated. Burr couldn't get along with her, either!

He died at the age of eighty, no family ties, alone and unloved. But let's imagine just what Burr might have accomplished with all his advantages if he had only learned how to win friends and get cooperation instead of opposition.

Do you have the ability to get along with people and win them to your way of thinking? If not, develop it. It is one of the most valuable assets anyone can possibly possess.

(Copyright, 1938)

## 1-3 OF AGED INELIGIBLE IN COUNTY

One-third of all applicants for old-age pensions were turned down here during 1937, County Welfare Director Jack Snow reported to supervisors today.

"During the right-month period before Sept. 1," said Snow, "33 per cent of all applicants were found to be ineligible. Under the amended old-age security law in effect since Sept. 1, 34.8 per cent of all old-age security applicants were found to be ineligible."

In addition to the 813 applicants turned down on eligibility grounds during the year, 87 approved cases were closed by death, Snow reported, while 100 others were discontinued because relative assumed full support or because of other reasons.

The welfare department's case load stood at 3769 as of Jan. 31, according to Snow's regular monthly statistical report. During January 1938 pending aged and blind cases were prepared for board action as compared with 328 during December.

Administrative costs declined from 7.7 per cent in December to 7.1 per cent last month, Snow said.

## Good Samaritan Gets Usual Break

L. V. Phillips of Orange isn't mad, exactly, he told police today, but he wants his car back.

Playing Good Samaritan last Friday, according to his story, he filled his car with gasoline and loaned it to Philip Lewis of Tustin to go job-hunting in San Bernardino. Lewis promised to bring it back the next day.

This morning, Phillips complained, he still hadn't seen the vehicle, and he wants the Orange police to find it.

Police were somewhat handicapped in their search by the fact that Phillips was unable to remember his license number.

## Park Workers Become Policemen

City councilmen last night transformed four park employees into policemen.

The new special officers are James E. Smith, Roy Ferguson, Paul G. Wallace and Carl Krauchi. These men will have power to protect property in the city parks. No compensation is provided other than their regular wages as park employees.

# NEWS OF ORANGE COUNTY COMMUNITIES

## Brick Dust

RAMBLING  
AROUND  
ORANGE  
COUNTY  
—with—  
T. N.  
(BRICK)  
GAINES

Who flung that dead cat?  
Saturday this department groaned, turned over in its grave and admitted that, if a sufficient number of subscribers would write in, we'd start again revealing the innermost secrets of suburban Orange county's life again via "Brickdust."

Also, we cautioned against sending in any wilted flowers, desiccated felines or empty tin cans, as these contributions would not be accepted as wishes for resumption of the column.

To the 13,585 people who wrote in, we'd like to say thanks, and if a few more of you send in a postcard, we'll start to work again, darn it.

But to the guy who mailed in the dead cat, we'd like to remark "phooey" in a loud voice. It wouldn't have been so bad if he hadn't sent it collect!

## ANNUAL 'Y' MEETING HELD

ORANGE.—Mrs. Olive Miller, general secretary of the San Bernardino Y. W. C. A. was guest speaker at the annual meeting of the local Y. W. C. A. Monday night in the Franzen building, and told her hearers of the work of the organization locally, nationally and internationally.

Mrs. Percy Green, president of the local board, presided, and introduced program numbers, a quartet of Girl Reserves who sang, and community singing led by Mrs. R. C. Patton.

New board members elected for the coming year were Mrs. Leonard Scribner, Mrs. Walter Weimer, Mrs. Arthur T. Hobson and Miss Helen Estack. The new board will meet soon for organization.

## WESTMINSTER SCHOOLS CLOSE

WESTMINSTER.—Schools of the Westminster district were closed today due to the death of the clerk of the school board, Stanley E. Davies.

The Parent-Teacher association meeting, scheduled for last night, also was postponed and will be held next Monday evening. Funeral services for Mr. Davies were held this afternoon in Westminster. He died Sunday after a short illness.

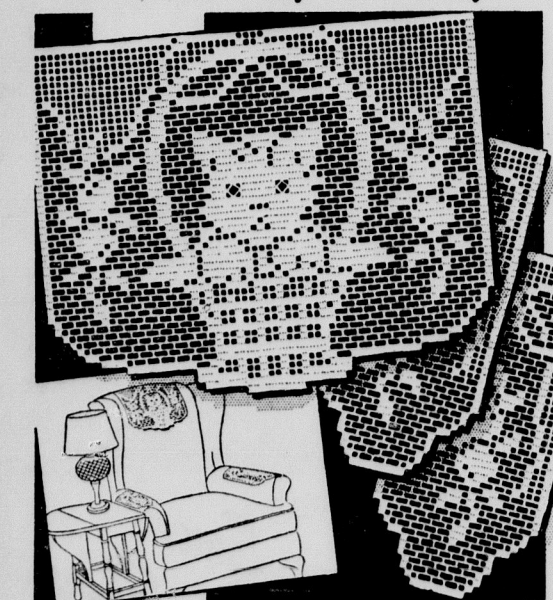

## Beach Flower Show Planned

HUNTINGTON BEACH.—Dr. Bernice Bennett Mohn was named general chairman by President Gay M. Hamilton to take charge of general arrangements for a flower show to be held by members of the Garden club May 6 and 7 in Memorial hall.

## Cypress Mission Meeting Thursday

WESTMINSTER.—Schools of White and mother, Mrs. R. M. Fuquay, were hostesses at luncheon recently. Present were Mrs. C. Lambin, Mrs. I. Robinson, Mrs. Matilda Bunyard and Mrs. Thelma Costa.

## Kitten at Play in Dainty Crochet

Household  
Arts by  
Alice  
Brooks

Takes  
Little  
Time To  
Crochet  
This Chair  
Set

PATTERN 6036

Fun to crochet—fun to own—this kitten chair set done in inexpensive stuff. It's an easy design to follow with the lace stitch setting it off so effectively. It certainly will give your chair "a lift" that makes it look like new. In pattern 6036 you will find charts and directions for making a chair back 13x16 inches and arm rests 6x12½ inches; illustrations of them and of all stitches used; material requirements.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to The Journal, Household Arts Dept., 117 East Fifth street, Santa Ana, Calif. Be sure to write plainly your name, address and pattern number.

## PLAN BOARD SETS BALBOA SURVEY

\$600 Sought for Parking Project

NEWPORT-BALBOA.—Possible solution to Balboa's ever-present parking problem was seen at a city council meeting last night, when planning commission members asked for funds to conduct a survey of a proposed circular drive fronting the business section on the beach.

Under a proposed program the planning commission would work out a tentative plan for the drive, which Balboa businessmen claim would relieve traffic congestion. Members last night asked for \$600 for the survey. The council will act on the request within a short time, members said.

Results of the survey and tentative maps and plans would be turned over to City Engineer R. L. Patterson, who would make a permanent plan for the project, city planners pointed out, with a decision on advisability of the drive resting on the council.

Members of the police commission were asked to investigate a petition from residents of the Balboa area protesting against a "loop-the-loop" machine in the fun zone there and asking the council to refuse issuance of a license for operation of the machine during the coming summer. "Parties riding this loop disturb the peace and quietness of all people living within two blocks by yelling, hollering and shrieking which can only be compared with Indians on the warpath," the petition stated.

Application for a lease from the city for land lying between the Coast highway and the channel north of Lido Isle for establishment of a high class boat anchorage was referred to Councilmen E. B. Whitson and Irvin George Gordon. Frank L. Smith, prominent boat operator and builder, made the request.

## Laguna Legion Event Planned

LAGUNA BEACH.—The American Legion auxiliary has announced an Americanism program, to be held in the Legion hall, Feb. 17.

Two members from the Legion woman's Relief Corps, Royal Neighbors, Boy Scouts, Girl Scouts and Woman's auxiliary have been invited to represent their groups, it was announced.

The club has voted to order 20 "over the top" lapel pins for members. More than 1150 poppies are to be ordered for the annual poppy sale, May 28th.

Mary Foster, educational chairman, reported the grammar school in need of more drinking fountains, and as a result the matter will be taken up with the Parent-Teacher association.

## Mesa Family on Hot Springs Trip

COSTA MESA.—On Sunday C. H. McAlary and daughter, Miss Dale McAlary, drove to Murietta Hot Springs, where Mrs. McAlary has spent the past week recuperating from a recent illness. Monday evening the McAlarys and Judge and Mrs. D. J. Dodge drove to Pasadena, where they were guests of Dr. and Mrs. W. C. Gilchrist, residents of Orillia, Ontario, Canada.

## Midway Group at Church Rite

MIDWAY CITY.—Announcement has been made that a "jittery" dinner sponsored by women of the Community church at the clubhouse Tuesday night has been postponed until next week.

## MODEST MAIDENS

"After all, hockey's only a game. And you'll be able to play again by next year."

## TOWNSEND NEWS, VIEWS

By WALTER R. KOBB

Tongues are wagging concerning the recent reported conference which Dr. Francis E. Townsend, Ex-President Herbert Hoover, admitted still a powerful figure in the affairs of the Republican party.

Rumors are current that things were discussed between these two

## ARTIST ASKS LEWIS' HELP

WASHINGTON. (AP)—Rockwell Kent, artist, told the house patients committee today he would rather see John L. Lewis, CIO chief, make a director of a proposed federal arts department than the president of the National Academy of Arts.

Kent, testifying in behalf of a bill by Representative Sirovich (D., N. Y.), to create a department of arts and sciences, said it should be conducted by "people who know nothing about art" rather than by those who do.

Burgess Meredith, acting president of Actors' Equity, asked the committee to find a way to continue aid to the legitimate theater along the lines of the works progress administration's theater projects.

## School to Enter Essay Contest

Marywood school in Anaheim will be represented by five girls students in the sixth annual oratorical contest to be conducted at the Loyola High school. Fifteen schools will have representation.

The semi-finals will be held Sunday, March 21, at the Loyola High school. Jean Heying, Catherine Ameche, Martha Jane Sexton, Eileen O'Hanlon and Lucille Kraemer will represent Marywood. Four girls will be selected at the semi-finals to be held Sunday, April 3, at the Immaculate Heart college. Fifteen schools will have representation in the finals at Immaculate Heart.

## Scientists Explore Mystery River

LOS ANGELES. (AP)—The mysteries of one of the largest rivers in the oceans of the world are being explored today. Capt. G. Allan Hancock, patron of science, reported by radio that his scientific expedition is dredging the waters of the Humboldt current, off the coast of Peru, from his exploration cruiser Velez III. "Rare specimens of crustaceans have been accumulated since we started deep dredging in the Humboldt current 11 days ago," the captain reported.

## Deficiency Bill Reported Out

WASHINGTON. (AP)—A senate appropriations sub-committee has reported favorably on the \$27,633,324 first deficiency appropriations bill, sending it to the full committee for final approval. The bill, virtually unchanged as it passed the house, included \$16,700,000 for federal land banks and \$2,500,000 for the federal farm mortgage corporation to make up for reduction in interest rates on farm mortgages.

## Federal Employees Increase Listed

WASHINGTON. (AP)—The civil service commission estimated today that 859,550 persons were employed in the executive branch of the government during December, or 68,279 more than the previous month. The December payroll was \$137,217,360.

## L. B. MAYOR MAY SEEK RE-ELECTION

LAGUNA BEACH.—If it is the wish of the people, Mayor L. F. Mallow will run for city council again, he said today. This is also the plan of Thomas Cummings, while Councilman Heister has not made any plans concerning running or retiring.

Several dark-horse candidates, one of them a woman, are expected to enter the contest at a later date. Three Laguna businessmen, Franklin J. Benson of Ye Olde Apothecary shop, 1259 South Coast Boulevard, Hugh Peabody, engineer, and Emil Wickman, may enter the race for city offices April 12.

## VALENTINE BALL SET AT LAGUNA

LAGUNA BEACH.—Laguna Beach is awaiting with interest the seventh annual Valentine costume masked ball being sponsored by the Laguna Art association at the gallery next Saturday.

Lee Mann has been engaged to provide music, dancing and Mrs. Harry Gordon Martin is in charge of a midnight supper, at which time the guests will unmask.

Half a dozen paintings are to be given as prizes, in addition to a \$500 still-life painting of Ruth Peabody's.

Awards are to be given to the best lady and gentleman, the most original lady and gentleman, the funniest couple and the couple giving the best demonstration of the Big Apple.

## CENTRALIA SETS P.T.A. PROGRAM

CENTRALIA.—Members of the Parent-Teacher association will present the annual Founders day program in the school Feb. 9, it was announced today.

The evening program will be preceded by a pot-luck dinner at 6:30 o'clock. Speaker of the evening will be County Supt. of Schools Ray Adkinson, who will talk on "Peace as Handed Down by Our Forefathers."

## Caltech Scientist Dies in Pasadena

PASADENA. (AP)—Dr. Francis G. Pease, 57, noted astronomer of California Institute of Technology and the Mt. Wilson observatory, is dead in Pasadena.

He underwent a major operation Feb. 1 and never rallied from the effects of it. Dr. Pease was noted especially for his work with the stellar interferometer, device for measuring the diameter of stars.

## Another Landslide Visits Los Angeles

LOS ANGELES. (AP)—Another real estate movement—reminiscent of last November's moving mountain—occurred when a large mass of earth slipped from the cut in North Figueroa street. Dirt and rocks extended halfway across the 100-foot highway for a distance of 200 feet, police reported. Recent rains on the newly made cut were blamed.

## HONEYMOON ENDS

HUNTINGTON BEACH.—Mr. and Mrs. Pete Di Fabio will return this week from a brief honeymoon in San Francisco. They were married in Los Angeles last Tuesday. Mrs. Di Fabio was the former Mary Denner, daughter of a Cypress rancher. Di Fabio is the son of Mr. and Mrs. John Di Fabio of 518 Seventh street.

## RETURN TO HOME

OCEANVIEW.—Mr. and Mrs. George Potts and son, David, have returned to their home on A street after living for the past year in Long Beach.

## GO TO MOUNTAINS

MIDWAY CITY.—Mr. and Mrs. Ray Miller and sons, Bobby and Billy, drove to Mount Baldy Sunday.

## Reading Features Program For Costa Mesa Clubwomen

COSTA MESA.—Mrs. Estelle Card Beeman, Orange county chapter chairman for the California Federation of Women's clubs, entertained at a recent meeting of the Friday Afternoon club, when she presented a reading of the poem, "The Legend of Felix."

Musical accompaniment was provided by her son, William Beeman. In an encore number she read to the club a Japanese play from "Plays of Far Places" by Olive Price. Mrs. Reuben M. Day, chairman of the advisory board of the Women's Field Army for Prevention and Control of Cancer, reported that Mrs. Gunning Butler, of Costa Mesa, had also been made to the advisory board, and that Mrs. C. G. Huston had been appointed to the captaincy of the Southern half of Orange county.

Mrs. Day also reported on the recent district board meeting at Hemet. The garden section meeting, to be held Thursday, will be a joint meeting of the Friday Afternoon club and Newport Beach Ebell club, to be held in the Costa Mesa clubhouse. Mrs. W. G. Walker will be in charge of the tables, it was announced. A pot-luck luncheon will be served at noon. The speaker, Hugh Evans, will discuss "Planting and Landscaping." Members present were Mesdames N. O. Mellott, Alex Olson, Frank P. Wells, S. H. Davidson, Joseph C. Payne, Reuben M. Day, Homer Mellott, Ernest K. Kirby, C. G. Huston, George A. Ragan, L. R. Daughenbaugh, E. E. Flinn, A. B. Craig, Grace Cox, C. A. Custer, W. B. Murbarger, E. A. Randall, W. G. Walker, J. W. Wherry, E. A. Spaulding, Earl Pearson, and Miss Alice Plummer.

## Pupils Present Musicale In Costa Mesa Clubhouse

COSTA MESA.—Pupils of Mrs. C. A. Custer presented a musicale Sunday, in the Costa Mesa clubhouse. Miss Gracie Carol Abrams presented her study group in a series of numbers, including a biography of Ludwig van Beethoven by Betty Elie, Boyd and "Minuet in G," Beethoven, by Lorraine McLaughlin, Santa Ana. The andante movement from "Moonlight Sonata," by Beethoven, was played by Miss Abrams; "The Big Brass Fiddle," (Hopkins), by Betty Ruth McDonald; a duet, "Evening" (Low), Miss Aura Gail Hunt and Mrs. Custer; "Chopsticks," duet (De Lull), Mrs. William Boyd and Betty Lou Boyd.

Miss Peggy Trine presented her study group, which opened with "Lullaby," played by Keo Elmer, who accompanied the song with pantomime "Drilling" (Williams), Donald Otto; "Holiday March" (Kimball), Frances Wilcox, and singing and playing, "Goin' Home" (Dvorak), by Peggy Trine.

The study group of Alfred Turner presented "Second Waltz" (Godard), by Lois Mae Marsh; "Canadian Capers" (Chandler, White and Cohen), Wayne Wood, and "Tinkle the Ivories" (Herzer), by Wanda Wood.

The composer's group, playing their own compositions, were Keo Fisher, Don Croft Peggy Trine and Alfred Turner. A vocal solo, "Ah, Sweet Mystery of Life," was given by Lorraine McLaughlin, Mrs. Custer playing the accompaniment.

Guest artists who appeared in song and dance numbers were Gwendolyn Boutault and Barbara King, who were accompanied by Eugene Boutault.

Concluding the program was "Romance Waltz," Fortner, and "Home Sweet Home," by Richard Otto, piano accompaniment and Eugene Boutault accompanist.

Pupils in charge of the next musicale will be Lorraine McLaughlin, Frances Wilcox and Wanda Wood.

## FOUNDING OF CLUB IS NOTED

ORANGE.—Founding of the Orange Woman's club 23 years ago was celebrated Monday, 12:30 o'clock luncheon and program in the clubhouse.

Sandra Elvira Borja and her daughter, Senorita Claudia Borja, told of life in Latin-America, explained customs and aspirations of the people. Senorita Borja illustrated her mother's talk with Latin-American dances. The program closed with a skit by Miss Flo Scarritt.

Mrs. B. D. Stanley, president of the club, welcomed guests. Members of the executive board were hostesses.

Mrs. George Everett Peterson was chairman of the decorating committee. Hostesses were Mesdames B. D. Stanley, A. Haven Smith, Henry Walsworth, Arthur Sipherd, E. R. Forbes, Roy M. Buckles, Walter F. Kogler and A. H. Halleck.

## Costa Mesa Corps Reports Activities

COSTA MESA.—The Women's Relief corps, meeting Wednesday in the social hall of Community church, reported 22 social calls, four sick calls, \$6.50 in other than cash relief and 29 bouquets since the last meeting.

A Valentine party and box social is planned for February 14, in the social hall.

## DINNER GUESTS

MIDWAY CITY.—Mr. and Mrs. Orion Bebmeyer were guests of Mr. and Mrs. Ed Hensley at the Huntington Beach chamber of commerce victory membership banquet Thursday evening.

## CHAPTER TWENTY-EIGHT

A long, black car stood at the curb and a young man with almost no chin sprang to help Curt. They heaved Merrie into a corner of the back seat and Curt got in beside her.

"Nice job, big boy." Thus Peachy Low from the front seat. "Get a move on, Slim. A flatfoot just rounded the corner."

Curt put his arm around Merrie and pulled her sagging head to his shoulder. They drove east to Broadway, then struck off north. For hours the car hummed on so that not a word was spoken.

After another half hour they were climbing, going more slowly around curves. At last Slim spoke. "Any sign of life?"

"Dead to the world." "She'll be comin' around in an hour or so. Getting close to the turn now. In this damn rain it's hard to tell exactly."

Slowing almost to a stop he turned the lights on a sign. "This is it. Only about a mile farther, then into the woods. Have to carry her the last quarter mile—no road."

He laughed gleefully. "Swellest hide-out in the world. You could be a hundred feet from it and never know it was there."

It might have been the voices or the lurching of the car that made Merrie open her eyes. Stupidly she stared.

Unable to move, dizzy and sick, she stared over the shoulder of someone. A name on a sign flashed before her eyes. Sunset Trail.

The black letters rocked and twined. The light hurt her eyes and she closed them.

Something far off seemed to be screaming a warning. She must cry out, struggle. Nothing was right, everything wrong. Blackness engulfed her again.

"God, she's quiet!" Curt said. "You don't suppose—" There was panic in his voice.

"Now—she's all right. What's the matter? 'Fraid a dead hand couldn't sign a check?"

Peachy, who had been dozing comfortably, came to life. "I'll wake her up when the time comes," she muttered. "The dumb chick."

It was daylight when Merrie awoke. For a long time she lay with her eyes closed. Her eyelids were weighted, her mouth parched and dry.

Thoughts strayed across her

dazed mind. Jim had said she was cheap. His mouth hadn't looked like Jim's mouth.

It had been a straight line. It had hardly moved when he told her she was cheap.

She moved a little and there was a slight sound in the room. More thoughts came to Merrie. One at a time they came, vague and out of proportion.

Only Jim stood out clearly. To-day she was to meet the men from Hollywood. They had spoken of a screen test. What was a screen test?

Tonight she would dive again at the roof. She would wear the blue dress. It had a wide skirt, easy to pull over her head.

The people at the roof thought she had nothing on under the dress. Jim thought so too.

Merrie moved again. So thirsty. What time was it? Never had she been so tired. She was leaden. It must be that drink she took with Curt.

Her forehead creased in a frown. She had been with Curt only a month ago. How had she come home? Who had put her to bed?

The thought stung Merrie into action. She forced her heavy eyelids open and struggled to sit up. Propping herself with both hands behind her she stared, gasped and stared again.

She was in a strange room. It was bare and cold. Her bed was a narrow cot, a blanket had been thrown over her. She had on a strange black dress.

The one window was stoutly barred, the bars danced before Merrie's eyes. Through the bars she saw the straight trunks of trees, a forest of them. A fine rain fell. To Merrie the trees looked like an army marching through the rain, closing in.

Throwing back the blanket she sprang to her feet. Her knees gave way and she sat down again. A sound brought her heart to her throat. Still sitting on the edge of the cot, holding on with both hands, she slowly turned.

Again she gasped. Was she imagining things? A girl stood behind the bed. Merrie's eyes darkened with fear. The girl was Gwen Rawson, and still she was not Gwen.

She wore a fantastic costume of red and gold and bright green. Gold earrings dangled from her ears. Her skirt was slit well above

the knee and displayed a slim bare leg.

Around her waist was a colorful sash and from it protruded the handle of a dagger.

She was like a weird being from an Arabian Night's tale.

"What do you want?" Merrie asked in a choked voice. She pressed one hand over her eyes and dropped it again. The apparition was still there.

"What do I want?" the girl repeated scornfully. "I want plenty and I'm going to get it."

"Who are you?" Merrie's teeth chattered.

"That's a good one." The girl shook with silent laughter even while her eyes blazed. "You return the amber bracelet to Peachy Low and then pull the innocent gag."

Merrie had never heard of Peachy Low but she let the matter pass. Jumbled thoughts raced through her mind. Gwen had been an imposter. Then Curt must have known—Curt had framed her—

DIZZY WITH TERROR

"You queered my game once but you won't do it again," Peachy went on. "You dirty little rat."

She took the dagger from her belt and slowly moved around the end of the cot. Shaken with terror, weak with a dizzying nausea, Merrie watched her.

"I'd like to slit your throat from ear to ear," Peachy hissed, lovingly fingering the dagger.

Merrie crouched back. She must be dreaming. Nothing like this could really happen. Peachy hung over her, the dagger coming nearer. When it was near her throat Merrie screamed.

Instantly there was the sound of chairs scraping across a bare floor. Then a voice.

"Is she awake, Peachy?" It was a strange voice.

"Yeah." Calmly the girl replaced the dagger in her sash. "How about some black coffee? The brat's scared stiff."

She half closed her eyes and nodded to Merrie. "That's what you'll get if you try any funny business," she warned in a whisper, patting the dagger.

Merrie choked down three cups of the hot, black liquid. Her brain cleared, strength came back to her knees, a little of her fighting spirit asserted itself.

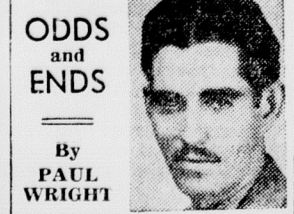

She said to Peachy, "Who is out there and what do they want?"

ODDS  
and  
ENDS  
By  
PAUL  
WRIGHT

There is a new outlook in track at Santa Ana High school. Outnumbered by such large schools as Long Beach Poly, San Diego and Alhambra in the Coast Preparatory league which they vacated last year, Reece (Pinky) Greene's Saints have developed new spirit for their first season in the more suitable Citrus Belt league.

With competition on a more even basis, the Saints have enlisted 197 boys—a record turnout—for meets with Riverside, San Bernardino, Chaffey, Redlands and Pomona. They have discarded that beaten-before-I-start attitude, and feel they have a fighting chance against their new rivals.

The Citrus Belt league schools lack the quality but not the quantity of Coast league track squads. The Citrus Belt records compare favorably with any in the Southland, and they may withstand all assaults by Santa Ana with the exception of the high jump, Wendell Tedrow, the Saints' class B champion, may shatter the high jump standard of 6 ft. 2 1/2 in. set by Sperry of San Bernardino in 1925. It's the oldest record on the Citrus Belt books.

The Citrus Belt sponsors no regular dual meet schedule, but decides the championship with an all-league gathering in May. Greene has arranged a triangular meet with Chaffey and Pomona for the Santa Ana field March 25. His complete schedule: Feb. 25—Class A and B meet at Compton. March 4—Evelyn Glinda relays. March 5—Long Beach relays. March 11—Class A-B-C meet with Huntington at Santa Ana. March 19—Southern Counties meet at Huntington Beach. March 25—Chaffey and Pomona in triangular meet at Santa Ana. April 1—Dual or triangular meet with Redlands and Riverside as probable opponents. April 9—Chaffey invitational at Ontario. April 23—Carpenter relays (tentative). May 14—Southern California meet preliminaries. May 21—Southern California meet finals. May 28—State meet at Hollister.

The Citrus Belt league records follow:

**VARSITY**  
100-yard dash—Cupepper (Riverside) 9.9 secs. in 1936.  
220-yard dash—Cupepper (Riverside) 21.9 secs. in 1937.  
440-yard dash—Neely (Covina) 56.2 secs. in 1932.  
880-yard dash—Thomas (Chaffey) 2 min. 3.2 secs. in 1936.  
1 mile run—Boskoff (Redlands) 4 min. 35.6 secs. in 1935.  
Half-mile relay—Chaffey (1935) and Riverside (1936), 1 min. 31.2 secs.  
120-yard high hurdles—Rove (San Bernardino) 15.4 secs. in 1936.  
220-yard low hurdles—Vickery (Chaffey) and Jeffery (Riverside) 24.5 secs. in 1935.  
Shot put—Dave Meek (Chaffey) 52 ft. 1 in. in 1931.  
High jump—Sperry (San Bernardino) 6 ft. 2 1/2 in. in 1925.  
Pole vault—De Berard (Chaffey) 12 ft. 6 1/2 in. in 1937.  
Broad jump—Brown (Riverside) 23 ft. 2 in. in 1936.

**SOPHOMORES**  
100-yard dash—Fisher (San Bernardino) 10.4 secs. in 1936.  
220-yard dash—Cupepper (Riverside) 22.9 secs. in 1934.  
330-yard dash—Radulovic (San Bernardino) 37.7 secs. in 1932.  
880-yard run—Dexter (San Bernardino) 2 min. 8.6 secs. in 1930.  
Quarter-mile relay—San Bernardino (1930) 45.8 secs.  
70-yard high hurdles—Peterson (Pomona) 9.6 secs. in 1936.  
120-yard low hurdles—Peterson (Pomona) 13.8 secs. in 1936.  
Shot put (eight pounds)—Flint (San Bernardino) 52 ft. 1/4 in. in 1936.  
Broad jump—Heap (San Bernardino) 20 ft. 3 in. in 1931.  
Pole vault—Semmens (Riverside) 11 ft. 3 in. in 1934.  
High jump—Chaves (Redlands) 6 ft. 1/2 in. in 1934.

**Vince DiMaggio Signs With Bees**  
BOSTON, (AP)—Vince DiMaggio, brother of Joe DiMaggio, the New York Yankees No. 1 holdout, will play another season with the Boston Bees of the National league. He returned his signed contract yesterday and said he was "satisfied."

**WRESTLING**  
NEW YORK. (AP)—Jim McMullen, 225, Chicago, threw Sammy Stein, 229, New York (37-59).  
WILMINGTON, Del.—Danno O'Mahoney, 220, Ireland, threw Joe Dusek, 224, Omaha (30-25).  
SYRACUSE, N. Y.—Yvon Robert, 221, Montreal, defeated Jack League, 218, Santa Antonio, Texas (Robert took first fall and decision when bout went into limit).  
PORTLAND, Me.—Chuck Montana, 185, Quincy, Mass., threw Zima Parker, 190, Detroit (73 minutes).

## Lawson Little Defends Title In San Francisco

### SEABISCUIT'S WORKOUTS IMPRESSIVE

LOS ANGELES, (AP)—Seabiscuit, co-favorite with Pompon for the \$100,000 Santa Anita Handicap March 5, cheered his winter book followers today with reports of another impressive workout. Not raced since the Pompono meeting last fall, the "Biscuit" was clocked in 47.4-5 for the half, 1:13 2-5 for three-quarters, 1:25 1-3 for seven furlongs, and was eased up to the mile mark in 1:41 2-5.

Clingendael, another eligible for the "100 grand," encountered opposition from Speed to Spare, Air Chute and Boxhorn today in a \$1500 six-furlong feature.

### Methodists in Closing Rush To Win, 27-25

With Lloyd and Levens blazing away at the basket in the second half for all except one of their team's points, M. E. South's basketball team won eight points behind to nose out Church of the Brethren's quintet, 27-25, in the only Y. M. C. A. league game last night.

Lloyd hung up 13 points and Levens seven in heading the Mustangs. The Brethren were out in front, 16-8, but Barris connected with only three points in the final period after ringing up eight in the first half.

M. E. Church—Levens (7), Church of Brethren—H. Baker (2).

**THUNDER BIRDS 'Y' CHAMPIONS**

The Thunder Birds are sporting the basketball championship of the Friendly Indian league with four consecutive victories in Santa Ana Y. M. C. A. games.

Instrumental in winning the title were Jack Pickering, Terry Ragan, Jim Davis, Lawrence Means, Bob Ball, Jean Dray, Bill Stauffer, Phillip Walden and Kenneth Anderson. There will be a Friendly Indian pow-wow March 4 to present the awards.

In the Pioneer league, the Lathrop juniors defeated the Trailblazers, 46-0, and the Wilderness triumphed, 12-8, in their last round. In the high school division, Justin won a 1-0 forfeit from the First Presbyterians; the Senior Hi-Y defeated the Junior Hi-Y, 38-30, and the First Methodists outclassed Stanton, 41-4.

### Invite Prep Stars To Indoor Games

SAN FRANCISCO, (AP)—High school track and field athletes affiliated with the California Inter-scholastic Federation will be permitted to participate in the Pacific association indoor championships here Feb. 18, officials announced.

John Coates, chairman of the P. A. athletes committee, said C. I. F. athletes could compete provided no point scores were kept. They will be entered as unattached athletes.

### Vines Leads Perry In Series, 10 to 8

SAN DIEGO, (AP)—Ellsworth Vines held his two-match lead over Fred Perry of England by winning his match here last night in straight sets, 6-8, 6-4, 10-8. They have played 15 matches on their present tour and Vines has won 10.

**LOYOLA VS. GAELS**  
SAN FRANCISCO, (AP)—Loyola university of Los Angeles will meet the St. Mary's Gaels in a basketball game here tonight.

### Basketball Scores

Washington State 59, Montana 37.  
Idaho 35, Gonzaga 24.  
Oregon 59, Washington 43.  
Indiana 47, Wisconsin 44.  
Ohio State 36, Chicago 34.  
Minnesota 28, Iowa 26.  
Purdue 23, Illinois 13.  
Kansas 35, Kansas State 33.  
Oklahoma A. & M. 44, Washburn 23.  
Drake 45, Creighton 31.  
Alabama 41, Louisiana State 33.  
Georgetown 40, West Virginia 36.  
Kentucky 44, Michigan State 27.  
Mississippi 43, Tulane 34.

### Sharpshooting Santa Anita

—By FRANK FISKE

The Phantom Ferret and Deep Sea Danny met me in the hidden rendezvous today so full of enthusiasm that they couldn't even stop to give me the dope. The Phantom just handed me the list of selections and they hustled away to put the lug on somebody for the price of a couple of mutual tickets.

"There's a rain check goes with these," the Phantom called over his shoulder. "If there ain't at least three winners in the bunch, you get the next week's service free."

"Not," he added with subtle emphasis, "not that that would be any change!"

Here's what I found in the list for the first.

First. . . EMILY M. is a nice-ly bred first starter who has been working well and might be the long shot. The ones that figure on performance are NORWAY, NELL, DEAR DIARY, TONOPAH QUEEN.

Second. . . Here's one that you can walk into with your eyes closed and bet on MERINA. If she runs to her Eastern form, the issue shouldn't be in doubt. SICK WIND, properly named, will probably be the favorite and NIGRETTE has a right to attention.

Third. . . Don't hock the family plate to bet this one, but if you have a two-dollar surplus you could do worse than invest in the chances of GENTLE LADY who is going to meet stiff contention from LE MISERABLE and SOUTHERN WAY.

Fourth. . . This seldom miss fire when Dick Carman pulls the trigger and the word is out on the POLARIS-CROWS FLIGHT ENTRY. This is where I expect to get mine. SOME GOOD is the runner up and if there is anything like an upset—look out for BOLDGER to take it all.

Fifth. . . This is a merry mess of pretty classy hides and, as the sailor said when the blonde smiled at him—almost anything can happen. From the reserved seats it looks like MINULUS—CLOUD D'OR—CLEAN OUT. You can at least prove you're a gambler by betting any of them.

Sixth. . . This is where I, for one, sit back and watch them improve the breed of cavalry horses. If you want to shoot for a price take a chance on AIR CHUTE—SPEED TO SPARE—HAPPY BOLIVAR.

Seventh. . . This looks like a safe one to end a parlay on. RED ENSIGN—BAKERSTOWN—HIGH MARTIN.

Eighth. . . One never knows—one never knows! However, I'm taking REAL CLEAR for mine with SHASTA RACKET and STEPAHEAD.

Life preservers—POLARIS and RED ENSIGN.

Straws to grasp at—MERINA and MINULUS.

(Fiske's selections are broadcast over KVOE at 8:30 a. m. and 12:30 p. m. by Journal Newscaster Tom Danson.)

### HEMPHILL HAS SUB-PAR 73

PALM BEACH, Fla. (AP)—Kathryn Hemphill of Columbia, S. C., medal winner in the Palm Beach women's golf tournament, entered match play today with Mrs. Charles Harbaugh of Cleveland as her opponent.

Miss Hemphill carded a 73, two under women's par yesterday, and Harbaugh qualified with an 80.

### TOURING PROS IN NATIONAL MATCH PLAY

SAN FRANCISCO, (AP)—Professional and amateur golfers shot practice rounds today in preparation for the national match play open championship starting with an 18-hole qualifying test here tomorrow.

Tournament officials said more than 175 had entered and they expected at least 200 shotmakers would start.

Practically all the pros came here from Sacramento, where they competed in the \$3000 Sacramento Open on the annual winter swing through California which included tournaments at Del Mar, Los Angeles, Pasadena and Oakland.

Rainy weather was a prospect for today and tomorrow, but soggy or dry the San Francisco Golf club course, with its 6791 yards and 152 traps, was a stern challenge, even to such long drivers as Jimmy Thomson of Shawnee-on-the-Delaware, Pa., and Sam Snead, of White Sulphur Springs, W. Va.

Among the touring pros entered is Johnny Revolta of Evanston, Ill., victor at Sacramento and top money winner of the season, having won \$2423 in the five California events.

Other favorites include Henry Picard, Hershey, Pa., winner of the Pasadena Open; Harry Cooper of Chicope, Mass., victor in the Oakland Open; Vic Ghezzi of Deal, N. J., and Lawson Little of San Francisco, defending champion.

The 36-hole, two-day qualifying round will reduce the field to 32, who will play two rounds of match play Friday, two rounds Saturday with 36-hole finals Sunday.

### DATES SET FOR STATE OPEN GOLF

LOS ANGELES, (AP)—The state open golf tournament, for a \$5000 purse, will be held April 7, 8, 9 and 10 at the Stockdale Country club of Bakersfield, the Southern California P. G. A. announced today.

A pro-amateur event on Thursday, April 7, will open the play.

Fred Morrison, who won the state open championship last October at San Bernardino, is expected to be on hand at Bakersfield to defend it.

### JIMMY DYKES HEADS WEST

CHICAGO, (AP)—Jimmy Dykes, manager of the Chicago White Sox, headed for California today—a jump ahead of his spring training entourage. But it was not without a few express thoughts in regard to his six holdouts and to Zeke Bonura in particular.

Following a conference with Sox owner Louis Comiskey, Dykes leveled off verbally on holdouts in general, and Bonura in particular.

"If he doesn't get his contract difficulties ironed out," Dykes said, "you may see a guy by the name of Rupert Thompson playing first. We got him from San Diego as an outfielder, but he proved a pretty good first baseman while with the Boston Bees a couple of years ago."

### SULLIVAN, ACE JOCKEY, DIES

SAN DIEGO, (AP)—Jimmy Sullivan, 23, jockey who was injured in a race at Agua Caliente Jan. 30, died yesterday in a suburban sanitarium.

His father, James A. Sullivan, flew here from Washington, D. C., and was at his bedside when he died. Other survivors are his widow and baby.

### Sports Roundup

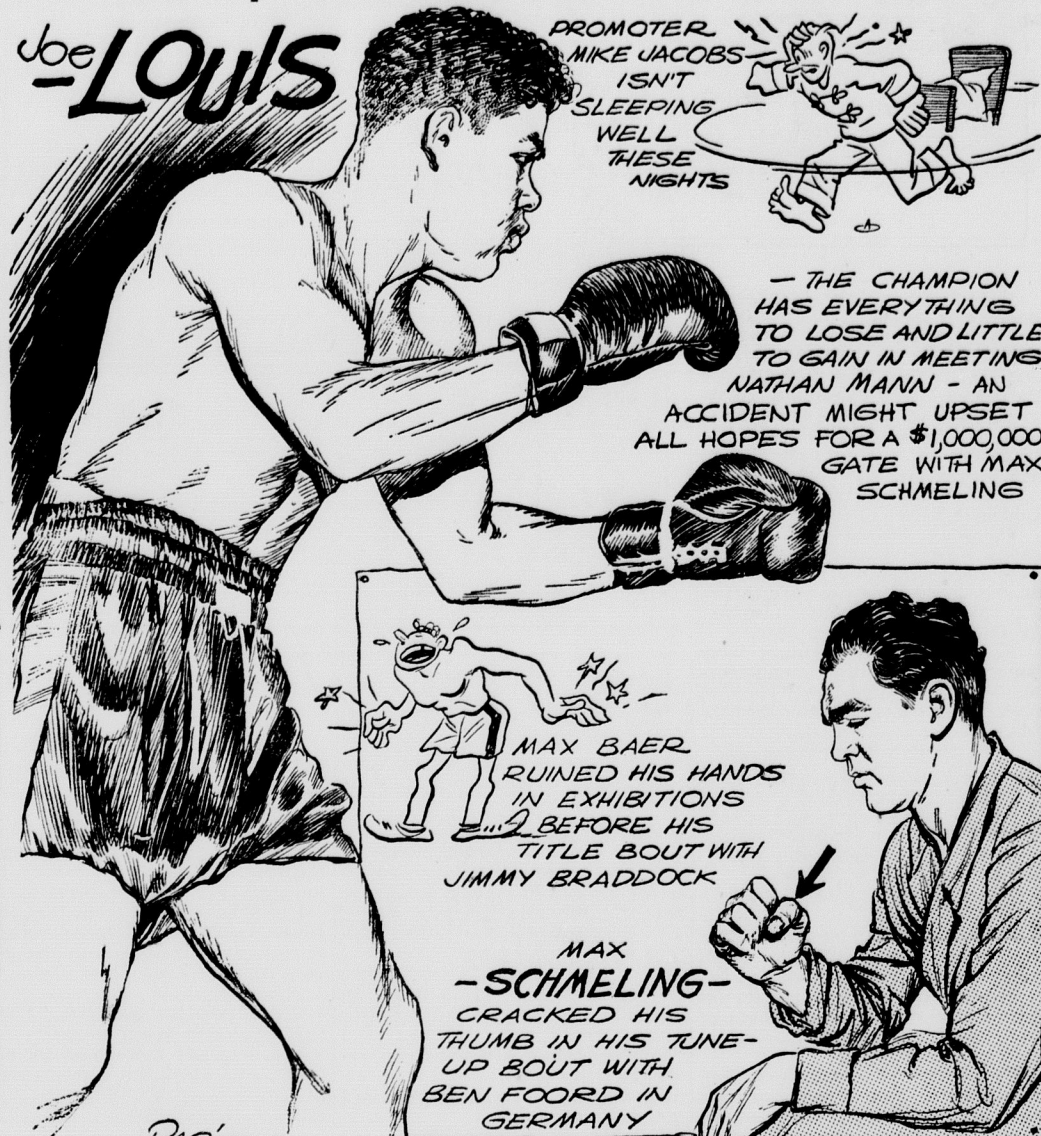

NEW YORK, (AP)—Next week's Tony Galento-Harry Thomas fight promises to be one of those good alley brawls from away back yonder. . . Any day now you can look for the Dodgers to make some news. . . Max Baer told Broadway hello and good bye to one hour yesterday. . . The strange goings on from that guy, "Haw," . . . After Constance Smythe, coach of the Toronto Maple Leafs, had rushed across the ice and socked Referee Billy Boyd Sunday night, Connie explained he was only trying to straighten Boyd's necktie.

"Haw," . . . The Ridout and Brown twins on the North Texas Teachers' relay team made a smash hit with New Yorkers. . . Some of the smart boys are weakening on War Admiral in the \$50,000 Widener handicap race.

Plenty going on around here. . . Work is being rushed on Jack Dempsey's new Broadway bar. . . A few hours after Tommy Farr had left a taxi loudly bawling out, a stunning brunette who remained inside, Tommy stepped on the stage at Billy Rose's new night spot and sang "Do You Remember Me?" in a not too bad tenor. . . (Customers gave him a hand). . . Max Baer totes a picture of his kid around in his pocket and shows it off on the slightest provocation. . . Positively lovely the way Jack Dempsey and Jack Kearns are falling all over each other. . . Those pictures of them shaking hands couldn't have been purchased for any price 10 years ago. . . It's Ruppert vs. Gehrig today and it's likely to be a draw.

Tarzan White, guard for the

### Tune-Up Bouts Give Promoter Grey Hairs

### MILLS' RALLY UPSETS L. A. FIVE, 38-36

After taking it on the chin 21-7 at the end of the first half, Santa Ana's Woolen Mills collected their forces in the final period to trim Los Angeles Public Schools independent club, 38-36, last night in the Y. M. C. A.

Tommy Lacy shot 14 points through the hoop in the last period, taking scoring honors with 18. Starting the second round of the county league schedule, the Mills play at Huntington Beach Thursday night.

Woolen M. (38) Pos. (36) Pub. Schools  
Lacy (18) F. (12) Dwyard  
Stanley (7) F. (12) Madala  
L. Barnhart (2) C. (4) Flint  
Lachman (2) G. (13) Jaeger  
Browning (5) G. (12) Morisman  
Substitutions  
Mills—Randall (2), Jackson (3).

**SULLIVAN, ACE JOCKEY, DIES**

SAN DIEGO, (AP)—Jimmy Sullivan, 23, jockey who was injured in a race at Agua Caliente Jan. 30, died yesterday in a suburban sanitarium.

His father, James A. Sullivan, flew here from Washington, D. C., and was at his bedside when he died. Other survivors are his widow and baby.

### OREGON LEADS NORTHERNERS

PULLMAN, Wash. (AP)—Oregon, this year's chief northern division Coast conference basketball threat, and Washington State college, defending champion, ranked one-two today after convincing victories over Washington and Montana, respectively.

Oregon downed the Huskies at Eugene, Ore., last night, 59 to 43. W. S. C. defeated Montana, 59-37. The teams play again tonight.

The Oregon victory kept the Webfoot in first place and relegated Washington to the second division.

In a non-conference game Idaho trounced the Gonzaga Bulldogs 35 to 24 at Spokane.

**PACIFIC COAST CONFERENCE**

Oregon 8 3 727  
W. S. C. 7 4 636  
Idaho 7 4 583  
Washington 7 6 538  
Oregon State 4 8 333  
Montana 3 10 231

**Loyola Cagers Nip Santa Clara, 33-31**

SAN JOSE, (AP)—Falling in a last-minute rally, Santa Clara university dropped a 33 to 31 basketball game to Loyola last night. The score was tied ten times and the lead changed with almost every field goal. Vide Kriste, Loyola center, was high point man for the night with 10.

### Tuneup Bouts Add to Mike Jacobs' Worry

Promoter Mike Jacobs is spending many sleepless nights with his \$1,000,000 baby, the Louis-Schmeling bout. Anyone who has the idea that Uncle Mike's troubles ended when he got the signatures of the fighters doesn't know much about promoting a fight.

The details of arranging the site, the ticket distribution, the heavyweight in the ring, the promoter busy. But Jacobs has other worries.

With the fight nine months away when contracts were signed, both the champion and contender deemed it necessary to engage in tune-up bouts. And that is where Jacobs' newest, and perhaps biggest headache comes in. An accident—a seriously broken hand or a deep cut—might interfere with his plans. Worse still, some unknown might land a lucky punch and upset the entire apperact.

On all sides Jacobs was told Harry Thomas packed a real punch, and until Max Schmeling knocked out Thomas, the promoter walked around with his fingers crossed. It was lucky that the Schmeling-Foord bout took place in Germany, or Schmeling's showing might not have helped the gate in the coming contest. Schmeling beat Foord, but failed to knock him out.

The tipoff on how Jacobs figures Louis' coming tune-up fight with Natie Mann is the fact that Jacobs signed Mann to an agreement to meet Louis in a return bout, in the event he defeated the Bomber. Of course Louis figures to beat Mann, but the latter is young and rugged. Not a stiff puncher, more of a mauler, Mann can cause trouble for anyone, and that includes Louis. Jacobs will feel a lot better with that one out of the way.

Tune-up bouts serve nicely to help build up the big fight—if they work out according to schedule. But every now and then comes an upset.

**Steve Strellich on Dude Chick-Wild Red' Berry Card**

Smiling Steve Strellich, the flying Slavonian, who is widely known through Orange county as the "Terrible Swede," makes a "comeback" bid Thursday night at the Orange County Athletic club.

Strellich, who was injured in a match with "Wild Red" Berry recently, has fully recovered and is determined to wrestle his way to a rematch with the fiery Red by defeating Jimmy Goodrich, former Notre Dame grid star, when they clash in the opening bout of the championship program.

Dude Chick and Berry meet in the three-fall-to-a-finish main event for the world title. Two three-fall 45-minute tussles, billed as a double semi-windup, show Yukio Jake, colorful Alaska miner, vs. "Pretty Boy" Ernie Plakus and Marshall Carter vs. Felipe Romero, the undefeated Mexican junior heavyweight.

Oregon downed the Huskies at Eugene, Ore., last night, 59 to 43. W. S. C. defeated Montana, 59-37. The teams play again tonight.

The Oregon victory kept the Webfoot in first place and relegated Washington to the second division.

### LENGLLET WILL CARRY EDGE OVER BRAY

LOS ANGELES, (AP)—Two towering heavyweights, Andre Lenglet of France and Big Boy Bray, Los Angeles negro, headline tonight's fight card at the Olympic auditorium in a 10-rounder.

Each stands 6 feet 4 inches, and has shown improvement in recent starts. The Frenchman will enter the ring a slight favorite.

Since his fight with Alberto Lovell at the Olympic, Lenglet knocked out Al McCoy, crack Boston heavy, in two rounds.

Lenglet has also defeated Buddy Baer, rated by Gene Tunney recently as the outstanding young heavyweight in the ring.

Bray has shown startling improvement in his recent workouts. Equally interesting will be the semi-final, between towering, spidery "Home Run Henry" Mobley, negro light-heavy star, and Sal Herrera, grizzled Mexican veteran, who socks well with both hands.

Quarter-miler Jim Johnson and Half-miler Jim Elliott, and Hugh Neillmer worked out. Johnson may be turned into a high hurdler. Veteran Harry Griffith will hold down pole-vauling duties. Donald Hall will concentrate on the two-mile. Joe Kobayashi turned out for the hurdles.

Missing were Herschel Whitney, Saint miler, who has a time of 4 min. 48 secs. in the four-lap run. Lettermen Les Huhn, Erwin, and Elmer Eason, also were absent. Ted DeVellis will

## FILM MART AGOG OVER WHO'S WHO

HOLLYWOOD. (AP)—Artistic opinions clashed in studios from Burbank to Culver City today as 15,000 actors and technicians of the film industry weighed the nominees for "best" achievements in 1937.

It was a free-for-all argument, with the ballot box as the final answer.

For the first time in the history of the Academy of Motion Picture Arts and Sciences, winners of its gold statuettes will be decided in a "democratized" poll.

After 15,000 votes, instead of the usual 1,000, are counted, the symbolic statuettes will be presented at the academy's annual banquet on March 3.

Five actors and five actresses were nominated as having given the best performances during 1937. Two, Paul Muni, and Louise Rainer, won awards in 1936. Muni was nominated to repeat on the basis of his fiery-tongued eloquence in "The Life of Emile Zola." Miss Rainer was chosen again for her Chinese peasant characterization in "The Good Earth."

Other actors nominated: Charles Boyer in "Conquest," Fredric March in "A Star is Born," Robert Montgomery in "Night Must Fall," and Spencer Tracy in "Captains Courageous."

Besides Miss Rainer, the actress nominees were:

Irene Dunne in "The Awful Truth," Greta Garbo in "Camille," Janet Gaynor in "A Star is Born," and Barbara Stanwyck in "Stella Dallas."

## Adult Education

Louise P. Sooy of U. C. L. A. will open her spring series of lectures on Costume Design, Thursday evening, Feb. 10, at 7:30 p. m. in the Willard auditorium. Mrs. Sooy was with us last fall and was most enthusiastically received by some two hundred women at each lecture.

Mr. T. H. Glenn of our own junior college will present the Travel lecture this Tuesday evening, Feb. 8, at 7:30 p. m. in the Willard auditorium. Mr. Glenn will tell of interesting places and experiences in England. He has been a student at Oxford, has bicycled through Southern England and Ireland and has conducted tours in England and on the continent. These experiences have added greatly to his interest in English literature. Mr. Calvin Flint, dean of men at the junior college opened this series last week. He and Mr. Glenn will continue to "take us" through Europe for several weeks on Tuesday evenings.

Mrs. Helen Walden and Mrs. Golden Weston are among those who have had the pleasure of being luncheon guests at the Household Service Demonstration project of the W.P.A. The project is housed at 1811 Bush, where women between 18 and 45 years of age are trained for household employment. When these women have completed their training, employment is found for them and they are dropped from the relief rolls. Anyone interested may call between the hours of 10 and 12 or 1 and 3 to observe this most interesting and practical unit of work.

The metal craft class is doing more and more work in copper. The making of small copper lamps is one of the latest undertakings.

The class in everyday legal problems will take up the question of mortgages next Wednesday and will follow that with the discussion of trust deeds. Almost everyone has had an experience with one or the other of these institutions and should be interested in attending this class.

Tonight the series of forums starts in the Spurgeon auditorium, 210 West Cubbon. W. W. Mather, Chaffey Junior college, is the leader. Mr. Mather will also lead the discussion next Monday night, the 14th, and the following Monday night, February 21. The subject for February 14th is "Good-will Incorporated." We shall be glad to welcome back our forum group.

Do you know that there is a class in blueprint reading at the Lathrop Evening High school on Wednesday evenings? Contractors, electricians, carpenters, plumbers, and everybody else who ever built a house or expects to build a house can derive benefit from this class.

One coming into the machine shop class might think that war was imminent. But it is not that, it is just that there are a great number of people in Santa Ana interested in rifles especially old-fashioned muzzle-loaders. Almost every evening someone is there tinkering with an old muzzle-loader, or adjusting sights, or making a bullet mold or something.

Mrs. Ernest C. Amling added much to the pleasure of the flower arrangement lecture last Thursday evening by bringing some lovely rose buds and gardenias.

## Man Convicted Of Tapping Juice

Manuel Ysias, 31, 2304 West Fifth street today was found guilty of a charge of tapping a Southern California Edison Co. wire and stealing electricity. Pronouncement of judgment by justice of the Peace Kenneth E. Morrison was set for Feb. 11.

**VIOLATOR SENTENCED**  
Ralph M. Robertson, 24, San Bernardino is now serving a 60-day sentence in Orange county jail on charges of violating the federal immigration act.

## Sun Valley Patrons Get Bus Service

Modern automotive transportation, as represented by Ford V-8 buses and trucks, is contrasted with the reindeer sleigh and the dog sled at Sun Valley, the Union Pacific railroad's famous playground in Idaho. Five buses, with enclosed bodies of special type, transport patrons to the resort hotels and the bases of various ski courses in the high mountain valley.

The buses are equipped with ski racks. Eight teams of reindeer, like the Donner and Blitzen pair at right, and six crack dog teams, like the huskies shown, also are available for use by patrons.

The transportation units were bought after railroad engineers had made careful study of the problem of transportation through Idaho snow.

## It's This Way.....

—By DONALD BUTTON

What is a library? How does it best serve a community?

Why do we need a new building for our Santa Ana Public library? These are questions uppermost in my mind when many people are asking, "What is the function of an art-museum, of a junior college or a civic center?"

It is important to realize we have now reached that stage in our thinking where we demand to know "what," "why," "when" and "how" before we attempt the physical structure.

These questions I would have you ask, and answer, in the consideration of a new library for Santa Ana.

To those who say the present building is adequate, let me point out that...

It is more than 30 years old.

It never was intended to serve more than a 10,000 population whose reading was almost entirely fiction, let alone 35,000 who find it necessary to be much better informed on current events, matters of state, let alone the improvement of leisure time.

Neither pre-school nor adult education were being given a thought.

Means of transportation and communication were so limited, one seldom felt the need to inquire beyond his own neighborhood.

Libraries, then, "circulated" books. They did not sponsor reading courses, book reviews, art exhibitions and chamber music, nor did they have prints to lend.

There was no attempt to sell the library and its facilities to the public. It simply was there. And one who read more than one novel a week was considered "lazy," a "bookworm."

The word "library" being derived from the Latin "liber" has, from an early time, denoted a place in which books were kept.

But it was not until 1732 that Benjamin Franklin founded the first membership library, and not until 1833 that tax-supported libraries came into being.

It is common knowledge that Andrew Carnegie gave in excess of

had money (that's about \$16 American) per quarter for the duration of the war. Probably he or she wants to give this money, but there is no option in the matter.

**THEY PAY UP**

If you don't pay, you are visited by a committee of grim-faced individuals who manage to assume the air of the old-time hatchet man. They crowd about you and regard you in gloomy silence. By the time they have measured your height and width with funeral eyes, you reach for your pocket-book and pay up.

Anyone who doesn't do his share is a slacker and made to feel the scorn of his associates. The latest rule is that if the \$50 Shanghai isn't forthcoming quarterly, no Chinese employer in New York may give work to one who is remiss.

Many of the contributions from the well-to-do run into large sums. One San Francisco Chinese is said to have donated \$1,000,000, Shanghai. Besides these contributions, all sorts of schemes are afoot to raise money.

**OTHER METHODS**

There have been numerous dragon parades, with the populace loyally lining the collectors with paper money and coins. Several thousand tin money boxes in restaurants and stores regularly draw goodly sums in change.

Before the Japanese invasion Chinatown used to handle some Japanese proscriptions, mostly curios and a few foodstuffs. Now there is a fierce boycott of everything from Nippon.

The heart of Chinatown is in the war. Every scrap of news from the mother country is devoured eagerly. You will see the Lows and the Lees, young and old, grouped on the narrow sidewalks before bulletin boards, reading the latest from Chinese characters on big posters that look like enlarged laundry checks.

**PAROLE VIOLATOR**

Milton William Mitchell, 44, Los Angeles, was being held in Orange county jail today for revocation of parole by Los Angeles officers.

## LOW BUTTER PRICE WAITED

With reports from Chicago that cash butter prices dropped during the week-end to the lowest level since July, possibility was voiced here today the housewife may enjoy a corresponding benefit in Orange county.

Pound wholesale price here is around 34 cents at the present with retail quotations at about 39 and 40 cents. A change in the market over the week-end would not be felt locally until this evening or tomorrow morning. At Chicago extras lost 1½ cents from Saturday's quotation and were priced today at 30 cents a pound compared with 33 cents a week ago and 39½¢ in December. Butter futures were quoted around the lowest level for the last five years.

## SALT LAKE'S MAYOR QUILTS

SALT LAKE CITY. (AP)—Resignation of Mayor E. B. Erwin, announced by the Salt Lake Tribune, drew from City Attorney Fisher Harris the comment that it "greatly simplifies" matters.

Harris in a letter of charge of an inquiry into alleged "payoffs" for police protection, declared "I have expected all along that such a resignation would be forthcoming in due time. It greatly simplifies the solution of the problem precipitated by this investigation."

It was on Jan. 21 that Harris sent a letter to the five-man city commission detailing gambling and vice establishments which, he said, existed with police knowledge and protection.

## Auto Stickers To Tag Tourists?

Automobile windshield stickers designed to tag tourists in this community as guests of Santa Ana would be placed upon windshields of out-of-state cars under a proposal made yesterday before members of the chamber of commerce directors.

The directors also asked the hospitality committee to submit prices on directional signs. It is proposed these signs be placed by the side of all major highways leading into town inviting tourists to visit the chamber of commerce for information of interest to them. Cost was also requested on a neon sign on Main street pointing out the new chamber of commerce building.

What is a library, anyway?

I like to think of a library as a community's cultural center, from whence radiate, and develop, those things which make a better community.

I like to think of it as encouraging interest in government through book reviews and books. It is difficult to be well informed on government, and yet there never was a time when one needed so to be.

I should like it to be the place where a community's drama developed.

I should like it to be able to indicate the trends in sculpture, ceramic, and the crafts as well as painting.

I should like it to encourage chamber music.

Most of all, I should like it to give these things so naturally to the public that they became incorporated in that public's daily living instead of floating over the surface and probably blown away.

Figuratively, there's probably no immediate danger of the library building falling down about our heads.

But if the library staff should push out the walls to make room for their present needs, the roof should surely come tumbling down about those same heads!

Economy and efficiency of operation could be measurably increased were the now-separated, and orphaned children's library returned to the fold.

There are questions of place, of building type, and just what to include to consider.

Begin now to think for a new library!

## SILHOUETTE INTEREST IN FROCK DESIGNED BY MARIAN MARTIN

PATTERN 9620

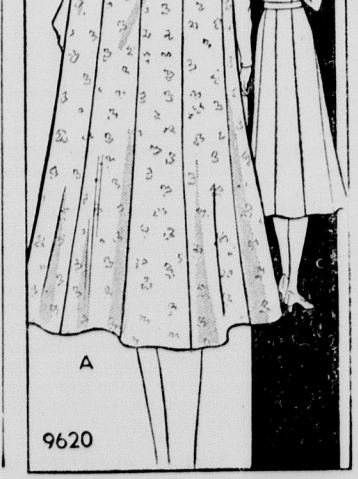

Everywhere you go you hear style enthusiasts talking about the new silhouettes and here's a perfect example of one of the most popular versions... a 10-gore skirt with lots of "swing," topped by a simple bodice with its sleeves puffed and dashing slashed. Order pattern 9620 and make your self this dress at once, for whether you wear a size 14 or 40, it's ready to take you places looking your youngest, slimmest, gayest self. A dress that's "bound to succeed" in any fabric, silk, synthetic or cotton... in solid colors or prints in a riot of color. Complete Marian Martin Diagrammed Sew Chart is included to help you "turn out" this dress, looking as though it had been made by an expert seamstress.

Pattern 9620 may be ordered only in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28 and 40. Size 16 requires 3½ yards 36-inch fabric for view A.

Send 15 cents in coins or stamps (each preferred) for each Marian Martin pattern. Be sure to write plainly your name, address, and style number.

Marian Martin's New Spring Pattern Book is ready for you order it today! Brimful of New fashion thrills! Career clothes, party clothes, everyday clothes, lovely graduation styles... and a glorious trousseau for the Spring Bride... plenty of things for everyone from baby to grandmother. All easy-to-follow patterns that make home sewing a delight. Order today. Price of book 15 cents. Price of pattern 15 cents. Book and pattern together 25 cents.

Send your order to The Journal Pattern Department, 117 East Fifth Street, Santa Ana, Calif.

## Secret of Rich Gold Mine Dies With Mysterious Owner

RENO, Nev. (AP)—Death a few months ago of Ed Hartney, veteran miner, left a 30-year mining mystery unsolved, according to C. C. Higgins, Reno editor.

Hartney had operated for years in the vicinity of Big Mouth canyon, a few miles southwest of Nixon, but always kept his activities secret.

Each winter he is reported to have spent his time extracting rich tellurium gold ore, saving the concentrates and grinding them out with a large mortar or miller.

Each spring he was seen making his way to the railroad station, staggering under the weight of two large suitcases. No one was permitted to inspect or even touch them.

Acquaintances said he had told them he spent the summer months traveling for pleasure through various countries. They quoted him as saying he had purchased a farm in California with his surplus earnings, and had given it to a sister, and that he had made other gifts to relatives.

Each winter he shipped supplies up the canyon to the end of a road and would then carry them up a trail to his cabin, allowing no one to accompany him. Subsequent inspection of a tunnel known to have been driven by Hartney failed to disclose any traces of gold.

At one time, it is said, government agents became suspicious of the miner and made a close search of his premises to determine whether or not he had been making counterfeit money. They found no trace of any wrong doing.

During the past few years, Hartney's health failed him and he was reported to have been unable to find the trail to his own cabin. His body was found recently in a tributary to Secret canyon and authorities said he had been dead about six months.

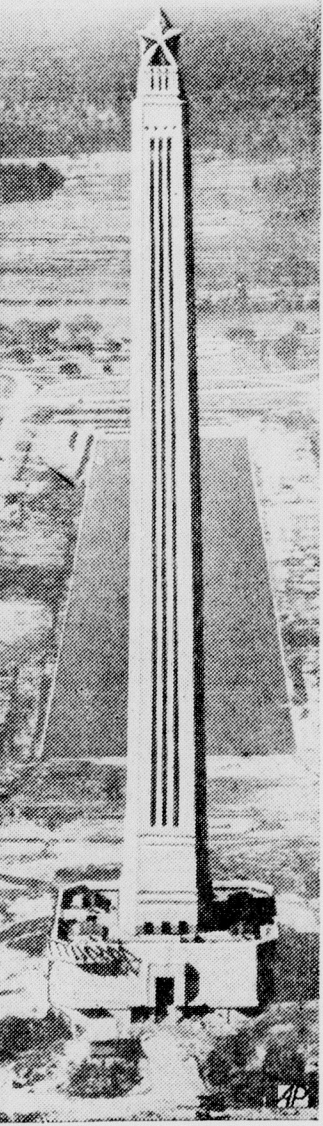

## Morals Offender Gets 75 Years

Faustino Saucedo, convicted here in 1935 of a morals offense and kidnapping, must serve terms aggregating 75 years, the state board of prison terms and paroles decreed today.

Saucedo was convicted with Frank Rosa, who has been sentenced to 50 years for abducting a woman and attacking her.

## Heroes' Reward

Texas is erecting this memorial higher than Washington monument on San Jacinto battlefield to commemorate the battle 102 years ago between Texans and their neighbors below the border.

Texas is erecting this memorial higher than Washington monument on San Jacinto battlefield to commemorate the battle 102 years ago between Texans and their neighbors below the border.

## MOVING DAY FOR WPA

'Twas moving day yesterday at the Ramona building where the Orange County WPA administrative staff maintain their headquarters.

The prodigal Women's and Professional division timekeeping department, which moved from the building more than a month ago to a location on South Broadway, returned. This group will be combined hereafter with timekeepers of the construction division. Under the new set-up, ordered by the Long Beach office, there are to be five travelling timekeepers.

The remainder of the Women's and Professional division will continue to use the South Broadway office.

## Mrs. Bibber Rites Set Tomorrow

Mrs. Annie L. Bibber, 84, who died Feb. 5 at her home at 601 Washington avenue, Whittier, resided in Orange county for 40 years before moving to Whittier.

Mrs. Bibber was born in England. She is survived by a daughter, Mrs. Alice Van Bibber, and a step daughter, Miss Prince Bibber, both of Whittier.

Funeral services will be held from Smith and Tuthill's mortuary today at 2 p. m. with the Rev. Otto Russell officiating. Interment will be at Fairhaven cemetery.

## Orange Mayor Court Witness

Dr. A. Croxton Boice, mayor of Orange who faces petty theft charges in connection with his use of city gasoline, appeared in superior court today as a witness in another matter.

Mayor Boice was called to testify in the \$2548.75 suit of Mrs. Henrietta Dubraks against the estate of her late brother, Henry Diesel. The case ended in a non-suit.

## ILLEGAL RE-ENTRY

Berulo Mendez, 45, 1823 West First street, Santa Ana is booked at the county jail on a federal charge of illegal re-entry into the United States from Mexico.

## WHO'S NEXT?

plenty OF HOT WATER WITH AN AUTOMATIC GAS WATER HEATER!

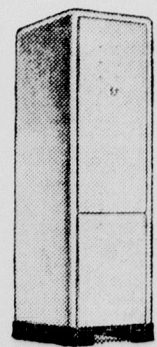

No matter how many calls on the hot water supply, an automatic gas water heater "stays ahead." It gives you all the water you want—at any time—for any purpose. Just turn on the faucet.

Furthermore, in these modern heat-

ers the temperature of the water is thermostatically controlled. You enjoy additional economy, too, in the extremely low cubic foot gas rate.

See the attractive new models of automatic gas water heaters at merchant plumbers', dealers' or your gas company. Be sure to specify a heater of adequate capacity for your family's needs. Payment arrangements are easy.

SOUTHERN COUNTIES GAS COMPANY

For longest, most efficient service, buy a heater with tank of rustproof Monei Metal, Everdur, or other non-ferrous alloys. Attractive terms.

Look for the Blue Star Seal of Approval on every gas appliance you buy.

Natural Gas — YOUR QUICK, CLEAN, ECONOMICAL SERVANT

## HOUSING ACT PROMISES BUILDING BOOM

SCHOOL AIDS  
SEMINARY  
DRIVE

Doing their bit toward swelling the total sought to be realized by the Catholics in Archbishop Cantwell's diocese for a new seminary the students at Marywood school, Anaheim, will give today a performance in the school chapel which summarizes their efforts over a period of many weeks.

The program: Opening with the overture, by Lavale, by the orchestra, essays were read by Jean Heying, Eileen O'Hanlon, Virginia Schofield and Jacqueline Nelson. Poems were recited and composed by Juanita Andreoli, Grace Eadington, Joan Eadington, Jacqueline Todd, and Miss O'Hanlon. Louise Ann Truxaw submitted a story, "Treasured Diary" and a playlet, "His Will and Yours" by Martha Jane Sexton, directed by Miss Todd, was staged with the following cast: Hortense Taylor, Virginia Huelskamp, Miss Schofield, Nancy Ganahl, Kathleen Burkhardt and Mary Elizabeth Pruitt. Miss Kraemer read.

Marywood students sang in chorus "Builders All."

The Glee club sang "Ave Maria" and "O Bone Jesu."

Rev. William North, superintendent of the archdiocese, was in charge.

J. M'MILLAN  
WILL PROBATED

James McMillan of Midway City, who died last Wednesday, left an estate worth \$77,400, according to a petition for probate of his will on file today in superior court.

The will, dated June 30, 1936, was presented for probate by a son and daughter, Donald McMillan and Mrs. Mary Agnes Taggart.

Mr. McMillan's estate consists, the petitioners said, of real estate worth \$24,000 and personal property worth approximately \$11,500. Bequests of \$200 each were made in the will to Viola Alford, Fred McMillan, Marie McLane and Lloyd McMillan, sons and daughters of a deceased son of Mr. McMillan, John Stewart McMillan.

Residue of the estate is to be divided among the sons and daughters, including the two petitioners, Grace Marion Clanton and Rachel Bauer.

C. OF C. INVITES  
RAIL AGENTS

The Santa Ana Chamber of Commerce is doing some apple polishing with the American Association of Travelling Passenger Agents by inviting its membership here in October.

The passenger agents will attend a convention in San Francisco next October. Afterward they will tour the state and the chamber directorate is anxious they visit Santa Ana.

Why? Because this select group of men direct tourists throughout the United States to places they should visit while travelling through California. The chamber directorate yesterday urged the passenger agents to see Santa Ana after visiting San Francisco.

City Asks Bigger  
Liquor Tax Share

The city of Santa Ana asks the state to return a larger percentage of the liquor license excise tax to the individual cities and counties to aid in carrying out of the act and to promote "temperance."

This recommendation was made last night by the city trustees after a communication was received from a Los Angeles city councilman urging adoption of such a resolution. Councilman Joseph Smith requested the "temperance" clause be inserted and that a copy of the revised resolution be sent to Governor Merriam.

**DRUNK DRIVING**  
Troy H. Woods, 26, Tustin auto camp, was committed to county jail yesterday when he failed to pay a \$100 drunk driving fine in Fullerton city court.

**Switch TO DODGE and Save Money!**

I Just  
Found Out  
Bird Messages—By  
MILLARD  
BROWNE

Every little breeze brings music to the finely tuned ears of M. G. Eighmey, Costa Mesa naturalist. Forty years of birdlore have seen to that, because he's been studying birds' habits, listening for their songs as long as he can remember.

A onetime banker, Eighmey turned his hobby into a business 11 years ago. Now he imports and breeds birds, ships them to every part of the United States and Canada under the trade name, Costa Mesa Bird Farm.

Because he deals principally in rare birds, Eighmey does as much business with outsiders as he does with Orange county residents. One of his best customers, in fact, lives in New York City.

Though they're a perishable commodity, fancy birds are rarely lost in shipping. They're crated, sent express and Eighmey guarantees live arrival. Food is fixed for them in the crate, and a patient container supplies them with water enough for even a transcontinental trip.

Inquiries have come from South America, Porto Rico and Spain, but the Costa Mesa bird man doesn't solicit foreign shipments, has sent birds no farther than Maine. One day's shipment included consignments to Miami, Fla., St. Louis and Baltimore.

Best customers at the bird farm, which recently has been expanded from three to five acres, are wealthy collectors of rare birds. Orange county itself has more than 500 small private aviaries, most consisting of only four or five varieties of birds.

Eighmey likes small birds best, specializes in raising them, though he has a fairly complete stock of bigger game birds. His 150-odd different varieties range in size from tiny golden-breasted waxbills (measuring two inches, overall) to big peacocks. There are no ostriches at the Costa Mesa farm.

Rarest bird in the place is a green Java peacock. (Garden variety of peacock is blue, comes from India). Another rare semipalm is his curassow, a wild game bird from South America, running about as big as a small turkey.

Commercially popular rare birds come from every part of the world, though most are captured in Australia, South America, Africa and India. Tropical birds live much better in temperate Orange county than do the harder ones from the polar regions, and Arctic specimens, like penguins, never have thrived in this country. (Admiral Byrd tried to bring some back from the south pole in a refrigerator, but they died.)

Most wild birds are taken from their nests while very young by natives, kept there until they grow up, then bought by big-time collectors, imported to the United States where they're sold to bird farms.

New York and Baltimore are the biggest importing centers, though San Francisco and Los Angeles collectors are doing more importing themselves lately. Eighmey buys common varieties by the hundreds, rare ones by the pair.

Hardest birds to handle are those which were trapped in their native country after they grew up. They rebel at captivity, frequently die, and never can be tamed. Trapped parrots, for instance, are called "broncos" because it's impossible to break them. All good parrots are either captured young or actually bred in captivity.

Bird breeding is the most difficult part of the business, Eighmey claims, though he plans to go into that field even more extensively from now on. Rapid changes in laws governing exporting and importing of native birds, he finds, makes it too perilous to count on future imports from some countries. Only way to be sure of having a supply, consequently, is for him to grow his own.

Greatest mortality in bird raising is in breeding, since females often die before they get accustomed to breeding pens. Though scientific breeding of rare birds is a long, laborious process and ties up hundreds of breeding pens, it still is the most fascinating part of bird business, the local naturalist claims.

Fascination of the thing is to study habits and conditions, then breed temperamental birds that have never before been propagated in captivity. Eighmey's done it several times, once produced one of the rarest "freaks" known.

That was a rare lovebird, which

naturally has green wings and a yellow ruff. This particular "freak," however, had blue wings and a white ruff, though it came from natural parents. The peculiar coloring, bird men agree, is as rare among birds as quintuplets are among human beings.

Longest-lived birds are parrots, which normally live as long as humans, have been known to last over 100 years. Parakeets usually live to 25 years or more, and average life of canaries is about five years, though one local canary was still singing at the ripe old age of 22.

Thousands of Orange county families have pet canaries, mostly rollers, though choppers are becoming more popular. Eighmey figures that's because choppers' songs are more "jazzy."

Cheapest birds are common finches, which sell at \$6 a dozen wholesale. Prices range from there up to \$150 apiece for a few of Eighmey's most rare varieties.

Only bird on the farm that isn't for sale is "Jerry," a raven given to Eighmey and his wife five years ago. Kept as a mascot, Jerry talks fluently when he wants to, absolutely refuses to open his beak if he doesn't feel like it.

Best talker the Costa Mesa bird man has had was "Jackie Boy," an Indian hill mynah. Every time a woman passed its cage, Jackie Boy chirped "Hello Sweetheart," usually said "Who are you? My name's Jackie" when a man walked by. Mrs. Eighmey trained the bird to talk, which may be the reason it said "Hello Sweetheart" only to women.

Jackie Boy was sold two years ago, and Mrs. Eighmey now is busy training another mynah. It's beginning to chatter, but isn't ready to perform yet.

Sensation of the farm a few years ago was a European gold finch trained to pull a tiny car full of feed up an incline by a string. It would show off every time, whether or not it wanted the feed. That bird also had a number of other tricks up its sleeve.

Eighmey sells bird supplies and feed, uses several different prepared mixtures to feed his own stock. He also grows millions of meal worms each year as feed for his soft-billed, insect-eating birds.

Key to successful bird raising, Eighmey thinks, is keeping a constant check on the condition of all his birds—and keeping pens clean and disinfected.

Constant fear of bird raisers is spread of some contagious disease, though it's never happened at Costa Mesa. Eighmey knows by looking—and listening—whether his birds are healthy.

ACCUSED RELEASED

LOS ANGELES. (AP)—Clement W. Nelson, 23, of St. Louis, held here for Illinois authorities on a warrant charging him with assault with a deadly weapon with intent to commit murder, stands released in municipal court.

Half-Minute  
News Items

(By Associated Press)

**RATTLE-BRAINED RAFFLES**  
RUSHVILLE, Ind. — Rushville's daffy house breaker who starts fires, turns on water faucets and plays other pranks but never takes anything from the houses he visits is on the loose again.

Gerald Voyles reported his house was ransacked and the telephone ripped from the wall—while someone broke into Wilbur Mahin's home, went through all the drawers and set fire to the second floor.

**DOWN THE HATCH**  
SAN DIEGO. — Twenty hard-boiled eggs figured in a new championship for San Diego.

Paul Christen ate them all in one minute and claimed the egg-eating title.

**LOST AND FOUND**  
KANSAS CITY. — When a stranger offered to sell a fireman's badge he found, Fire Inspector Joseph Maroney paid him a dollar, intending to do a fellow fireman a good deed. Inspector Maroney later learned his firefighter brother, Patrick, had lost a billfold containing the badge—plus \$60.

SEWER FLOW  
PERCENTAGES  
CHECKED

The flow of the joint outfall sewerage system increased during 1937 by nearly a half billion gallons over what it was in 1935, according to a report presented last night before the city council showing the relative percentages use each of the eight Orange county communities puts the system to.

Gallage flow in 1935 was 1,655,855,131 compared to 2,106,861,422 in 1937. Santa Ana contributed 42% of the gallage in 1935 as against 38% in 1937. Percentage use of the system from year to year over a three-year period for each city in relation to the other seven was as follows (first percentage quoted being for 1935, followed by the 1936 and 1937 ratios):

Anaheim, 18.20 (per cent), 16.14, 16.67; Fullerton, 17.54, 20.38, 21.90; Orange, 9.76, 10.71, 13.30; Placentia, 2.23, 2.34, 2.20; La Habra, 4.85, 4.31, 3.93; Buena Park, 2.69, 2.29, 2.18; Santa Ana, 42, 41.61, 37.78.

The report was accepted by the council and sent to the auditor for checking the percentages.

RECORD FENCE  
BEING BUILT

One hundred and 54 miles of chain link fence and 750 miles of barbed wire will go into the construction of Metropolitan Water district's new fence—one of the longest in the world, Manager F. E. Welmouth said today.

Work got under way today, with the awarding of three contracts for the job. The fence will protect open canal sections and reservoirs along the line of the 392-mile aqueduct.

Constructed over relatively flat sections of the desert, the canals of the Metropolitan aqueduct are the only sections exposed. All other sections are constructed in tunnels, or in conduits, siphons and pipe lines buried beneath the ground surface.

Convent Sisters  
To Receive Habits

Sisters Marie Patrick, Marie Theodore and Alma Louise next Saturday at the Novitiate of the Western Province will receive the habit of the Community and Sisters Marie Therese and Mary Madeline will renew their vows when His Excellency, the Most Rev. Archbishop Cantwell will celebrate solemn high mass in the chapel of the Marywood school, Anaheim.

Parking Solution  
Sought by C. of C.

The chamber of commerce parking committee will consult with Santa Ana's city planner before steps are taken toward recommending a solution to the auto parking situation here.

Various suggestions have been made by the members of the committee including parking meters, traffic tickets, and traffic re-routing.

Child Authority Urges  
Making Pal of Your BoyBy ERNEST ANDREW ROGERS  
National Child Welfare Authority;  
President, Montezuma School for Boys

In nine cases out of ten, the boy with the inferiority blockade—the boy who thinks he isn't wanted and who retires from friendships or close association with others because of it, actually wants to be friends more than anything else on earth. Win him over, make friends with him, give him other friends, and his inferiority will vanish.

Usually such a lad will have an absorbing interest in some one thing. But work up a real interest in his hobby, one that he will recognize as genuine, and you will have the key to the situation. It may be a long time before it actually will unlock his reserve, but eventually his shell will open, and your son will emerge.

I once knew a boy unhappy with a sense of his own inferiority, and burying it through an absorption in chemistry. He felt he was not good enough for the crowd, and the crowd, in turn, considered him a "stude" and a "grind." He was hurt by his unpopularity, for they never asked him to their rooms or on their hikes. And they called him "T. T."—short for "Test Tubes!"

After a great many seemingly casual talks and an exchange of ideas on the subject of chemistry, I prevailed on him to work up some demonstrations and stunts

CECILIAN  
TO SING  
TONIGHT

Halstead McCormac will direct his 40-voice Cecilian Singers in one of the group's rare concerts tonight in Orange Union High school auditorium.

Guest artist will be Louis Silva, Portuguese tenor, noted for his lead singing in several Los Angeles Griffith park operas. Silva will sing:

"Care Selve," from Handel's Atlanta; "Spirate Pur, Spirate," by S. Gaudy; "Hear Me, Ye Winds and Waves," from Handel's Scipio, and Julian Huarte's "Madrigal Espanol," in his first group.

The second group will include "The Wandering Jew," K. Moss's arrangement of the old Cornish "Floral Dance," Oscar Fox's "Hills of Home," and "The Vagabond Song," from the operetta, The Vagabond King.

Choral groups will include: "To the Spirit of Music," Percy Stephens; "As Joseph Was a Walking," George Oldroyd; "Glory Sky," Elves of the Forest; from Mozart's Die Zauberflote; Schubert's "An Die Musik," Johann Sebastian's Bach's "Bourree," Edward Elgar's "The Snow," Frank Bridge's "Peter Piper," Teresa Del Riego's "Homing," Curran-Dais' arrangement of "The Two Magicians," Charles Gilbert Spross' "Let All My Life be Music" and the Irish folksong, "The Minstrel Boy."

Sheriff Suit  
Victor in Court

Mrs. Zoe Stephens, who five years ago got a judgment against Sheriff Logan Jackson in a false arrest suit, appeared yesterday in superior court again as a witness.

Mrs. Stephens testified in an appeal of a \$50 judgment obtained by Mrs. Charlotte Newness of Placentia against Charles B. Frank in Anaheim small claims court.

Mrs. Newness has paid the \$50 down on a \$400 agreement for purchase of an Anaheim malt shop from Frank. She contended the shop was poorly equipped. Frank's appeal was being heard today in Superior Judge G. K. Scovel's court.

Mrs. Stephens sued Sheriff Jackson for \$25,000 over her arrest on arson charges July 14, 1933. She won a \$150 judgment against the sheriff.

Dance Pupils  
Present Program

Pupils of the Vera Getty Dance studio presented the program for the installation of Laurel Encampment this week in L. O. O. F. hall.

Those appearing included Ruth Cowdery, dancer; Patty Vaughn, singer; Babe Markwood, Jane McKee and Jack Burris, songs and dances; Eloise Jacobs, tap; Ralph Guldage, dancer; Betty Lou Hiner, taps; Dorothy Wall, Polly Struck, Betty Sutherland, Bobette Goodwin, songs; June Tway, Ruth Whitney, Beverly Dawson, Bette Henderson, Jeff Whitten and Lorraine Crawford. A special feature was a tap dance presented by an ensemble of 10.

For a full year she played the stellar role in Thomas Brown's Pictorial Circus, in Rio de Janeiro was leading lady in Sir Ben Fuller's Circuit, in Australia, and played the swank music halls of London, three and four engagements nightly.

**STOCK CLAIMED HER**  
Although the greater number of Miss Mason's appearances were abroad, she occasionally signed up for stock-show engagements while in the States between contracts. On one such engagement, at the old Orpheum theater in Los Angeles, which at that time was under the management of Gustave Walters, Miss Mason starred in a musical comedy which broke all previous attendance records and resulted in her performance being the only comedy-singing act ever presented by the Orpheum, to be held over six weeks by popular demand.

In recalling the actors with whom she had played, the old trouper named James Cruise, her leading man for five years; Theodore Roberts, the renowned character actor, George Melford and others.

"Those names may not mean much now," says Mrs. Ferguson, "but two generations ago, they were the Clark Gables and Gary Cooper of the day."

**COSTA MESA ACTIVITIES**  
For the past thirty years she has been active in singing and directing, having coached many an embryo actor with the sympathetic counsel only an old trouper can give.

Coming to Costa Mesa two years ago, Mrs. Ferguson immediately took an active interest in Townsend club work and in the interests of creating good-fellowship and providing entertainment for a town without either a moving picture theater or other place of amusement. She organized the Townsend Players, a local talent group composed of farmers, small businessmen and the semi-retired, nearly all of whom were elderly people like herself.

Most of her "company" had never in their lives appeared on a stage, but under the expert tutelage

## 'Old Trouper' Directs Townsendites

Mrs. Beulah Ferguson, well known on the Variety stage in the Gay Nineties, accomplishes wonders with local talent in Costa Mesa in organizing and training the Townsend Players.

By NELL MURBARGER

She is just plain Beulah Ferguson, director of the Costa Mesa Townsend Players, and a nice, motherly, rather plump lady who makes good juicy apple pies and baked beans for the Townsend pot-luck suppers.

Not many of her Costa Mesa neighbors know that more than a half-century ago, as the celebrated Miss Lilyan Mason, of the Mason Sisters Trio, she was the envy of the burlesque belles and the toast of the gay young blades as she played before the aristocracy of five continents, her name a byword in both music halls and the highest class opera houses.

In those days, the name Mason meant something in the legitimate theater, and after that, there was only one Lilyan Mason!

**BORN BACK STAGE**  
The Mason Sisters, Rose, Lilyan and Fannie, were practically born back-stage between acts, as the saying goes among show people, Lilyan, herself, first greeting the world in Nashville, Tenn.

By her twelfth birthday, the trio was touring South America, and fast gaining recognition for their singing and dancing novelty act.

As time passed, the celebrated Sisters' Trio broke up. Rose passed away and Fannie married and settled down to the quiet duties of a housewife in Denver. But the passing of time brought only greater ambitions and renewed vigor to the already vivacious Lilyan.

**FIRST ROLE AT 15**  
At the age of fifteen she played her first role as a leading lady. That part made her. From more or less anonymity as "one of the Mason Sisters," she had become "the great Lilyan Mason." After that the years rolled on in an ever-changing kaleidoscope of romance and hardwork, theaters and gaiety and excitement in all the great cities of North and South America, Europe, Asia and Australia.

For a full year she played the stellar role in Thomas Brown's Pictorial Circus, in Rio de Janeiro was leading lady in Sir Ben Fuller's Circuit, in Australia, and played the swank music halls of London, three and four engagements nightly.

In recalling the actors with whom she had played, the old trouper named James Cruise, her leading man for five years; Theodore Roberts, the renowned character actor, George Melford and others.

"Those names may not mean much now," says Mrs. Ferguson, "but two generations ago, they were the Clark Gables and Gary Cooper of the day."

**COSTA MESA ACTIVITIES**  
For the past thirty years she has been active in singing and directing, having coached many an embryo actor with the sympathetic counsel only an old trouper can give.

Coming to Costa Mesa two years ago, Mrs. Ferguson immediately took an active interest in Townsend club work and in the interests of creating good-fellowship and providing entertainment for a town without either a moving picture theater or other place of amusement. She organized the Townsend Players, a local talent group composed of farmers, small businessmen and the semi-retired, nearly all of whom were elderly people like herself.

Most of her "company" had never in their lives appeared on a stage, but under the expert tutelage

PERMITS FOR  
BUILDING  
SOUGHT

Council Swamped  
With Applications

Concurrent with the signing of the new federal housing act by President Roosevelt, a flood of applications for erecting business places, duplexes and other income buildings swamped members of the city council at their meeting last night.

Seldom do more than two such applications appear at a single session. Apparently a large proportion of this building has been held off for several months awaiting the signing of the new building act.

R. K. Jewett was granted permission for rezoning a lot at the southeast corner of Fourth and Pacific streets from a store and business plot to one for a residential court.

Walter Merker can now erect a duplex at the southeast corner of Cypress and Hobart streets. His application for special use on this property was acceded to.

The Best estate heirs may proceed with plans to erect a service station at the southeast corner of Fifth and Ross streets, having received this right by the city dads last night.

Other property owners, nonetheless anxious to build, but whose application presented last night for special use must await a public hearing in two weeks before the council will take further action on their cases, are:

J. J. Meisinger, asking for permission to build a court or apartment on Third street between Olive and Chelton streets; Mr. and Mrs. Samuel Perman, for erection of an auto court on the west side of South Main between Orchard and Edinger streets; George C. Post, a duplex on Broadway between Pine and Walnut streets and Thurza Marrs, building requiring posting for special use on Tenth street between Broadway and Birch streets.

COURT IMPOSES  
SPEED FINES

Six motorists paid an average of \$9.50 on speeding tickets in Santa Ana city court yesterday, as the majority of the day's business was given over to sentencing drunks.

Thomas Kirven, Anaheim, was fined \$15 on a charge of speeding 60 miles an hour in a 45-mile zone on West Seventeenth street. Other speeding fines: Alfred Morris Sample, San Bernardino, \$10; Anthony H. Heel, La Habra, \$10; Paul Schwenzefer, Jr., Palm Springs, \$8; Edward A. Baldwin, Santa Ana, \$8, and Edwin Corex, Santa Ana, \$6.

Mrs. Grace Lucas, Orange, was committed to county jail in lieu of a \$150 drunk driving fine.

WPA WORKER  
TO AID CHILD

Arthur Lee Caster, 47, went back to his WPA job today at the same old \$60 a month—but this time \$15 of it was earmarked for the support of his 7-year-old daughter.

Caster, who has been in jail since last week awaiting hearing of the charges in superior court, came before Presiding Judge James C. Allen yesterday and asked a continuance of his arraignment to May 6. Meanwhile he promised to make regular payments for the child's support. Judge Allen granted the request, made through Caster's attorney, C. E. Sprague.

## P.E.O. Groups Hear Three Lectures

Literature and travel interested members of the three Santa Ana chapters of P. E. O. when they gathered in the homes of members throughout Santa Ana and vicinity.

Because of the illness of Mrs. S. A. Moore, who was to have been hostess to members of the G. J. chapter, Mrs. Russell Caldwell took her place and entertained the group in her home near Tustin. About 15 members of the group gathered to enjoy a paper bag luncheon served at noon.

During the afternoon hours, Mrs. Bessie Hartigan of Fullerton presented an interesting program, discussing and reviewing recent plays in New York and on the Pacific coast. A brief business session was presided over by Mrs. Clarence Bond.

Lovely bowls of bright flowering peach and bouquets of stock and other spring flowers in delicate colors were used to decorate the home of Mrs. Holmes Bishop on Fairhaven avenue, when she entertained the AB chapter yesterday. Mrs. Charles Brisco was assisting hostess for the day, aiding in serving a tray luncheon.

Thomas H. Glenn, head of the English department at Santa Ana Junior college, delivered the featured talk of the afternoon, tracing word derivation and explaining the way in which the English language is constantly changing. Mrs. Clarence Nisson led the business meeting when plans were made to meet next with Mrs. E. D. White, who will be assisted by Mrs. O. H. Barr, co-hostess.

A valentine motif, symbolized by an old-fashioned nosegay which centered the dining room table, was employed by Mrs. Good Adams yesterday afternoon when she entertained the DI chapter in her home, 802 South Broadway. A tray luncheon was served to the guests at noon.

A. H. O'Connor, a native Australian who is now in the United States as representative for a steamship line offering trips to the Antipodes, visited the DI chapter to speak to them on his native country. After a short talk of explanation, he screened two reels of film and described the scenes being presented. He was introduced by Mrs. Hugh Lumb, who also conducted the business period.

## EASTER BRIDE IS SHOWERED WITH LINENS

The advent of spring marked by February holidays and the approach of Easter Sunday when Miss Betty Ross of Orange will be the bride of Alfred Oliphant of Santa Ana formed the incentive for a charming linen shower for the bride-elect given last Saturday night.

Hostesses for the pleasant event were Miss Helen Price, Miss Barbara Sutherland and Miss Barbara Sutherland in the Villa Park Heights home of Miss Sutherland. Pretty red and white decorations in keeping with the nearness of Valentine's day were used throughout the lovely home. The two halves of the shower original games for the evening, all of them centering about the bridal motif. Prize winners were Miss Helen Price, Miss Lawrence Rotolo, Miss Virginia Buhman, and Miss Pat Oliphant. Refreshments were served at small card tables later in the evening.

Guests at the party to shower Miss Ross, daughter of Mr. and Mrs. Ernest Ross, with beautiful linen pieces were Mrs. Dorothy Bosch, Miss Helen Price, Miss Eleanor Buckles, Miss Catherine Brewer, Miss Virginia Buhman, Miss Mary Robinson, Miss Dorothy Flintham, Miss Jo Greene, and Miss Virginia Humphries, all of Orange, Miss Pat and Miss Hazel Oliphant, Miss Geraldine Gilbert, and Mrs. Paul Wright of Santa Ana, Mrs. Eldon Packard of Anaheim, Miss Flavia Gallagher of Oakland, Mrs. Lawrence Rotolo of Los Angeles, and Miss Jane Leonard of Portland, Ore.

## RAVENKAMP HOME SETTING FOR PARTY

Miss Irene Ravenkamp was hostess last night to members of her contract club in her home, 712 East Fifth street, using a Valentine motif carried out by vases of red flowers throughout the rooms. Contract was enjoyed during the evening, followed by a delicious dessert course served at the card tables, where the Valentine motif was repeated. Present were Mrs. Lawrence Haupt, Mrs. Bert Banks, Mrs. Bert Hoffman, Mrs. Burley Durbin, Mrs. Albert Markel, Mrs. Walter Markel, Mrs. Perry Davis, Miss Jerry Haupt, Miss Bernice Borchard, Miss Estelle Schlesinger, Miss Lucille Howell, a guest substitute, and the hostess.

## CLUB ENJOYS DESSERT BRIDGE

Mrs. Edna Kinsella of Orange gave a charming dessert bridge for members of her club on Friday when she was hostess in the Doris Kathryn Tea shoppe.

Guests were seated at one table centered with a bowl of vari-colored anemones for the serving of a dessert course. Members present were Mrs. Osie Gardner, Mrs. Maud Swarthout, Mrs. Park Ash, Mrs. Oscar Carothers, Mrs. Della Lindsay, Mrs. Augusta Whisenand, and the hostess.

**GUILD TO MEET**  
St. Elizabeth's Guild of the Church of the Messiah will have a pot-luck supper when it meets at 8:30 p. m. Wednesday in the parish hall.

## GARDEN PARTY

Sheeting is cutting new fashion corners these days. Here you see it used to make a green frock piped in white and a yellow playsuit whose short trousers are buttoned to the blouse.

## Your Baby Book

By EDNA WILSON

Today we're going to forget all about birthday parties and trips for youngsters, and all the rest of the usual Baby Book gossip. So this time, we're going to devote the entire chapter to dewy-eyed newcomers to this world.

There've been so many of those charming new infants, that it seems we'll have to spend all our time telling you about them to catch up.

First on our list is a petite Miss who will be known to all and sundry as Karen Irene Clark. She is the cuddly first baby of Mr. and Mrs. W. A. Clark, who have a little nest at 812 West Bishop street. I'm sure you'll remember her dad and mom better if I tell you that his friends call him Alex and she is used to be known as Enid Kenyon. Karen made her appearance at exactly 5 minutes after 6 o'clock on Sunday evening, and let out many a lusty yell about the time the stork's wings began to flap in the distance. We hear that she has just seeds of light brown hair and bright blue eyes. She weighed six pounds when the stork left her at the Sargent Maternity hospital, and she's already proving what a good baby she is by just sleeping all the time.

And then there's another arrival of the past week-end. Yep, it was that anxiously awaited daughter born to the F. E. Farnsworths, Jr. on Sunday too. This pretty little girl was born at the Cedars of Lebanon hospital up in Los Angeles, and weighed in at seven pounds, 15 ounces.

This young lady really was anxiously awaited for her dad had been serving the telephone rang, waiting for a call to dash up to Hollywood where Eleanor was staying with her folks, Mr. and Mrs. Otto K. Olesen. Somebody else that expectantly waited were the F. E. Farnsworths, sr., who hurried up to Los Angeles yesterday to see the new arrival. From the visitors up to Los Angeles yesterday, we heard that the new baby hasn't as yet been named, but we'll inform you of that as soon as it's announced. She was sleeping yesterday during visiting hours, but her grandparents did not notice that she has very definitely auburn hair. And that seems to have been a trait of Granddad Olesen, so she comes by it quite naturally.

Just a little older is Master Charles Bowman Hardy, the first chickie of the Quincy Hardys out on East Walnut street. He's two months old now, since he made his debut at St. Joseph's hospital on Dec. 20, where he tipped the scales at seven pounds, six ounces. He's now close to 11 pounds and is rather chubby, but it's cute with his blondness and his big blue eyes. His hair, unfortunately, hasn't as yet decided whether it's going to be curly or straight, but his mom is waiting hopefully.

Charles Bowman is rather noisy for his age, but it's all cooing and gurgling, because he's too good a baby to cry much. He smiles when ever anyone talks to him, and loves to show off in front of company by being the bestest ever.

As to Charles Bowman's looks, it's more or less of a toss-up to decide which of his parents he most resembles. It seems that his nose is a perfect replica of his dad's, but on the other hand, lots of friends insist that he looks like Mrs. Hardy's brother. That'll be the subject of many a family discussion for some time to come, no doubt!

I was happily surprised to discover that Mrs. Eugene Bressel was a friend of mine some time ago when she was Miss Theresa Strancke of Anaheim, so it was lots of fun to talk with her about her little daughter, Nancy Anne Bressel. Nancy Anne is also a first baby, and she was eight weeks old just

last Saturday. (She was born at St. Joseph's hospital on Dec. 11.) Well, Nancy Anne now weighs ten and a half pounds, having gained exactly one-half pound per week. She's learning to take hold of things, although she really hasn't made up her mind what to do with them when she gets them in her hands. She doesn't cry much, but she spends hours just lying there cooing and playing with her hands and feet.

Nancy Anne has been smiling for the past three weeks, and we expect that she learned how just to show off her dimple that's very much like her mother's. Something that she didn't inherit from her mother, however, is her pretty mother's blonde hair and fair skin. She's quite dark, her hair is brunette, and her eyes are showing definitely that they're going to be brown before so very long. The little lass already loves her daily bath, and coos all the time. She also likes to ride in the car, and if it's a long trip she just curls up and goes to sleep.

The Bressels were expecting a girl, so they were happily surprised when their lunch provided like Daddy Eugene, but he thinks she looks like Theresa. And we might add, that the baby looks best in blue clothes, whether sweaters, bonnets, or jackets.

But you have my assurance that none of these mothers is the one that asked if she could "wean 'er baby on sauerkraut."

## LOCAL MAN WILL WED BALBOA GIRL

Announcement of the wedding of Miss Phyllis Rowan, daughter of Mr. and Mrs. Clara Rowan of Balboa to Charles Fischle, son of Mr. and Mrs. Richard Fischle of Santa Ana was made at a Valentine tea given Saturday afternoon at the home of Mrs. W. A. Weston in Balboa.

The ceremony will take place in the Santa Ana Episcopal church March 6. Eighty-five guests were present at the tea to receive individual announcements in the shape of valentines presented by two little girls, Barbara Weston, daughter of the hostess, and Lonita Vincent.

The tea table was beautifully decorated with red tapers, red lilies, and crystal candelabra. Heart-shaped cakes and open-faced sandwiches were served. The Mesdames Richard Fischle, F. R. Greenleaf, sr., Lew Wallace and Fred Crozier poured, assisted by the Mesdames Ralph Jenkins, Evan Jones, Lonnie Vincent, Harold E. Stahler, Willard Warr and La Verne Schaner. In the receiving line were the honoree of the occasion, the hostess, and the mothers of the bride and groom-to-be.

## PASTOR IS HONORED AT TEA

Given as a complete surprise to the Rev. and Mrs. Louis Alan White was a reception held following evening service Sunday night in the church parlor at the Santa Ana Church of Christ.

The Rev. Mr. White was ordained last Sunday at the First Church of Christ in Long Beach following the completion of his studies at the Bible school in that city.

Delicious refreshments of sandwiches, cake and coffee were served for the occasion. The serving committee was composed of Mrs. Homer Lindly, Mrs. O. Paul Jones and Mrs. J. Kelly, while Mrs. Elton Nichols and Mrs. Anna Cozad poured. About 60 guests attended the affair.

## Mrs. Coffing Is Hostess To League

Dispensing with the customary afternoon card, members of the Assistance league yesterday devoted their entire afternoon to an official business session, when many plans for the future were made and activities of the past were reviewed.

Mrs. L. D. Coffing was hostess to the group in her home, 2437 North Park boulevard, with the assistance of Mrs. Herbert Miller as co-hostess. The guests were seated at small card tables centered with graceful little bubble bowls filled with bright spring flowers.

Most important of the afternoon's business was the acceptance of the by-laws, following a complete discussion of each separate article. During the session, Mrs. Wilbur Barr was appointed chairman of a decorating committee which will supervise the decorating and furnishing of a new office for the league in the Ramona building.

Assisting Mrs. Barr in this new venture will be Mrs. William Thornton White, Jr., Mrs. Edgar F. Elstrom, Mrs. Lyman Farwell, and Mrs. Ed Hall.

Members of the Assistance league will be entertained next in the home of Mrs. George Briggs on North Broadway on Feb. 21. Mrs. I. F. Landis will be co-hostess.

## STORK SHOWER HONORS MRS. HENRY HUNT

Mrs. Henry Hunt was honored at a lovely baby shower given for her Sunday afternoon by her sister Miss Betty Lenhardt and a friend Mrs. Clarence Cole who were co-hostesses at the affair which was held at the home of Mrs. S. W. Hunt.

Delicious refreshments of tea, sandwiches and candy were served at a beautifully decorated table using a color scheme of pink and white. Stork-shaped cakes and pink candles and the nut cups were tiny crepe paper baby buggies. Mrs. William Lenhardt, mother of the honoree poured.

Guests attending the lovely Sunday afternoon affair included the Mesdames L. W. Wright, Walter Reed, S. W. Hunt, Clarence Cole, William Lenhardt, Henry Hunt, A. F. Gritton and the Mesdames Ginger Keeler and Betty Lenhardt all of Santa Ana, also Mrs. R. L. Lenhardt and Miss Catherine Weisser of Bell, Mrs. Joseph Hunt and Mrs. Wake Hunt of Burbank, and Mrs. Kenny Russell of Torrance.

## MISS NICOLAS IS BRIDE OF HEMET MAN

During a charming ceremony held at the Broadway Wedding Chapel, Miss Frances Marie Nicolas of Winchester was united in marriage to Vandon Clay Harris of Hemet.

The bride is the daughter of Mr. and Mrs. Marius Nicolas, also of Winchester. Mrs. Nicolas, the former Mary Blackmore of Tustin, is well-known in this region and has a number of relatives here.

The bridegroom is the son of Mr. and Mrs. Simon W. Harris of Hemet. The young couple will make their home in Winchester. The ceremony was performed by the Rev. William S. McDougall, a Presbyterian minister.

A small group of family and friends attended. The bride wore an attractive traveling suit and the young couple left by motor right after the ceremony for a brief honeymoon.

## CLUB VISITS HUNTINGTON LIBRARY

Forsaking their customary luncheon and informal social afternoon, members of the Stich 'n' Chatter club motored to Pasadena last Thursday to visit the Huntington Library in that city.

Each person took her own lunch along, and because of the rain the group sat in the cars to eat. Coffee for the entire group was provided by Mrs. W. P. Hagthorn.

Present were Mrs. Adele McKenzie, Mrs. Walter Ozmert, Mrs. Elsie Ward, Mrs. M. A. Yarnell, Mrs. Howard Spangler, Mrs. Ella West, Mrs. Mae Goddard, Mrs. Thelma Crane, Mrs. Edna Wood, Mrs. Ollie Howe, Mrs. Lila Ackore, Mrs. Mildred Hails, and Mrs. Florence Prunty. Guests of the members included Miss Sizer, Mrs. Pollock, Mrs. Holt, Mrs. Brid, Mrs. Beardsley, Walter Ozmert, and Peter Claverie.

## TRAVEL GROUP ENJOYS TRIP, LUNCHEON

In a change from the customary meeting in the clubhouse with a travel lecture, members of Ebells First Travel section did a little traveling of their own yesterday afternoon, when they took a short trip through the surrounding countryside.

The group met first for luncheon at Knott's Berry place near Buer Park, where they entertained their husbands as guests. Later they inspected the berry farm before continuing on their motor trip.

Included in the group were Mr. and Mrs. H. C. Dawes of Los Angeles and their houseguests, Mrs. Molly Pinkerton of Kansas City, Mo., Mr. and Mrs. George Smith, Mr. and Mrs. E. B. Smith, Mrs. W. M. Smart, and Mrs. M. S. Heathman. The section will meet next in the home of Mrs. E. B. Smith at 106 South Birch street, on March 7.

## Famed Singer To Present Concert

Having completed a fabulously successful tour of South America where the adulating crowds all but unhitched the horses from her carriage and manpowered it from the concert hall to her hotel, Marian Anderson, stellar negro contralto, rested for a brief time on an island off Finland prior to returning to America for her third transcontinental tour.

She will be heard here in the outstanding concert of the current season on Wednesday evening, Feb. 16, under the auspices of S. Hurok. The concert will be the supreme presentation of this year's series presented by the Santa Ana Musical Arts club, according to Clarence Gustlin. All seats are reportedly sold for her appearance in Los Angeles and other Southern California localities, and blocks of reservations are already coming in from outlying points for the local concert.

Vocal experts and music critics have been hard put to analyze or even explain the magic of her voice. Her early training developed a range of incredible extremes. Those who called her a contralto have been puzzled by her brilliant soprano-like upper register. Others judging her a soprano cannot escape the fact that her singing is crinkling low tones.

Furthermore, her talent for becoming the "it" rather than the narrator in any song endows her renditions with a living quality found in few singers. This has been true of her since the time many years ago when she sang in the Baptist church choir on Fitzwater street in her native Philadelphia. Many choose to call it the soul of her genius.

## STATE HEAD TO ADDRESS TUSTIN W. C. T. U.

Mrs. Eva C. Wheeler, state W. C. T. U. president, and Miss Ethel Hubler, national temperance worker, will be special speakers at the luncheon program of the Tustin W. C. T. U. at noon Thursday in the Tustin Presbyterian church dining hall. Mrs. Cora Torrens, president, will preside.

Included on the afternoon's program, will be a one-act comedy skit by Santa Ana Junior college students, vocal solos by 6-year-old Patsy Williams, accompanied by her mother, Mrs. Lewis Williams, of Santa Ana, and "cello solos by Miss Anna May Archer, with Miss Audrey Pieper as piano accompanist.

Committees in charge of arrangements are: Program, Mesdames Elizabeth Miller, A. M. Robinson, William A. Hazen and Miss Marjorie Rawlings; dinner committee, Mesdames Charles Whitney, E. Trotter, Mollie Smith and Cora Torrens; decorations, Mrs. Jean Tantlinger, and courtesy committee, Dr. Evalene Peg, Mrs. Margaret R. Utt and Mrs. Meliss Montgomery. All members and friends of the Union are invited. Each woman attending is asked to provide her own table service and a covered-dish for the pot-luck luncheon to be shared at noon.

## LOCAL COUPLES DANCE AT FORMAL AFFAIR

Pretty formal gowns were much in evidence Saturday night when members of the Santa Ana Psi chapter of Delta Theta Chi were entertained by the Rho chapter of Los Angeles at a Valentine ball in the unique Rainbow Isle room of Hotel Mayfair in Los Angeles.

About 125 guests danced during the evening hours to the music of Harry Baker's orchestra. Favors of dainty green and gold suede dance programs were distributed to the guests.

Prior to the dance, Miss Frances Hill was hostess to the local group at a spaghetti dinner served in her home at 805 Bush street.

Sorority members from the local chapter were Mrs. T. E. McLeod in a black velvet dinner gown with Hollywood roses. Miss Frances Hill in pale pink lace shirtmaker formal, Miss Irene Ross in black velvet with Empire blue sequined sleeves and an orchid, Miss Mary Bowyer in bouffant red-earth taffeta with gardenias, Miss Adeline Loylin in vermillion taffeta with gardenias, and Miss Alice Whitten in violet taffeta with a head-piece of gardenias and violet ranunculi. Their escorts included T. E. McLeod, Phil Crittenden, Marc Nielsen, Carl Bruesch, Dan Brown, and Ronald Hawthorne.

## MRS. WAYCOTT ENTERTAINS DRAMA GROUP

Drama section of the Woman's club met yesterday afternoon at the home of Mrs. E. M. Waycott at 901 Kelson drive for tea and study. Following a short business session Mrs. E. A. Elwell read a chapter from a book on "Play Creating" and Mrs. William Kuhn read a section of another volume on "Stage Deportment."

During the afternoon a section of a play with three characters was divided up among several groups and was acted out by the women who gave their own interpretations of the dramatic bit. Tea and cookies were served in Mrs. Waycott's cheery living room during a glowing fireplace. Among the Drama section members present were the leader, Mrs. J. D. Watkins and the Mesdames R. A. McMahon, M. O. Wells, Arthur Ecklund, Leland Ewbank, E. A. Elwell, Earl Ladd, Leonard Holman, Glen Cole, Charles Hossfeld, F. A. Martin, William Kuhn and Glenn Hulst. The next meeting of the section will be March 7 at the home of Mrs. Kuhn.

## STELLAR NEGRO CONTRALTO

Marian Anderson, widely-famed negro contralto, will sing in the Santa Ana High school auditorium on Wednesday, Feb. 16, presenting the concert which will highlight the current series sponsored by the Santa Ana Musical Arts club. The performance will begin at 8:30 p. m., and tickets are now on sale at the Santa Ana Book store.

## Mary Stoddard

### Man Down in Luck Seeks Assistance and Suggestions from Our Contributors

Never do we know or realize how sweet is the smile of good fortune until dark clouds of despair seem to blot it completely out!

When I was a child I memorized a little verse, but there is just a fragment which has remained through the years—"Into each life some rain must fall." According to a letter in the morning mail some rain drops have turned into a veritable cloud burst!

After my readers have read the letter from this young man I am going to ask their suggestions. Also will I ask the writer to send me his address or call at my office in person!

Dear Friend: Broke and broken! Alone in the mob! A man 33 and on the threshold of despair. A man of fair intelligence and a fair success up to now.

Events leading up to the present state of affairs are best forgotten—just unavoidable little things that change a man's life so quick—and so much. Family gone, through outside influence—clothes worn—shoes thin—room rent due—what now?

I came with a few dollars months ago—and a brilliant idea. An idea that could make me a fortune. A good sound idea that would enable several people to make a good and legitimate living. I talked with what seemed to me like "hundreds" of people. They all encouraged me, showed enthusiasm for the idea as outsiders, but not being exactly in their lines, they could not or would not help.

I have tried to get work in vain, and now with all resources gone, I turn to you as last resort. I cannot leave—I have no home. I have no money. I have not lost my enthusiasm, but am rapidly becoming "befuddled." I don't know which way to turn. I am hungry and tired. I can't sleep. I have been a poor hand to complain up to now, but isn't there a single person somewhere who will listen and give a fellow a break?

I do not want money. I merely want a chance to put my idea over. I have "staked" everything I have on it, and don't seem to be able to get it going in the right direction.

Some suggest I get a patent, others suggest forming a company and many other bits of good advice. But that all calls for money, and I have nothing but the stamp to mail this letter—my last chance.

I feel that somewhere within the scope of your column there is someone, man or woman, who will help me get started and work with me.

I cannot even hope for you to print this letter, but there must be some way for a clean young man to start over again!

I have turned to you because I have read your columns daily and "heard" so many contributors "airing" their troubles, some terrible, some trivial, but you seem so fair and understanding to all.

These conditions and my loneliness are driving me to distraction. Please help in some way—I can't go on much longer—I don't want to be a tramp and a burden to society. I want just a fair chance to prove myself. I want friends and understanding and companionship—I want to be happy and make others happy—that makes me happier than anything else.

I cannot go where people meet because of my financial state. I am actually getting frightened at what might come next. Won't you please answer me one way or another through your column? I will be watching for it. I only wish I could prove my sincerity and I wish to thank you for letting me get this off my chest.

Unusual as it is, you'll never regret any assistance or suggestions you may offer. Truly, this means everything to me.

Sincerely,  
A. E.

**TO MEET WEDNESDAY**  
Members of the Martha Washington club will meet at 1 p. m. Wednesday, Feb. 9, in the home of Mrs. Pauline Decker, 217 South Main street, for a covered dish luncheon.

## Play Series Planned By Women

With the welcome announcement that Miss Thelma Patton would be away from Santa Ana for only a few weeks, members of the Stanford Women's club of Orange county agreed last night that Mrs. Ed Elliott of Huntington Beach, vice-president, would substitute for Miss Patton during her absence.

Miss Mary Tuthill was hostess to the group last night when they met in her home in Victoria drive. It was explained at that time that Miss Patton would be in the Imperial Valley for a period of about six weeks, then would return to Santa Ana.

Chief business of the evening consisted of planning for the Orange County Tournament of One-Act Plays to be presented in the Orange Union High school auditorium on Thursday, Feb. 24. Mrs. Edna Congdon is in charge of arrangements, and announced that all proceeds would go to the Stanford Scholarship fund.

At the conclusion of the business session, the hostess served a dessert course, completed with the serving of tea and coffee at a lovely table. Tiny Valentine candles added a pretty touch to the table. Members will meet next in the home of Mrs. Ed Elliott in Huntington Beach, with the meeting scheduled for March 1. Present for last night's session were Mrs. J. Parley Smith, Mrs. Ed Elliott, Mrs. J. K. McDonald, Mrs. Mabel Dixon, Mrs. Ross Shaffer, Mrs. Edna Congdon, Miss Maryaret Swingle, Miss Vesta Nickerson, Miss Mary Tuthill, Miss Middleton and Miss Barbara Rurip.

## PRETTY TEA PRECEDES FIRST CLASS SESSION

Prettily arranged decorations set a charming keynote for the sandwich tea which members of the Faho class of the First Baptist church served at 5:30 p. m. Sunday preceding the initial session of the annual school of world friendship being conducted in that church for six Sundays.

Presiding at the tea urns were Mrs. William Denniss and Miss Mildred Marchant, with the assistance of Mrs. Ruby Toles and Mrs. Marian Platt. Mrs. W. A. Atkinson and Mrs. P. J. Reifel, teachers of the class, greeted the guests, assisted in their duties by Miss Irene Catland. Also helping during the supper hour were Miss Martha Moring, Miss Elsie Junker, Miss Lucille Hankin, Miss Edna Ingham, and Mrs. Vivian Nichols.

After the tea hour, the group separated for the classes. Mrs. W. H. Harrison and her adult class and the Rev. Harry E. Owings with his young people's class are studying Watson's book "What Is This Modern World?" The high school group taught by Mrs. Elsie Severance is using "Rebuilding Rural America" by Dawber.

During the general evening session, Dean Calvin Flint of the junior college spoke on the "Turkish Transformation" and Rose Marie Flint played a violin solo. "Meditation" from "Thais" Mrs. W. B. Lockett acted as registrar for the school, assisted by Miss Mary Coffman and Miss Dorothy Van Horn.

## BEG PARDON!

This little corner is set aside to correct errors that creep into the Journal from time to time. Reporters, editors and printers try to be accurate, but sometimes let them get by. When they are discovered we promptly and gladly correct them—Editor.

The Journal regrets that because of a mistake, Mrs. Herbert Stroschein's name was omitted from the list of executive board members for 1937 and 1938. The list should include Mrs. Stroschein, Mrs. John Newman, Mrs. Tevis Westgate, Mrs. Clarence Ranney, Mrs. Chester Horton, John Knox, Jr., Leland Finley, Don Plumb, Walter Bacon, with Hume West and Dr. G. Stanley Norton continuing over for the second term.

## CANDLELIGHT RITES INSTALL NEW OFFICERS

Brief but impressive were the candlelight services last night which the Sisterhood of Spinners installed their second group of officers. Setting for the rites was the home of Miss MaryAnn Newcomer, 110 East Eleventh street.

Miss Catherine Eklund accepted the duties as head of the group, officially known as supreme spinner. Miss Virginia Sheppard became sub-supreme spinner; Miss Carolyn Davis, keeper of the quill; Miss Marjorie Kenyon, keeper of the button box, and Miss Audrey Sattler, pledge mistress.

Outgoing officers included Miss LaVonne Franson, Miss Elaine McReynolds, Miss Marian Doty and Miss Mary Henderson.

Miss McReynolds led the discussion to complete plans for the fashion bridge tea to be sponsored by Spinners on Friday, Feb. 18, in the Ebell clubhouse. Miss Jean McDonald, Miss Lorraine Black, Miss Ruth Jump, and Miss MaryAnn Newcomer were appointed to have full charge of arrangements for the Penny Fair booth.

The fair will be held in the evening after the spinner tea.

Presiding at her last meeting, Miss Franson listed a series of amendments concerning grade restrictions to be voted on by the members. A meeting was announced for next Monday, when the rushing season for the new term will be planned.

Those present at the session were the Misses Gloria Kirchner, Ruth Jump, Virginia Pritchard, Jane King, Virginia Wilson, Elaine McReynolds, Virginia Scott, Catherine Eklund, Virginia Sheppard, Barbara Knuth, Irene Krisher, Phyllis Kogler, Lorraine Black, Jean McDonald, Marjorie Kenyon, Anne Wetherell, Marian Doty, Mary Henderson, Carolyn Davis, Marian Baxter, LaVonne Franson, Audrey Sattler, Elaine McReynolds, Peggy Paxton, Delpha Wollett, the hostess, Miss Newcomer, and Mrs. Grace Knipe, club advisor.

Miss Natalie Neff, 1801 Bush street, spent the week-end with Miss Jean Leive in Coronado.

Mr. and Mrs. Ben Lupton of Fort Worth were the guests of Mr. and Mrs. Leo V. Myers, 1410 Bush street, on Sunday, and expect to return this week for a longer visit.

Mrs. Cloyd Rice and Mrs. Will Vogelsong of Grand Rapids, Mich., visited Mrs. Ralph Mosher, 213 1/2 Buffalo street, on Saturday and expect to return for a more extended visit later. They are wintering in Los Angeles.

Mr. and Mrs. A. C. Motry returned to their home, 1618 Paha street, after a week's visit with the family of the latter's sister, Mrs. Kiley, and Mr. and Mrs. Ernest Duncan and Leon Duncan.

Mrs. Leray Quick, 2464 Heliotrope drive, and Mrs. Miles Wagner of Los Angeles spent the past week in the former's cabin at Snow Crest above Camp Baldy. Mr. Quick and Mr. Wagner went up for the week-end and brought the ladies home Sunday evening.

Mr. and Mrs. Wilfred Doll, 1430 Orange avenue, had as dinner guests Sunday Mr. and Mrs. Thomas Bagley of Los Angeles and Mr. and Mrs. Charles Conolly of Glendale. Mrs. Bagley is Mr. Doll's cousin.

Charles P. Martin, representative of E. G. Fritchard and Associates, Long Beach, will arrive in Santa Ana this afternoon for a several days combined business and pleasure trip.

James P. Felton, San Diego newspaperman, will be the house guest of Mr. and Mrs. Robert Guild this week-end.

Mr. and Mrs. E. Adelsberger of Marshfield, Ore., was a guest of Mrs. Dan E. Maloney, 930 South Broadway, yesterday.

## BUSINESS WOMEN MEET MONDAY FOR DINNER

International relations was the program subject of the Business and Professional Women's club which met last night for dinner at the Doris Kathryn Tea room.

Mrs. J. B. Wolfe, who has spent a good many years in China with her husband, gave an informal talk on the nature of the Chinese people and some of the interesting contacts she made while in the Orient. She met Mrs. Chiang Kai-Shek and her two well-known sisters, members of the Woo family. She also told how the complicated written Chinese is being simplified by some of the modern scholars of this country.

Miss Vanche Plumb was program chairman, and two other members of the program committee for this month, Mrs. Cora Prather and Mrs. Edith Thatcher, were present. Mrs. Laura McNaught presided at the meeting. Three guests were present for the meeting, Mrs. McCollum who is a visitor from Texas, Miss Lillian Dickson, junior college librarian, and Mrs. Dennis.

**AMBER CIRCLE**  
Members of the Amber Circle will meet for a 12:30 p. m. luncheon in the Masonic Temple on Thursday, Feb. 10.

## Happy Birthday

Today The Journal congratulates the following on their birthday anniversaries:

MRS. JAMES H. RUSSELL, 921 South Main street.

## MAJOR PREVIEW AT BROADWAY

A major studio preview will be screened at the Broadway theater tonight, it was announced today by Manager George King.

The studio preview will be screened promptly at 8:30 p. m. King said, and will be shown but once. The special preview is from the famous Metro-Goldwyn-Mayer studio, it was announced, and was said to be one of the bigger pictures of the year.

Although the title of the film, as well as the names of the motion picture stars taking part in the production, was veiled with secrecy, local theater officials understood that the preview is above the ordinary. Seats at the Broadway theater have been reserved for members of the cast and officials of the M-G-M studio.

## 'King' Goodman and Agony-Pipe Tonight!

By TOM E. DANSON

"King" Benny Goodman, chief ride-man of the agony-pipe, will shave off the beard for Bea Lillie, when the duo go free-wheeling on a jammerette for a jammerette that will even send the long-hairs out of this world, tonight at 7 p. m. over the KNX-CBS network.

"Gators and cats will rock to the jive of the quartet, Benny on the black-stick, the voodoo bellers, Teddy Wilson later in the noth-bow and Lionel Krupa smear-in' and beatin' out on the wood-pipe. Martha Tilton, "Sweetheart of Swing," will get in the groove with five jam-anthems and the boys will sock the killer-diller with a mess of barrelhouse.

Tom E. Danson

## THE ADVENTURES OF PATSY

## "USED CARS"

Strictly speaking, every car on the highway is a used car... it becomes a used car the moment it rolls out of the salesroom into active service. And, as a matter of fact, many of the cars offered by Santa Ana's dependable dealers as "USED CARS" are little more than "Broken In"... Good for added thousands of miles of safe, comfortable, economical motoring.

Go out today, or at your first opportunity, and see the offerings of the dependable dealers whose "Best Bargains" are listed from day to day in the Classified Columns of The Evening Journal.

You can depend on the USED CARS advertised by the RELIABLE DEALERS whose listings appear daily in The Evening Journal.

TO PLACE YOUR AD... PHONE 3600

## Santa Ana Journal

Published daily except Sunday by John P. Scripps Newspapers at 112 East Fifth Street, Santa Ana, Calif. Braden Finch, editor; E. F. Elstrom, business manager. Telephone 3600 for news, circulation and advertising departments.

Subscription rates: By mail, payable in advance, \$7.00 per year, \$3.50 for six months, \$1.75 for three months, or 65c a month. By carrier, 65c a month or if paid in advance, same rates as mail. From newsboys and news stands, 3c a copy. Entered as second-class matter May 1, 1935, at the postoffice of Santa Ana, California, under the Act of March 3, 1879.

### Paying Their Own Way

This is National Boy Scout week. In order to get a different kind of editorial we called upon a different kind of Scoutmaster who runs a different kind of troop.

The Scoutmaster is Franklin P. Nickey, tall, sandy-haired, shrewd area salesman for the Standard Oil company, who has two boys of his own just under Scout age. Mr. Nickey is different because of his unusual methods of handling Scouts which have earned for him an honorary membership in the Santa Ana Rotary club, which sponsors his troop, No. 24.

His troop is different because it owns a truck bought with money which the boys themselves earned.

"It's simple," explained Mr. Nickey when we asked him how. "All you need are activities to keep up the interest of the boys."

Last year's activities of this troop included making \$900 profit on the sale of fireworks. This money was used to buy the truck. There is still a balance due of \$330, but the boys expect to make this next Fourth of July.

"We'll make it unless the merchants squawk and stop us from selling fireworks in the city," Mr. Nickey declares with conviction.

Other merchandise handled by Troop 24 includes Christmas trees and firewood, and the truck is used to do the hauling.

This summer Nickey and 15 Life Scouts plan to take a two-week tour to San Francisco, Oregon, Crater Lake, Lake Tahoe and Yosemite park. Except for the eatables and pocket money, expenses will be paid from the troop treasury. Twenty-two of the boys have just returned from a week-end at Ensenada, one of several trips that have been taken.

The troop has also bought the 14 pup tents it uses on camping trips with earned money.

When the pink slip on the truck finally is obtained, Scoutmaster Nickey says that he and the boys have their hearts set on a movie camera.

The conversation with Mr. Nickey left us thinking that Scouting is a great thing for men and boys, too, and that the incidental training in finance and hard work in Troop 24 is something to be admired and wondered at.

High school teacher is accused of rapping student over head with hammer. Darn those Rugg textbooks.

### Nix on State Constabulary

An increasingly large amount of the public's time is being wasted these days by those noisy groups who want a state constabulary in California.

Almost every reason has been advanced for it, except that it offers some Hollywood garment designer a lovely chance to create something new and dashing in a uniform and make a name for himself. And we aren't sure that this reason isn't fully as good as any of the rest.

The whole thing was summed up clearly, as we see it, by a volunteer speaker on an open forum radio program last Sunday night over a Los Angeles station.

After Speaker Jones of the state assembly and a couple of other big wigs scheduled to lead the discussion had failed to clear the mist, the announcer called for comments from the studio audience. A gentleman, who said he was a lawyer, stepped up to the microphone and made a very convincing talk along this line:

"There are two kinds of police work. One is to prevent breaches of peace. The other to detect criminals. We seem to have ample of both kinds in our police departments and sheriff's office. If they all function like they should, there is no need for a new state police force."

The matter, we feel sure, was never put more clearly. If the police and sheriff's department do their jobs properly, there's no need for a state constabulary.

The horse that paid \$673 for \$2 was more than just a horse; it was a bank account.

### Another Jaysee Heard From

The go-getters of the coastline are out after a junior college for their district. If they get it, the aspiring young beach town high school graduate will have his choice of going tax-free in California to only two state universities, 7 state colleges and 59 other junior colleges, not counting those at Santa Ana and Fullerton.

This matter of increasing the facilities of higher education must be decided upon by the state board of education before anything definite can be done. Those gentlemen make a survey, and if the need is found to be great enough, presumably turn on a green signal.

Considerable enthusiasm is expected to be whipped up over the idea at the meeting of the Coast association in Huntington Beach Feb. 15.

The proposal involves spending some real money, however, and these financial ties may make it seem advisable for the whole south end of the county (including the county seat) to combine on a major project, rather than attempting to undertake operation of two separate jaysees so close together.

It will be SCHON with us when radio bands weary of playing "Bie Mir Dist Tu Schon."

### Two U. S. Ships for One

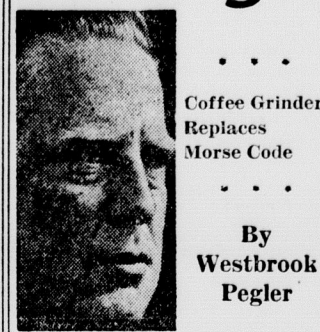

Someone, we suspect it might have been Admiral Leahy, was quoted recently as saying that the United States should have a navy twice as big as Japan's.

"If our navy is twice as big as theirs, they'll never start a fight; but if they do, we can easily lick them," the interview said in effect.

Those sentiments are ours by adoption, no matter where they came from. Everybody knows that a bully never picks on a prize fighter.

They show a deeper understanding of human nature than Dale Carnegie ever wrote of; and, if put into practice by the United States, we dare say the national defense policy involved would be even more successful than any of Mr. Carnegie's amazing success stories.

## FAIR Enough

Coffee Grinder Replaces Morse Code

By Westbrook Pegler

CHICAGO.—The Morse telegraph operators are a noble but vanishing breed done out of their jobs by the coffee grinders which can push copy along at an average rate of 45 or 50 words a minute.

The coffee grinder falters at nothing, whereas Morse men dropped their average through necessary pauses for unusual words or combination of figures requiring special care.

Not many years ago the only mechanical telegraph device in the United Press office in Chicago was the ticker, a nervous contrivance of ruzzing gears and rubber letters and numerals enclosed under an inverted gold fish bowl, which supplied the stock quotations and, along in the afternoon, the baseball scores. It also delivered a great deal of pi, for the tape was constantly jumping the sprockets and choking the machinery.

The wheels containing the rubber letters and numerals would ink themselves against a pad on the recoil and jerk against the tape in an ill-tempered manner, the print often was illegible. It was an evil gadget in its smudgy black heat, and it sired the suave, cold-blooded teletypes of the present day which have driven the Morse men to make-do jobs or to poverty all but extinguished a trade which, at its best, was something of an art and mystery.

#### THE MORSE MEN

The Morse men sitting around the outside of the rim, jiggling their bugs on the west wire or catching the report off the east, were oblivious of the fish bowl and unaware of any omen in its waspish buzz and rasp. They sent on the west and received from the east because news, like the light of day and the darkness of night, travels from east to west. An eastern murder, for example, has more prestige than a killing of equal parts occurring to the west of it.

Today, in the office of the U. P., there are only three Morse men left and only one working a wire. He is the postal man. The other two are Roosevelt Johnson, the chief operator and former president of the union, whose job is executive and technical, and Tom Curran, in the business end.

Mr. Johnson was one of the aristocrats of a proud craft who worked on the rim in the days when the fish bowl was buzzing its threat in the corner and spitting its tape into a tall wire basket. Mr. Curran at that time was a Western Union messenger in Lincoln, Neb., learning to tap out simple words and phrases, as stiff as lineoleum cuts and day dreaming of a day when he would be qualified to hang up his coat and do a trick in any shop in the country. The young ones were fascinated by a trade whose members possessed a means of communication which other people could not penetrate.

#### PENCIL TAPS

Morse men could sit at a table and converse in pencil taps, should there ever be reason to, or read the orders for 97 in the railway station.

Mr. Curran was picked green in 1917 when many of the grown men, including Mr. Johnson, who had soldiered in '98, fished into the signal corps and away. Although still a novice he was thrown into a job as a fully qualified Morse man in Charles City, Iowa, a busy wire because the Hart-Parr Tractor Co. was beating plowshares into swords for the government. He faltered badly, and one day the man who was sending from St. Paul broke into an army blurt of those vivid consonant groups with which Morse men can insult one another over long distances.

"You are no gentleman," Mr. Curran replied.

"Oh, you are a lady?" the man in St. Paul asked.

"Excuse me, I will go slowly and carefully."

The gentleman in St. Paul—for he was indeed a gentleman—thereafter sent only nice round dots and nice long dashes, and Mr. Curran has really learned telegraphy.

He refused to answer Chicago or Sioux City, forcing them to route their stuff through the gentleman in St. Paul.

ROMANCE  
The gentleman asked the lady's name and was told that it was Miss Dorcas Wing. He wrote and Miss Wing wrote back. He asked for her picture and Dorcas, however, ceased to write and failed to answer from a photographer's files.

Eventually the gentleman in St. Paul wrote that he had been drafted and was on his way to camp. Dorcas, however, ceased to write and failed to answer even his lonely letters from France signed "Your Soldier Boy."

Mr. Curran hopes that the gentleman in St. Paul came back and thanks him for his patient teaching in telegraphy and hopes that he will forgive all. He was really up against it.

### EVERYDAY MOVIES

#### TOURISTS IN MEXICO

"Why, my goodness, it's almost like being in a foreign country."

### Twenty-Five Years Ago

FEB. 8, 1913

CHARLESTON, W. Va.—Governor Glasscock today ordered six companies of national guard troops under arms to quell disorder among armed coal miners on strike at Camp Mucklow.

WASHINGTON.—Preparations for rushing five United States men of war to both coasts of Central America to meet an expected emergency there went forward rapidly today. Rumors of revolutionary plots in several of the smaller Central American countries caused the apprehension among state and navy department officials here.

WASHINGTON.—The senate Monday will decide the fate of the Sheppard-Kynon bill which prohibits shipment of liquor into states where prohibition laws are in effect.

LOS ANGELES.—Sliding 60 feet down a rope made of electric wire stolen from the jail, Amelia Gonzales, a girl prisoner serving 90 days for assault on a policeman, escaped from the roof of the municipal building today.

### Journalaffs

By ART SHANNON

Howdy, folks! This is February the first, and tomorrow is February the second. This is the only colyum in the country that dares print these sensational facts!

Women are braver than men. Did you ever hear of a man trying on 24 hats, and then telling the clerk he was just shopping around?

YOU TELL ONE  
Ivory Ida—I saw the funniest picture last night.  
L'il Gee Gee—Oh, have you a family album?

Then there were the two radio singers from the same town who got together and compared notes.

BIT OF VERSE  
"The rest of you guys," the old soak said,  
"Can hang on this lamp-post all night."

"But I'm gonna hunt me a chair instead—  
And then I'm just gonna sit tight."

### Bright Moments

Shortly after Abraham Lincoln had been admitted to the bar, he drove several miles over a muddy road to hear a case tried in the eighth judicial district of Illinois.

In the absence of a courthouse, the trial was held in a schoolhouse. The judge was an elderly man, much bothered with gout, and the hard wooden chair in which he sat gave him little comfort as an uninteresting case dragged through the afternoon. Finally, when the lawyers had finished, the judge arose and said: "Gentlemen of the jury, you have heard the evidence. If you believe what the counsel for the plaintiff told you, you'll bring the verdict for the plaintiff; but, if on the other hand, you believe the counsel for the defense, you'll give the verdict for the defendant. But, if you are like me, and don't believe either one of them, then I'll be hanged if I know what you will do."

### The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

N. Y. Stock exchange seeking "czar" to police markets with SEC backing; O. Max Gardner heads list; Hutchins, Wood, Gen. Johnson possibilities; Max West episode had repercussions when NEC failed to get new channel; Chaotic "little man" parley contracts with orderly farmer delegations.

WASHINGTON.—Leaders of the New York Stock exchange have been conferring privately with the administration regarding the selection of a new head of the exchange who would do for stock trading what Judge Kenesaw Mountain Landis has done for baseball.

Heading the list of men under consideration is O. Max Gardner, former governor of North Carolina and member of the Democratic national committee.

Stock exchange members are looking for a man who has the confidence not only of the White House but of the country. Their present plan for reorganization is the most important thing that has happened in the financial world in years. It is what the Securities and Exchange commission has been urging for a long time—namely, a self-policing of the stock exchange.

In other words, the exchange itself would seek to cut out rookery of customers and establish confidence in its own dealings. The plan would make the New York exchange much more of a national institution.

#### WALL STREET CZAR

So far, Max Gardner comes closest to filling the qualifications for czar of Wall Street. He had a liberal record as governor of North Carolina, is one of the now dwindling "Roosevelt Chicago" boosters for Roosevelt who still is called into the White House. At the same time he understands the problems of the Stock exchange.

Other embryo czars being considered are Robert Hutchins, president of the University of Chicago, who is favored by his old associate at Yale, SEC Chairman Douglas; also General Robert E. Wood, head of Sears, Roebuck; General Frank Hines, head of the Veterans' bureau, and last but not least General Hugh (Ironpans) Johnson.

The job will pay between \$75,000 and \$100,000.

#### MAE WEST SPANKING

Mae West and her naughty broadcast still hover over the federal communications commission. The commissioners said nothing about it publicly, but one reason for their refusal to give National Broadcasting company a South American radio channel was to penalize it for the Mae West broadcast.

Two channels were given General Electric, which is new in the broadcasting business, two also were given World Wide Broadcasting of Boston, a relatively small concern, and one channel remained in the hands of Columbia.

But after the application of NEC was written in capital letters: "Hereby denied."

Note—Award of the South American channels is to help combat the Nazi-Fascist influence spreading through Latin-American countries by daily German and Italian broadcasts.

#### LITTLE MEN, WHAT NOW?

At least 50 of the little business men who flocked to Washington last week took credit for giving Roosevelt the idea for calling the

conference. They had written to him, they said, and the President obviously had followed their advice.

Whoever actually was responsible for the conference, however, pulled a boner. The meeting was the most futile and disorderly stampede Washington has seen since the ill-fated bonus army besieged Hoover in 1932. Before the first day was over many delegates were wondering why they had spent good cash to participate in a mad-house.

The whole thing was a sad commentary upon (1) the lack of coordination between the department of commerce and business, (2) the lack of coordination between business men themselves.

Several times the department of agriculture has brought several thousand farmers to Washington. They have been well ordered, carefully organized and extremely effective—due entirely to the close contact between Henry Wallace's department and the farm organizations.

#### BALLYHOO ARTISTS

In contrast, Dan Roper's Little men conference was chiefly a platform for a few ballyhoo artists to grab all the limelight. The plausible gents from the business men's associations were right on the job to show that they were earning their salaries, and a group representing the more prosperous owners of larger companies were very busy reflecting the same attitude as big business.

Such a show illustrated the difficulty of getting business together, and would have been ridiculous had it not been for the pathetic attitude of the bonafide "little fellows"—men with one or two employees, shabbily clothed, diffident, unused to talking in public, vainly seeking some solution to a problem too big for them.

Most efficient group at the Little Men's conference was that interested in automobile installment-buying. Its members reported that half a million more new cars were produced in '36 and '37 than buying terms were as easy people bought more new cars in preference to old. Thus the used car market became glutted. . . . High-pressure tactics, they reported, had loaded the lowest income groups with debts they could not pay. . . . "Ma" Perkins frequently was attacked for coddling the unions. . . . Social security, as a rule, was favored. The wage-hour bill was not. . . . Their biggest need, according to the Little Men, was easier credit.

(Copyright, 1938)

#### SMALL THINGS

Camillo Benso di Cavour, the great Italian statesman, was one day playing whist with M. de la Rive. Cavour was winning steadily, and de la Rive was complaining about his ill luck. "My friend," said the Italian, "the fact is you have not enough respect for the small cards. In this world it is the small things that count."

#### REMEMBER, FATHER?

"That young man stays to an unearthly hour every night, Gladys," said an irate father to his youngest daughter. "What does your mother say about it?" "Well, dad," Gladys replied, as she turned to go upstairs, "she says that men haven't changed a bit."—Pasadena Post.

### The Mailbag

Public opinion, or what somebody in office imagines to be public opinion, is our ruler. If public opinion is active, the politicians and people sit up and take notice. There is a definite need for outspoken talking and thinking on public matters. Honest, intelligent fair discussion of our problems is immensely useful. So that every citizen may have his say and contribute to the formation of public opinion, The Journal invites letters to The Mailbag.

#### JESUS AND HIS FATHER

To The Editor: Colbeck, in his last article, calls the sacrifice of our Lord Jesus (ought about) "a bloody mess." As to my scripture proofs that I cited, He says: "It (the Bible) contains falsehoods! Proof texts are futile." Why then did he quote the words of Jesus, and then insult Jesus by calling Him "a bloody mess," as a pagan god, with an insane rage?"

Again he writes: "We disassociate the philosophy of Jesus from His Father, and His Father's word? To a hypocritical Pharisee, the answer is: 'Why callst thou me good? there is but one that is good, and that is God.' Matt 19:17."

Colbeck is making a mighty effort to prove by the words of Jesus, that The Old Bible is nothing more than a Jewish Tradition. That the entire Bible is false! And he juggles with the words of Jesus, to accomplish his purpose!

Colbeck may deceive a Religionist, but he cannot deceive a Christian. Speaking of the Bible in which we live, it is written: "If it were possible, they should deceive the very elect." Colbeck does not believe in Jesus anymore than he believes in His Father! Now, we quote some of the words of Jesus, "And this is Eternal Life, that they might know thee, the only true God, and Jesus Christ, whom thou hast sent." "Sanctify them through thy truth: Thy word is truth, as thou hast sent me into the world, even so have I sent them into the world." John 17:3-17. Let Colbeck, and all his bedfellows, forever cease to quote the words of Jesus! Let them come out into the open, that all men can see just what they are, and where they stand!

There is not a book, or writer of that Old Bible, that Jesus and His disciples didn't quote from, and thus they testified to its truthfulness: The Old Testament, and the New Testament, are in perfect accord as to history of the human race: Both the old and New Testament, and the Bible have been misrepresented, and lied about. "The scarecrow of a great hell of eternal torment" has been a nightmare to the world of centuries! And behind all this, has been the devil himself! For 1500 years "he" denied the Bible, tried to destroy the Bible, together with those who believed and taught its sacred writings! Today we have the Bible by the millions! And it will be here long after all of its enemies are gone and forgotten.

WILLIAM J. HEATH,  
1065 W. Second St., Santa Ana

#### STREAMLINED CONSTITUTION

To The Editor: We whittle at the budget with one hand and with the other dump subsidies on banks, railroads, shipping, newspapers, state treasuries and everything else that is big enough to roar over its distress due to its own mismanagement and for its right to glue its mouth to the treasury under.

We have the mass of agriculturalists, hopeless competitors, through lack of improved farm machinery, and fated to become chronic beggars at Washington.

Uncertainty as to tenure of job gives the white collar workers nightmare and the merchants and manufacturers know not what tomorrow's demand for change in stocks, process and legal requirements may be. Indeed, as to almost all human affairs, stability has been kidnapped and risk, change, uncertainty, doubt, left on practically everybody's doorstep.

Such a condition is a very few of America's ailments. The cure lies in a new United States Constitution, a constitution preserving the vital virtues of the present one, but one to fit the needs and psychology of the present time. Such a constitution is most important of all, to mightily curtail the high cost of government.

#### WANTS DEFINITION

To The Editor: I wish some knowing person would define (from a gambling standpoint) between pinball machines, horse racing, craps shooting, lotteries and number rackets and state reasons why to engage in one is legal and the others tantamount to a sojourn in the bank for a long time.

#### JOHN W. LEIMBACH.

I adore scrubbing floors. . . there's something wonderfully soothing about scrubbing. A gentle peace steals over me. It must be the suds. Cornelia Otis Skinner, prominent actress.

#### I'll Tell You

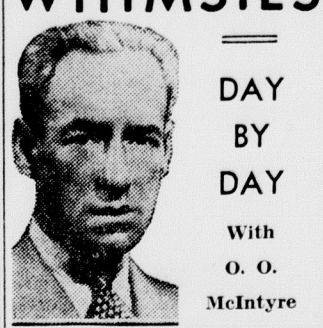

By BOB BURNS

I don't believe any class of people have changed so much as the traveling salesmen. Today he is a high class business expert and not only sells the merchants but he shows them how to have but he also aids in giving sound merchandising ideas.

Not long ago a journeyman opened up a store here in Hollywood and ordered five wedding rings.

The salesman says, "Well now, you'll have 'ta have 150 engagement rings to work off these five wedding rings." (Copyright, 1938)

### WHIMSIES

DAY  
BY  
DAY  
With  
O. O.  
McIntyre

NEW YORK.—That dusky Harlem gal Josephine Baker is again the amazing dancing sensation of Paris, following her marriage to a rich white Parisian. Many thought her popularity might suffer with the reports of her terrific flop at the Winter Garden here a year ago.

She danced off in almost dead silence. But Paris hailed her with more fervor than ever. Reactions abroad are often puzzling. Over in Moscow the colored singer Paul Robeson is so idolized in his concert and dramatic roles that he is likely to remain permanently.

Bette Davis is probably the favorite female movie star in Europe. While China is something of a favorite everywhere his most enthusiastic receptions are in Japan. Before the revolution in Spain, the elder Fairbanks was far and away the biggest box office draw among the dons.

In London they still have a warm spot for Tallulah Bankhead, and for almost ten years shouting Sophia Tucker has been one of the most popular night club warblers. They also like Belle Baker. And strutting Harry Richman can open almost anywhere at any time.

The talk of hotelism has been the come-back of the venerable Hotel Astor under guidance of the one-armed Bob Christenbury. When he was appointed to his post four years ago, the Broadway debacle had set in and the entire street, as well as the famous inn, was in the depths of a physical, financial and social depression. Christenbury had a colorful career as a marine. In the front line trenches one day an enemy hand grenade fell at his feet. He picked it up and threw his right hand out of the trench with the grenade, thereby saving 11 lives and his own. As a first step in jousting the Astor out of its rut, he had a million spent on improvements. He operates on a revision of the old saw of the hotel world. In his book, it reads: "The customer is not always right but the right customer is never wrong."

Donald Ogden Stewart and Bob Benchley, long time friends, are reputed the drollest comedians extant when teamed at private parties. So often were they jockeyed into free entertainment that someone tells me—and it's likely exaggeration—they will no longer attend functions together. However, the gift of comedy eventually hangs heavily on its practitioners. Wherever they go they are expected to keep everybody in stitches. It has driven a number into isolation. Comedians generous with their comedy, such as Frisco and Jack Osterman, so often face long stretches of at liberty. Mayor Twain in later years said: "People should pay for a good laugh the same as for a good painting. Each is a phase of art."

Hope Williams has been seen at some of the auspicious opening of the winter after a season or so of semi-retirement. A few years ago she somehow changed the fancy of playgoers with her jolting walk, metallic, and draggy voice—plus an acid cynicism she mastered rather expertly. Every young boarding school girl so tried to achieve the same lope and vicious speech that it got to be a headache. Oh, yes, Miss Williams was three-shotted as of social prominence, and that often helps in the New York build-up.

Speaking of acting, some photographers were around today to get poses of the Boston for a magazine. He didn't care much for it at first and barked his head off when the bulb flashed. But finally he seemed to get the idea and was posing all over the place, staying put wherever posed. There is a streak of "ham" in most dogs. Alf Loyal's famous stage poaches worked far better when the audience was friendly and they never tired of coming back for bows. Paul Seydell's Spotty—the ace of performers—trembles like a leaf upon receiving an unusual burst of applause, and tugs to get back and do his stunt over again.

Disillusion: The white-haired secretarial lady next table at Schraff's last evening finished her meal with a float of brandy in coffee and a cigarette. And then gazed out in one of those unseeing ponders. Grave problems at the office and all that! But in a little while she glanced about furtively and from a handbag took out a tabloid and spread it at a certain comic strip.

#### Judge Stump

Dear Judge: Was there ever a parent who'd blame his little Willy instead of the teacher for the bum grades the kid got? L. F. C. Nope, it's always the thing to blame the teacher. For instance, Zeke Sniffenwinder of Sorghum, S. C., blamed the teacher both times that his little Rufe was in the first grade. Then he took little Rufe out of school. He said he was dead against a third term. STUMP.

HOW ABOUT A LITTLE SNACK, HONEY? MAYBE THAT WILL PERK YOU UP!

OKAY, ANNIBELLE... I'M GOAMMINE... WE'VE BEEN ON TOMORROW'S DERMATOLOGY EXAM AND I STILL DON'T HAVE IT!

CHUCKY, TOLD ME THERE WOULD BE SEVERAL QUESTIONS ON SKIN GRAFTING. SUPPOSE YOU'LL BE ASKED TO GRAFT ANNIBELLE'S ON THAT, ANNIBELLE!

ILL TRY, HONEY... I WANT TO KNOW!

WE'LL FIRST... IS IT A NEW DISCOVERY?

OH NO! IT'S A BRANCH OF ART—VERY OLD ART!

ALL GRAFTING IS A SKIN GAME!

IM OFF OF WOMEN FROM NOW ON... YOU IS EXTENSE! LAST CHRISTMAS I HAD TO BUY FLOESY A PRESENT!

NEW YEARS I HAD TAKE HER TO A MOVIE!

NEXT THING I KNOW IT'S VALENTINES DAY... SO NOT HAPPENING? I GOTTA BUY HER CANDY!

HER BIRTHDAY COMES NEXT AN I'VE GOT TO PRESENT IT! IT'S 25 CENTS, AT LEAST! I FINALLY BOOKE UP WITH ANOTHER PRESENT! TOO EXPENSIVE!

WHERE DO THEY GET THIS STUFF ABOUT IT'S THE WOMAN WHO PAYS?... DID YOU EVER MAKE A GAME? DO YOU EVER HAVE ONE BUY YOU CANDY?

THEY'RE ALL A BUNCH OF CHISELERS! IM TELLIN' YA, HERK. I WOULDN'T HAVE ANOTHER DATE WITH THE BEST-LOOKIN' GUY IN THE CITY IF HE'D HELP ME!

OH, OH!

SCUSE ME, HERK... I JIS HAPPENED I REMEMBER I WAS SUPPOSED TO RUN AROUND WITH MY MOTHER... SEE YA LATER!

HER BIRTHDAY COMES NEXT AN I'VE GOT TO PRESENT IT! IT'S 25 CENTS, AT LEAST! I FINALLY BOOKE UP WITH ANOTHER PRESENT! TOO EXPENSIVE!

Special Nurse  
by RAY THOMPSON  
and CHARLES COLL

AS MARGIE, JACK AND LEW WEN LEAVE THE GREEN RAY ROOM WITH THE ANTIDOTE, THEY ARE CONFRONTED BY LING SIN AND DR. WU WHO HAVE A THOUGHT, WAVE A RECEIVER, THEIR INTENTIONS OF ESCAPING

I WARN YOU NOT TO ATTEMPT ANY VIOLENCE - MY MEN ARE EVERYWHERE... BESIDES, ESCAPE IS IMPOSSIBLE!

THAT'S WHAT YOU THINK, LADY!

AS JACK LEAPS AT DR. WU HE IS SURPRISED BY THE MAN'S CLINNING AND STRENGTH. OH A JITSU ARTIST, EH?

I'VE LEARNED A BIT ABOUT THAT FROM LEW WEN MYSELF...

MEANWHILE, LING SIN ATTEMPTS TO WREST THE ANTIDOTE FROM MARGIE'S ARMS - YOU SHALL DIE FOR THIS!

BUT MARGIE TEARS HERSELF FREE AND DASHES DOWN THE CORRIDOR, TOWARD THE EMERGENCY TUBE EXIT

HURRY JACK - LEW! THIS WAY! STOP HERE!

WALK... DON'T RUN... TO THE NEAREST EXIT - PLEASE FORGIVE ME, MISS LING!

HEAVENS, JACK! MEN ARE COMING FROM EVERY DIRECTION NOW!

QUICK! TO THE EXIT CORRIDOR - THEN WE SHUT BIG PRESSURE GATE!

IN ANOTHER SECOND IT'S A GRAM BATTLE OF LIFE AND DEATH AS, WITH FLAILING FISTS, JACK AND LEW BATTLE THEIR WAY TO THE EMERGENCY EXIT CORRIDOR...

FINALLY THEY REACH A POINT NEAR THE EXIT WHERE LEW THROWS A SWITCH TO LOWER A HEAVY PRESSURE-PROOF GATE BETWEEN THE TRIO AND THEIR PURSUERS

GOSH, LEW! IT WAS A GOOD THING YOU KNEW ABOUT THAT SWITCH! WHAT DO WE DO NOW?

STILL PLENTY DANGER! GOING THRU TUBE TO SURFACE MILE ABOVE NO PICNIC! HOW CAN WE DO IT, LEW?

NEXT WEEK: ESCAPE !!!

## Boots

# THE NUTHATCH

IS REPRESENTED THROUGHOUT MOST OF THE UNITED STATES BY ONE OR ANOTHER OF ITS SEVERAL SPECIES. THE NAME COMES FROM THE HABIT OF WEDGING NUTS IN CREVICES AND HAMMERING THEM OPEN WITH THE SHARP BILL.

THE BIRD SEEMS TO DEFEY THE LAWS OF GRAVITY, AND RUNS NIMBLY UP AND DOWN THE LIMBS OF TREES, OFTEN HEAD DOWNWARD.

FROM DAYLIGHT TO DARK, THE NUTHATCH SQUATS THE WOODS, IN SEARCH OF FOOD. INSECTS MAKE UP ABOUT FIFTY PER CENT OF ITS MEAL.

THE NEST IS MADE IN A DEAD STUMP, OR TREE, OR IN THE DEERED HOLES OF WOOD-PECKERS.

SOMETIMES THE BIRD IS CONFUSED WITH WOODPECKERS, BUT CLOSER OBSERVATION REVEALS MARKED DIFFERENCES. WOODPECKERS ALWAYS USE THEIR TAILS AS PROPS, AS SHOWN HERE. NUTHATCHES DO NOT.

WHEN WINTER COMES, NUTHATCHES ENJOY GRAIN AND SLEET PLACED OUTSIDE AT THEIR DISPOSAL. THEIR FEEDING GYMNASTICS IN A TREE JUST OUTSIDE A WINDOW WILL REWARD ONES EFFORTS AMPLY.
